Publishers Note

This volume of Sarvarth Chintamani has been sadly over delayed due to the sudden demise of its renowned author Sh. J.N. Bhasin. In his absence the Publishers had to over come many difficulties, which, if he had been with us could have been sorted out without any effort two years ago. The manual proofs of over hundred pages had to be discarded as they distorted the image, the learned author wanted to present. A search of the original text in sanskrit had to be made; with help of Shri S.S. Sareen, but for whom the present form and shape could have not been possible. He has not only edited the original manuscript but revised and set them in order so that a presentable shape to such a rare and ancient text could be provided with English rendering, a long felt need of our readers.

The publisher experesses his heart felt gratitude to Shri S.S. Sareen, Shri Girish Chand Sharma & Shri Vivek Seth to make the book what it is now before you.

INTRODUCTORY NOTE

(1) "Sarvarth Chintamani" is one of the top astrological works. From the point of view of practical utility it offers very valuable comments on the subjects relating to each of the 12 houses of a birth chart. It has the unique distinction of following a procedure where by the main subject or objects pertaining to a house are first of all stated in the very beginning of the chapter relating to that house and then each of those subjects is dealt with in a suitable astrological way on the basis of the house concerned, its lord and its signifier and the results—good and bad—declared.

(2) For example in the first shloka of chapter 3 dealing with the affairs of the 2nd house of the horoscope the author—Shri Venktesh Sharma has given family, dependents, mouth, speech, right eye, accumulated wealth, education, eating, servants & friend as the affairs covered by the 2nd house. He then deals with each of these affairs in detail. For example: He states that if a natural benefic Planet occupies the 2nd house, and the lord of the 2nd is also a natural benefic Planet and the signifier—the Sun—is under good influence the man has broad eyes with good sight. Similar treatment is accorded to other affairs.

(3) On certain important points which required special mention we have inserted our notes bringing out the value of that specific point, with apt illustrations from actual life. It is hoped these notes and illustrations will go a long way in bringing out the true import of the shlokas.

(4) The aspects of Rahu and Ketu are conspicuous in this book by their absence. But we have added suitable notes to fill in the omission in this respect.

(5) It is our conviction that a birth chart having correct longitudes according to correct ayanamsa would give correct balance of dasa. Divination carried out on the basis of such a dasa with due regard to the aspects of the nodes and to the functioning of the planets as dispositors, would give correct results when applied to the house involved, the lord of that house & its signifier.

(6) In regard to the use of correct ayanamsa we would recommend on the basis of our experience that the value of the Shri Lahiri's ayanamsa as applicable to a particular date should be

reduced by 1 degree and 7 minutes and the longitude of Moon then arrived at should be used to ascertain the balance of dasa. In the alternative the longitude of Moon according to Shri Lahiri should be increased by 1 degree & 7 minutes & the balance of dasa arrived.

Shri Venket Sharma, the author, offers the following opening prayer (mangalacharanam):

"After bowing repeatedly to Lord Venketeshwar, who has his abode on the side of the mountain called "Sheshadri" and to the most respectable Guru of mine whose grace has made me Pandit Vyankat sharma, I offer the book "Sarvarth Chintamani" as a ship to cross the Great ocean of Astrology by the people learned in the art of astrological divination. (1)

Whatever principles have been enunciated in the Natal Astrology, are equally applicable to the "Horary" Astrology. There is no difference between the two (Horary relates to chart of the heaven prepared for the moment of query). (5)

The lords of the 12 signs Aries to Pisces are Mars, Venus, Mercury, Moon, Sun, Mercury, Venus, Mars, Jupiter, Saturn, Saturn and Jupiter respectively. The lord of a navamsa is the same as that of the sign as stated above. (6)

TRANSLATOR'S NOTE

The idea underlying the lordship of the plantets over the signs is to state the fact that the various signs always act like the planets having lordship over them. For details regarding Navamsha. (See Shloka 11.)

मेषादिमूर्धा वदनं गलाधोहत्कुक्षिवासोभृतबस्तिगुहम् ॥
ततोरुजानुद्वयजंघमंग्री पापान्वितं यत्तदुपैति नाशम् ॥ ७ ॥

Aries represents head, Taurus face, Gemini breast, Cancer heart, Leo belly, Virgo waist, Libra private parts, Scorpio rectum, Sagittarius hips, Capricorn knees, Aquarius legs and Pisces feet. The sign that is afflicted by the association etc of malefic Planets denotes trouble in the limb it represents. (7)

TRANSLATOR'S NOTE

The shloka is useful in the diagnosis of diseases of the limbs of the body. The particular limb represented by the sign, of course suffers as a result of affliction of the association or aspect on it of malefic planets. But the results would be more palpable if the lord of the sign also is afflicted. If, in addition, the house representing the limb is afflicted, the disease or injury would be more severe. If all the four factors representing a limb namely the sign, its lord, the house corresponding in number to the sign and the lord of that house are afflicted the trouble would be the severe most. The nature of trouble in the limb and its severity also depend on the severity of the affliction i.e. on the number and strength of the afflicting planets and their nature. For example, if the 5th sign and its lord, the 5th house and its lord are influenced by Rahu and the

lord of the sign occupied by Rahu it would be a case of heart attack. If by Saturn and by the lord of the sign occupied by Saturn it would be a case of dyspepsia, indigestion etc. If by Mars and Ketu or by the lords of the signs occupied by Mars and Ketu, it would be a case for operation of or injury to the belly. In regard to intensity it may be added that if for example, the 12th house, lord of the 12th house sign number 12 and its lord Jupiter are all afflicted by both Mars & Ketu or by Mars as lord of the sign occupied by Ketu or by both, the feet may have to be amputated.

The sign Pisces is symbolised by two fish with the tail of one on the mouth of the other, Sagittarius by a man with the lower portion as of a horse and with bow in the hand, Gemini by a pair of man and woman, holding mace and the musical instrument-veena, Virgo by a girl in a boat, holding a fire pot in one hand and grains in the other, Libra by a man with balance in the hand, Aquarius by a man carrying on his shoulder a water pot. The traits of the rest of the signs are as denoted by their names i.e. Aries by lamb, Taurus by an ox, Cancer by crab, the sea creature of that name, Scorpio by Scorpion. (8-9)

राशि त्रिधाकृत्य दृकाणमाहुस्तदीशपुत्रेश शुभाधिनाथः ॥
 युजीन्दुसूख्यौ भवने रवीन्दू नाथौ त्वयुग्मे भवनस्य चादै ॥ १० ॥

A decante (Drikaan) consists of one third part of a sign. The first decante i.e. from degrees 1 to 10 has the same planet as its lord as the lord of the sign whose 1st decante it is. The 2nd decante from degrees 11 to 20 is owned by the planet who is lord of the sign 5th to the sign under consideration. The 3rd decante from 21 to 30 degrees is owned by the planet lord of the sign 9th to that under consideration. In even signs the lord of the first hora i.e. the first 15 degrees is Moon & of the next is the Sun, while in the case of odd signs the hora of the first half of the sign belongs to the Sun & the second half to Moon. (10)

चरंशका नामधिपास्तदंशाद्राशौ स्थिरे तन्नवमेश्वराद्याः ॥
 द्विदेहमेतत्सुतराशिनाथाद्वदंति शास्त्रार्थविदो महांतः ॥ ११ ॥

The first Navamsha sign in the cardinal signs 1, 4, 7, & 10 is the lord of the sign itself i.e. Mars, Moon, Venus & Saturn respectively.

The first Navamsha sign in the fixed signs 2, 5, 8 and 11 are the signs 9th from the sign i.e. 10, 1, 4 and 7 respectively. The first Navamsa sign in signs 3, 6, 9 & 12 are the signs fifth from the sign i.e. 7, 10, 1 & 4 respectively. (The rest follow in the order as stated in shloka-6.) (11)

TRANSLATORS NOTE

Since the order of the Navamsha signs is the same as in the natural order Aries Taurus etc to Pisces there is a very simple way to find out the Navamsha sign. Suppose we desire to find out the 1st Navamsha sign in the sign Gemini. Multiply the number of signs past i.e. 2 by 9. The result gives the signs past i.e. 18 or Virgo (12 plus 6) hence the first sign in Gemini would be the sign next to Virgo i.e. Libra.

Example 2 Find out the sign representing the 4th Navamsha of Sagittarius. Here $8 \times 9 = 72$ plus 4 = 76 divided by 12 leaves 4 i.e. the answer & lord of 4 i.e. Moon is the lord of the 4th Navamsha of Sagittarius.

We give below tables showing the signs falling in the various vargas or divisions of a sign and the lord of the signs so falling.

The 1st 1/12th part of a sign belongs to the sign itself & the other parts come in the order of the signs. As regards the 30th part, in the odd signs the lords of the first 5 degrees is Mars, of the 6th to 12th degrees Saturn, of the 13th to 20th degrees Jupiter, of the 21st to 25th degrees Mercury, of the 26th to 30th Venus. In the even signs the order is reverse i.e. the first 5 degrees belong to Venus, 6th to 10th to Mercury, 11th to 18th to Jupiter, 19th to 25th to Saturn & 26th to 30th to Mars.

In odd signs the lord of the first 1/7th division is the lord of the sign itself & in even signs the lord of the 1st 1/7th division is the lord of the sign 7th to the sign involved. The order of the signs remaining as the natural one. This table has already been given.

In the odd signs the first 1/10th division belongs to the lord of the sign itself and in even signs the 1st 1/10th division belongs to the lord of the sign counted 9th from it. The order of signs is natural one. The lords of these divisions are the 10 dik pals (lords of directions). In the 1/16th division the lords of the divisions are the lords of the signs Aries to Pisces & then Aries to Cancer. In the sign Taurus the signs would be 5 to 12 & then 1 to 8 & so on (See the table). (14, 15)

In the case of the 1/60th division, the 1st and the 2nd division belongs to the sign itself, the 3rd and the 4th division belongs to the next sign⁽²⁾, the 5th & 6th division belongs to the next sign i.e. to Gemini and so on as shown in the table. If a particular division is associated with a benefic Planet, the results given by the Planets are good. (15-20)

Planet with full strength such as by being in exaltation, in positive sign, but located in a malefic 1/60th division gets harmed (21) A planet in its own sign, in kendra, in friendly sign, in positive sign, located in its own sign in the 7 vargas, in a bosom friends sign is called “uttam” (best). (22)

The ancient Acharyas and Maharsis have mentioned ten fold division of the longitudes of planets etc. They have termed the number of vargas or division obtained as “Parijat” etc. Planets which are located in bad houses i.e. 6th, 8th & 12th, in their inimical sign or in their debilitation sign or are eclipsed by the Sun or are otherwise weak by being in ‘Maranavastha’ i.e. in the end of a sign, destroy the good results arising out of the good vargas or divisions got by them through their longitude. (23, 24)

If in the longitude of the planet etc there are two beneficial divisions, it is called “Paarijaat”. If 3, it is called “Uttam”, if 4 “Gopur”, if 5 “Simhaasan”, if 6 “Paaraavat” if 7 “Devlok”, if 8 “Amar”, if 9 “Airaavat”, & if 10 it is called “Vaisheshik”. The results of these are different (see next shloka). (25-27)

In the case of “Airaavat” division one becomes emperor, in “Devlok” one is highly charitable, in “Paaraavat” one is king knowing all sciences & arts, if in “Simhaasan”. One is the object of

praise every where, in "Gopur" one is wealthy & a man of allround knowledge, if in "Uttam" one has all kinds of wealth & if in "Pari-jat" one is fairly rich. If the planet has the division denoting his own sign the native is famous, intelligent, and leads a confortable life. (28-31)

The duration of each of the 12 signs from Aries is two & a half ghati. Thus each sign comes twice in a day of 24 hours. This is called hora lagna. "Pranpad is the sign arrived at by converting the Ishta i.e. time elapsed from the last Sunrise to the moment of birth as the Palas & dividing the palas by 15. The result would be signs and degrees etc. These signs etc added to the longitude of the Sun if located in a movable sign gives the location point of Pranpad. In case the Sun is not located in a movable sign but in a fixed one the movable sign 9th to the one arrived at by taking Sun in a movable sign should be taken & in case the Sun occupies a common sign the sign 5th to it should be taken as containing the Pran Pada. For example supposing Sun has the longitude $9^{\circ} 28' 30''$ & the Ishte is 2 ghatis & 16 palas the 2 ghatis & 16 palas are 136 palas, which divided by 15 gives 9 ayns & 2 degrees, which added to $9^{\circ} 28' 30''$ (A movable sign) gives $19^{\circ} 0' 30'' = 7^{\circ} 0' 30''$ as Pran Pada point (32).

The Sun comes back two & a half Ghatis from Sagittarius. So also is the case with Moon. Mars comes only one ghati in opposite direction. Mercury comes only one ghati in opposite direction. Jupiter is 5 ghatis in opposite direction of Pisces. Venus comes after 2 ghatis from Pisces & Saturn after 1 ghatis. Rahu is 1 ghati in opposite direction from Aries. Ketu comes 7th to Rahu: The results of these positions are laid down in other works. (32-35)

TRANSLATOR'S NOTE

The above shlokas 33 to 35 are not quite clear. Nor is it known as to where there explanation appears.

Planets located in odd signs are (symbolically) given the names, "child" "boy" "youth" "old" & "dead" when occupying the degrees 1 to 6, 7 to 12, 13 to 18, 19 to 24 & 25 to 30 respectively in the occupied sign. If they are located in even signs the names for the 5 states involved are given in the reverse order i.e. "Death", "Old", "Youth", "Boy" & "Child" respectively. Planets in their ruling periods give their results with a strength in keeping with the age specified (35, 37).

Planets located in the 6th, 8th or 12th house lose their influence. So also is the case with the houses whose lords occupy these three houses. The signs Aries, Taurus, Gemini, Cancer, Sagittarius and Capricorn are called "Prishtodaya" signs i.e. Rising with their hind part and are strong in charts with night birth. Signs Leo, Virgo, Libra, Scorpio, Aquarius & Pisces are strong in birth chart for day birth. These are called. "Sheershodaya" signs i.e. those which rise with their front part. But the sign Pisces rises in both ways i.e. with fore as well as hind part. (47-48)

By adding 13 degrees 20 minutes to the longitude of the Sun in the birth chart we get the longitude of the space point called "dhoon". By deducting from 12 signs the longitude of dhoon we get the remainder as the longitude of the space point called "paat" or "vyatipat". By deducting 6 signs from this longitude we get the longitude of the space point called "paridhi" or "parivesh". By deducting parivesh from 12 signs we get remainder as "chaap" or "dhanu" by adding 16 degrees and 40 minutes to Dhanu we get Ketu. By adding 2 signs to Ketu we get again the longitude of the Sun with which we started. (49)

Sun is in its highest exaltation in the 10th degree of Aries, Moon in the 3rd degree of Taurus, Mars in the 28th degree of Capricorn, Mercury in 15th degree of Virgo, Jupiter in 5th degree of Cancer, Venus in the 27th degree of Pisces, Saturn in the 20th degree of Libra.

The mooltrikon or positive sign for the Sun is Leo; for Moon, Taurus; for Mars, Aries; for Mercury, Virgo; for Jupiter, Sagit-

tarius; for Venus. Libra and for Saturn Aquarius. Planets in their positive signs are very strong, only a little less than when in exaltation. (52,53)

TRANSLATOR'S NOTE

A question may be raised as to why a particular Planet gets exalted in a particular sign & degree. So far as we are aware no author has answered this question. We, however, think that this can be explained on the basis of spirituality to which astrology owes allegiance being its main limb. The 10th degree of Aries falls in the asterism Ashvini whose lord is Ketu. Ketu has been declared by astrology as the "Moksha" karka i.e. the signifier for salvation. The Sun is very well known as the "Atma" in the Vedas.

(सूर्यः आत्मा जगतस्तस्थुषश्च)

Thus Sun in the 10th degree of Aries means Atma in Moksha, obviously the highest state that the Atma can aspire to. Thus the exaltation of Sun in the 10th degree of Aries is perfectly in consonance with the spiritual principles. Now, why is Sun exalted in **Aries & not in Leo or Sagittarius**, for if availability of Ketu is the criterion, this asterism is equally available in Leo & Sagittarius. The answer to this part of the question is that Leo and Sagittarius belong to the "Satvik" Sun and Jupiter. The signs of these planets can hardly constitute a testing ground for the exalted Sun. It is only the sign of the sinful Mars which can offer a suitable testing ground for the purpose, for Atma in Moksha is untouched by sin.

(2) Moon is exalted in the 3rd degree of Taurus. This degree falls in the asterism "Kritika" belonging to the Sun. The Moon is mind.

(चन्द्रमा मनसो जातः)

Mind immersed in the Atma represents the highest state of Samadhi. Nothing higher can be desired for the mind. Hence the exaltation in the asterism "Kritika". Now, why Taurus is preferred when the asterisms of Sun are available in the signs 5,6,9, & 10? The answer is that none of these four signs offer an emotional & luxurious testing ground as does the sign Taurus—the sign of the luxurious and amorous Venus. Hence the choice. Mars is exalted in the 28th degree of Capricorn in the asterism "Dhanishta" belonging to Mars himself. We know from astrology that Mars is a great martial planet. For a soldier to retain his mettle & bravery, even when surrounded by enemies in the enemy's camp, is his highest attainment. This is exactly what happens when Mars occupies Capricorn—the sign of its bitter enemy, Saturn. Hence

the justification for exaltation in Capricorn. The asterism of Mars, no doubt, is also available in the signs 2,3,6,7 & 11; but Mercury, the boy & Venus, the neutral can hardly test the bravery of Mars through their signs. As regards Aquarius, Mars in Capricorn is more strong than in Aquarius. In Capricorn it is near the asterism of Mars while it is near that of Rahu in Aquarius.

(3) Mercury gets exalted in the 15th degree of Virgo. This degree falls in the asterism "Hasta" belonging to Moon. Now Mercury is a highly intellectual planet. Its intellect is a great asset. But too much of intellect can ruin man as we have seen in the development of the Atom Bomb. It is therefore highly desirable that intellect should be compassionate also. If it can be so nothing more can make intellect exalted. This is exactly what happens when Mercury in its own sign still retains compassion by being in the asterism of Moon. Here again the point is that the asterism of Moon is available in the signs 2 & 10. Why has Virgo been given preference over signs 2 & 10? The answer is that in none of these signs Mercury retains its intellectual eminence. It is only by retaining intellect with compassion that Mercury can be considered as exalted. Hence the justification.

(4) Jupiter gets exalted in the 5th degree of Cancer, belonging to the asterism "Pushya" whose lord is Saturn. Jupiter is the significator of wealth. Hence it has plenty of riches. It is also the most spiritual planet. Hence it is fed up with wealth. It believes in the maxim that man does not live by bread alone. Hence its aim is spiritual Samadhi, which is a state of "Shoonya" or absence of matter. This state is afforded easily by Saturn. Hence Jupiter gets exalted in the asterism Pushya. Here again emotions & desires are hinderances to Samadhi. Jupiter's exaltation is tested in the emotional sign of Cancer. No other sign affords Samadhi and emotional ground. Hence Cancer is most appropriate.

(5) Venus gets exalted in 27th degree of Pisces which falls in the asterism Revati belonging to Mercury. Venus, a most luxury loving and sensuous planet, is normally averse to the precepts of the shastras denoted by Jupiter. But when he gets the spiritual intellect of Mercury he gets changed spiritually & then Pisces constituting a testing ground for him no longer remains a problem for him. No other sign containing the asterism of Mercury is religious enough to offer a testing ground to Venus.

(6) Saturn is exalted in the 20th degree of Libra. The degree falls in the asterism "Swati" belonging to Rahu. Saturn, the yogi, is in his best element in the friendly congenial asterism of Rahu which

also stands for void Thus Saturn is still poor in spirit & is not tempted by being in the luxurious, rich & sensuous sign Libra.

Human signs (3,6,7 & 1st half of 9) are strong in birth charts of day birth. Animal signs (1,2,5 1st half of Capricorn and 2nd half of Sagittarius) are strong during the night births. Insect signs (4 and 8) are strong in the morning and evening time. The 3rd, 6th, 10th and the 11th houses are commonly called “Chaya” or “Upchaya” houses. (54)

TRANSLATOR'S NOTE

The term “Chaya” or “Upchaya” means houses that gather the traits of the planets located in them are said to be gained by the native. This is particularly true for planets in the 10th & 11th houses. For example, one gets many animals if Saturn (which denotes animals) is located in the 11th house. The author of Bhavarth Ratnakar holds (see shloka 1 under Libra lagna) that Jupiter for Libra nativities gives good wealth in his dasa even though Jupiter owns two bad houses of the horoscope. The reason is that the element of “financial gain” as upchaya house is common between these houses & Jupiter.

The Sun & the Moon are royal or high class government

officials. Mars is connected with the military. Mercury is heir apparent. Jupiter and Venus are ministers. Saturn is treated as servant. These planets give career in the sphere to which they relate. (57)

TRANSLATOR'S NOTE

How the Planets, Jupiter and Venus, perform the functions of ministers is illustrated by the Horoscope of Late Sanjay Gandhi. His Horoscope (birth 14th Dec 1946) is reproduced below. It

would be observed that Venus, the minister, is lord of the house of Mantrana or ministership viz., the 5th from lagna. Similarly Jupiter, the other minister, is the lord of the 5th house from the Chandra Lagna. Both are located in the foremost kendra (10th) denoting karma. Hence the active interest that Shri Sanjay Gandhi showed in the affairs of the day to day working of the government as an advisor. Even though holding no portfolio, bears out the qualities of Jupiter & Venus as advisors to government.

MALEFIC & BENEFIC PLANETS

Mars, Saturn, Sun & Moon that is near the Sun (i.e. within 72 degrees on either side of Sun) & Mercury associated with the malefics are treated as malefics. Other planets and unafflicted Mercury and full Moon are benefics. Saturn and Mercury are treated as enunch planets, Moon and Venus are treated as females. Sun, Mars & Jupiter are treated as male planets. The dominant influence of male etc planets gives male etc birth. Mars represents muscles, Jupiter fat, Venus semen, Mercury skin, Moon blood, Sun bones, Saturn nerves. Disease should be considered as in the

tissue concerned by the affliction of these planets. Planets located in the 8th house cause death through their respective tissues etc. (76-78)

Amongst the clothes, yellow cloth is represented by Jupiter, Silken by Venus, variegated by Sun, white by Moon, Green by Mercury, dark red by Mars, blue by Saturn, old by Rahu, beautiful by Ketu. The strength of planets should be given due consideration in this context (85).

NATURE OF LOST THINGS, TASTE, TIME ETC

In horary astrology, in natal astrology or when the question of reconstructing a horoscope without the birth data is involved the data is ascertained from the nature of the planets who are the lords of the decantes involved. Among the tastes, the Sun represents the Pungent taste, Mars the bitter, Moon the saltish, Mercury the mixed one, Jupiter the sweet, Venus sour & Saturn astringent. In periods of time, the Sun represents a period of six months, Moon only a second, Mars a day, (89) Mercury a period of two months, Jupiter a month, Venus a fortnight & Saturn a year, Rahu represents a period of 8 months & Ketu only 3 months.

Rahu, Saturn, Moon and Mars are planets representing Dhatus i.e. metals. Sun and Venus represent planets, Jupiter and Mercury are jeevas i.e. Animals including man. The signs and the asterisms Ashvini, Bharni & Kritika are metals, plants & Animals respectively. Similar is the case in order for the rest of the asterisms i.e. Rohini, Mrigshar & Ardra are metals, plants & Animals & so on. (90)

The Sun and Mars have "upwards" sight. Venus and Mercury look slantly. Moon and Jupiter look straight. Saturn and Rahu look downwards. (91)

ASPECTS

Saturn fully aspects i.e. influences the house, sign or planet placed 3rd and 10th from it. Mars similarly aspects the house etc. placed 4th and 8th from it. Jupiter similarly throws its influence on the house etc 5th and 9th from it. All the planets aspect the 7th house etc from the place of their location. The planets aspect the 3rd & 10th place from their places with quarter aspect, the place etc 5th & 9th from them with half aspect & the house etc 4th & 8th from them with three quarters aspect. The house numbers should be counted by taking the aspecting planet as in first house. (92)

TRANSLATOR'S NOTE

Most of the astrological texts do not prescribe any aspects for Rahu and Ketu. They omit it at their own peril. Maharshi Parashar—the father of Indian astrology—has very clearly laid down that Rahu and Ketu have aspects mostly similar to Jupiter i.e. on the house etc 5th, 7th & 9th from them.

In this connection please see the following shloka (number 26 in chapter 51) of Brihat Parashar Hora Shastra Bombay edition of Shaka 1837.

सुतमदन नवान्ते पूर्णं दृष्टि तपस्य युगल दशम गेहे चार्धं दृष्टिं वदन्ति
सहज रिचु विपश्यन्पाद दृष्टिं मुनीन्द्राः निजभवनमुपेतो लोचनान्धः प्रदिष्टः

i.e. Rahu has full aspect on the house etc located 5th, 7th, 9th and 12th from it. It has half the aspect (influence) on the houses 2nd and 10th from it. It aspects with a quarter strength the house etc 3rd and 6th from it and is blind towards the house it occupies.

Since the shadowy planets Rahu and Ketu easily take upon themselves the influence of other planets etc. we have deduced a corollary from the above rule that in throwing their own malefic influence on the house these shadowy planets may be aspecting, they will also throw on the aspected houses the malefic influence of the malefic planet or planets that may be influencing these nodes, by association or aspect. For example, if Ketu & Mars are located in the 6th house in any horoscope or if Ketu is located in the 6th house & Mars in the 3rd, 11th or 12th house, then Ketu in throwing its 5th, 7th & 9th aspect will convey to the 10th, 12th & the 2nd houses and will afflict the said houses with the malefic

influence of Mars as well. This corollary has great impact on the "Kuja Dosha" for even though when for example Mars & Ketu are located together in the 6th house, Mars does not constitute technically "Kuja Dosha" in accordance with shloka relating to this dosha viz.

लग्ने व्यये च पाताले जामित्र चाष्टमे कुजा :

etc. But in actual effect it would shorten the life of the partner very much because the influence of both Mars & Ketu (killers) would be felt by the 2nd house which being the longevity (8th) house of the partner is bound to suffer through the influence of Mars & Ketu (who also acts like Mars).

FRIENDSHIP ETC

The Sun considers Jupiter, Mars and Moon as its friends. It is neutral towards Mercury. It is inimical to Saturn and Venus. Moon considers the Sun and Mercury as its friends. It treats the rest i.e. Saturn, Venus, Jupiter and Mars as a neutral. Mars treats Sun, Moon & Jupiter as its friends. It is inimically disposed towards Mercury. It is neutral to Saturn and Venus. Mercury treats the Sun and Venus as its friends. It is neutral towards Jupiter, Mars and Saturn, but it is inimical to Moon (94) Jupiter treats Sun, Mars and Moon as friends, but Venus and Mercury as enemies. Jupiter is neutral to Saturn. Venus treats Saturn and Mercury as its friends, It is inimical towards the Sun and the Moon & is neutral towards Jupiter and Mars (95). Saturn treats Venus and Mercury as its friends, Jupiter as neutral. While it treats the Sun, Mars and Moon as its enemies. Rahu treats Venus, Jupiter and Saturn as its friends. So also is the case with Ketu. (96)

If friends in one way and enemy in another they are neutral to each other. (97, 98)

SIX FOLD STRENGTH

Positional strength

Planets located in their sign of exaltation, in a friendly sign, in their own Navamsha sign, in the signs they own, in their own decante or in 1/12th part, or in their own 1/16th part are considered to possess “Positional” strength. (99)

DIRECTIONAL STRENGTH

Jupiter and Mercury have full directional strength when located in the ascendant. Mars & Sun get this full strength when located in the 10th house, Saturn gets it when located in the 7th house. Moon and Venus get full directional strength when situated in the 4th house. Planets are in zero directional strength when located in the 7th house from that where they get full directional strength. In the intervening situations planets get proportional strength. (100)

TEMPORAL STRENGTH

Sun etc. located in their own month hora, day or year are considered as strong in temporal strength. (101) i.e. Sun in the Bhadon month (August and September), Moon in its own hora division - Mars on Tuesday & Saturn in the year when it is in its own sign, Capricorn or Aquarius, are considered as strong. (101)

वक्रान्विता : क्षितिसुतप्रमुखा : समस्ता युद्धे जयी जलपदिगगतकांतियुक्त : ॥१०५॥

TIME (KAAL) STRENGTH

Saturn, Moon and Mars get strengthened in a night birth. The Sun, Jupiter and Venus get strengthened in a day birth. Mercury is strong both in day and night births. Benefic planets get strengthened in the bright fortnight of the Moon while the malefics get strengthened in the dark fortnight. (102)

ASPECT STRENGTH ETC.

The planets aspected by benefics and unaspected by malefics are strong so far as the question of aspect is concerned. The Sun is very strong in the Uttarain (six months from the Sun's entry into Capricorn). Moon is strong when the Sun is in Dakshanayan (i.e. in six months from its entry into Cancer). (103) In natural strength Saturn, Mars, Mercury, Jupiter, Venus, Moon and Sun are stronger in order one over the other i.e. Saturn is the least strong & Sun the most. (104) Planets Mars, Mercury, Jupiter, Venus and Saturn are strong when in retrogression. A planet is victorious in war when it has in comparision more northern declination and has brilliant rays (i.e. are away from the Sun). (105)

The strength of the Ascendant (and its lord) consists mainly in their sixfold strength. In regard to the strength of the Ascendant the Author says that if the Ascendant is a human sign (see shloka 51 anti), the ascendant gets full strength. If the sign is watery or animal, the strength of the Ascendant is half. Incase there is insect sign in the Lagna the Lagna gets no strength on this account at all. Sixfold strength of the Ascendant is as under. (106, 107)

The maximum strength in the sixfold ways for the Sun is 6 and a half rupas, rupa being a unit of strength. That of Moon is 6 rupas, of Mars 5, of Mercury 7, of Jupiter 6, of Venus 5 and a half, (108) of Saturn 5. The actual strength is worked out proportionately. In

positional strength it is two rupas 3 quarters. in directional strength it is 1 rupa & 3 quarters. (109) In Cheshta strength it is a rupa less by 1/6th of it. In temporal strength it is 2 rupas less by one eighth of a rupa. Sun, Mercury and Jupiter get half a rupa strength in the Ayan strength.

In the sixfold strength Sun gets the maximum strength of six and a half units. Moon gets 6 units, Mars 5, Mercury 7. Jupiter 6, Venus five and a half, and Saturn 5. In the positional strength the maximum units are a quarter less three units. The maximum directional strength is three quarters of a unit (109) The Cheshta (motional) strength is 5/6th of a unit. In temporal strength it is 2 units less 1/8th. In Ayan strength Sun, Mercury and Jupiter get half a unit. (110)

The directional strength is a unit less by 1/6th of it i.e. 50/60. The positional strength is a quarter more than 2 units. Temporal strength is one third less than 2 i.e. 1-40. The motional strength is half unit (iii) Ayan strength is 2/3rd of a unit. Moon, Jupiter & Venus get motional strength as 2/3rd unit. In Kaal Bal & as one & one eighth unit. (1-7-5) (112) Saturn has half a unit as its directional and Ayan strength, Mars has two & a half units as its positional strength.

Native with 2 or more than 2 of them are involved the period becomes particularly harmful. This is the reason why the time when both a sign & a Nakashtra are ending, such as the end of signs Cancer, Scorpio & Pisces are considered dangerous to life when occupied by Moon. (113)

A planet having a longitude up to the longitude of the house in which placed is called "Aarohi" (i.e. mounting). If it has greater longitude than that it is called "Chyut" (i.e. fallen). A planet that occupies a junction point is without results particularly in its dasa periods, even if it occupies its sign of exaltation, a friendly sign & even if endowed with all the six types of strengths. The position of the Ascendant is (a) tringular to the "Pranpada" (b) is triangular to the sign occupied by "Maandi" (115) (c) is triangular to the Navamsha sign occupied by "Maandi" (d) is in the 7th to the Navamsha sign occupied by "Maandi" (e) is triangular to the sign occupied by the Moon or (f) in the sign 7th to the Navamsha sign occupied by Moon (116). The learned thus determine the Ascendant both in natal and horary astrology. Importance is given to the Ascendant or the sign occupied by Moon whichever is stronger. (117)

In case the Ascendant is stronger, the process of rectification of the Ascendant should be carried out from the Maandi. If Moon is stronger the process should be undertaken with Moon as the base. In case the Ascendant arrived at is of odd sign and odd Navamsha the birth is of a male, if these two belong to an even sign the birth is of a female. (118)

GULIK

At a place where the measure of the day time is 30 ghati's i.e. 12 hours, the Gulik occupies the degree denoted by the Ishta (interval between the Sun rise & the coming moment of birth) of 26 ghati's on Sunday, 22 ghati's on Monday 18 ghati's on Tuesday 14 ghati's on Wednesday 10 ghati's on Thursday, 6 ghati's on Friday & 2 ghati's on Saturday. When the duration of the day is more or less than 12 hours the Ishta should be ascertained by the rule of 3 i.e. if on Sunday for 30 ghati's duration it is 26 ghati's, how much is it for the duration of the day involved. Having ascertained the Gulik Ishta concerned for the day involved, the Ascendant on that Ishta worked out in the normal manner gives the Gulik point. (133, 134)

MANDI

Multiply the measure of the day time by 26, 22, 18, 14, 10, 6 & 2 respectively for the days Sunday to Saturday. Divide the result by

30, the answer will be the Ishta at which Mandi is. (135)

TRANSLATOR'S NOTE

The author has opined that the product of the duration of the day period concerned and 26 etc. should be divided by 30. This is obviously based on the assumption that the duration of the day would be 30 ghatis which is not the case in most cases. Hence the appropriate step is to divide the product by the duration of the day in ghatis instead of by 30 in every case.

If the planet having its sub-period is located in 6th, 8th or 12th, it is inimical (to some extent) to the planet having the main ruling period. If located in the rest of the houses except 7th, it acts as a friend to the dasa lord. The sub-period lord in 7th to the main period lord gives adverse results. (136)

TRANSLATOR'S NOTE

The fact that a planet is placed 6th, 8th or 12th from the planet having its main ruling period makes the sub-period lord adverse by one point. If it is enemy also of the main period lord it would be adverse by two points. If it is enemy to the lord of the Ascendant, it would be adverse by 3 point. If it is located 6th, 8th or 12th from the lagna it would be adverse by 4 points. If it is placed 6th, 8th & 12th from the lord of the lagna it would be adverse by 5 points.

Thus a planet that indicates good results in its sub-period by even 4 points by being in a friendly sign, by owning good houses, by being in association with a benefic & by being in its own sign may still give slightly bad results for such a planet is good only on 4 counts & bad on 5.

The planet having its sub-period, if with a malefic, acts in an inimical manner. If the Sub-period lord is a good planet in himself and is also good from the point of view of the house it occupies from the Main-dasa lord, it gives very good results. Thus it is necessary to give the results after due consideration of the position held by the Sub-period lord from the Main-period lord. (137)

The Rishis and men of ripe wisdom have given various results arising out of the association of the various planets with the various houses. I am presenting the same for the pleasure of the learned readers. (1)

GOOD RESULTS

If a natural benefic planet is lord of any house and is located in that house or aspects it and the houses aspected or associated are not under the influence of malefic planets by association or aspect. The house concerned gets boosted in regard to the traits related to it. Similarly natural malefic planets, lords of houses similarly situated do not give nice results. Planets in general are strong when they are not in debilitation, eclipsed by Sun or in inimical signs. (2)

If there are natural malefic planets in the 6th, 8th or 12th from the Ascendant etc and the lords of these houses are natural benefics, these benefics do not give much good results. (3)

TRIK HOUSES

The Traits of a house suffer, if its lord is located in the 6th, 8th or the 12th house. Similarly the lord of the 6th, 8th or the 12th house arms the prospects of the house in which it is located. If, however, it is well aspected it gives good results. (4)

A house that contains its lord, or from whom there are in 5th, 9th, 2nd, 4th, 7th or 10th benefic planets and is not influenced by malefic planets get strengthened. If reverse is the case the houses become destroyed. If the yoga is mixed there are mixed results. This rule is applicable to all houses including the Ascendant. (5)

A house gets its traits destroyed if its lord is located in the 8th house, also if it is eclipsed by the Sun, or is in its debilitation sign, or in an inimical sign or is neither associated with nor aspected by benefics. In cases where a house contains a planet but that planet is weak in the manner stated above, even then the traits of the house get lost. This rule is applicable to all houses including the Ascendant. SOURCE OF INCOME

Source of income should be declared from the planet occupying the 10th house from the Ascendant or from the Moon, whichever is stronger. If the planet occupying is the Sun, the source is father, if Moon it is mother, if Mars the enemy, if Mercury the source is the relations, if Jupiter it is from brothers (elder), if Venus it is from wife, if Saturn the source of income is from servants. The livelihood is also determined from the nature of the planet who is lord of the Navamsha sign occupied by the lord of the 10th house. (7)

One dealing with natal or horary Astrology, should declare the traits and characteristics of a house as lost when the planet having its Main or Sub-ruling period is (a) the lord of the 8th house from the house under consideration (b) when the planet having its Main & Sub-period is kharesh i.e. lord of the 22nd decante (see shloka 16 chapter I) or (c) when the said planet is Saturn as the lord of the decante of the said house, or (d) is the lord of the sign occupied by Maandi or (e) is the lord of the Navamsha sign or the lord of the sign occupied by Maandi, or (f) is located in a bad house such as 6th, 8th or 12th or (g) it is Adhi Shatru i.e. bitter enemy of the lord of the house involved (see shloka 17 of chapter I) or (h) when that lord is in a sign having no good point in the Ashtak Varga system. (17 & 18).

occupied by Saturn (b) the lord of the Navamsha sign occupied by Maandi, (c) Rahu (d) the lord of the Navamsha sign occupied by "Khar" (see previous shloka) the lord of the 8th house from the Ascendant, & the lords of the Navamsha signs occupied by all these. This happens when Saturn in transit crosses the bad signs such as the one in 8th house etc. (19)

In case the lord of the second house (the House of Wealth) is having its Main ruling period and there is the Sub ruling period of any of the planets—Saturn, Mars, Rahu and Sun—then the Sub-period will give loss of wealth. So also is the case, if the second house contains a malefic planet (20) in the dasa of a malefic planet, lord of the 2nd house & in that of the lord of the sign occupied by the said malefic lord of the 2nd house, there is loss of wealth, brought about through the punishment orders of the Government. There is also at that time relinquishment of position and opposition from the near and dear ones. (21)

TRANSLATOR'S NOTE

Shloka number 20 makes no mention of the influence of the malefic Sub-period lords on the Main-period lord. It is, therefore, clear that there is always the influence of the planet having its Sub-period on the planet having its Main period. This should be taken as a law and applied to all Sub-periods to get correct results.

(2) The words “ तदीश ” (Tad Isha) in the opening part of shloka number 21, go to show that the lord of the sign occupied by the lord of any house acts as the latter. This is on the basis of the theory of dispositorship.

 शुभग्रहाणामपहारकाले तथा भवेदात्मजवाग्निवलासः ॥२३॥

RULING PERIODS

When both the Main and the Sub ruling period are of a malefic planet, the time indicates the destruction, loss etc of the articles of food, finances, honour, sons and brothers. When these Main and Sub period lords are benefics there is no harm. (22)

During the Main ruling period of a benefic, placed in the second-house and the Sub ruling period of a benefic lord of the second house, one gets wealth. Then there is also pleasure from speech and the sons. (23)

TRANSLATOR'S NOTE

The rationale behind the results in both the cases lies in the principle that the Sub-period lord always influences the Main-period lord.

पापग्रहे विक्रमभावनाथे पापान्विते पापवियच्चरणाम् ।
अंतर्दशायामनलास्त्रनोरे दुःख समायाति शुभप्रदेषि ॥२४॥

THIRD HOUSE

Even if the lord of the 3rd house denotes good, the native will suffer from fire, weapons or thieves if there is the Main ruling period of a malefic lord of the 3rd house conjoined to a malefic planet and the Sub-period too is of malefic planets. (24)

कलिप्रकोपानलचौरभूपैदुःखं मनोजाडयमतीव कष्टम् ।
सोन्येशप्रग्रहदायकाले शुभेक्षिते तादृशमन्त्र नास्ति ॥२५॥

During the main ruling period of a malefic lord of the 3rd house there is trouble from fire, thieves and Government. There is also inertia of mind; but, if it is aspected by a benefic planet, there is no such trouble. (25)

दुश्चिक्यभावाधिपदायकाले सौम्येतराणामपहारकाले ।
नाशं वदेत्तत्र सहोदराणां भवेद्विरोधः सहजैर्विशेषात् ॥२६॥

During the Main ruling period of the lord of the 3rd house & the Sub-ruling period of malefic planets there is loss of brothers & also rift with them. (26)

TRANSLATOR'S NOTE

Again note the fact that the results in the shloka arise from the malefic influence exerted on the Main ruling period lord by the planet having its Sub-period and this is irrespective of the location of the two in the horoscope.

FOURTH HOUSE

During the Main ruling period of the lord of the 4th house and the Sub-ruling period of malefics, there is relinquishment of residence & the loss of brothers. Similar results follow during the

Sub-periods of planets that are in debilitation, or are eclipsed by the Sun. (27)

TRANSLATOR'S NOTE

The Sub-period of Sun, Saturn and Rahu or of their dispositions is particularly instrumental in bringing about change of residence as these are all factors of "Separation", influencing the house of residence. (4th)

FIFTH HOUSE

During the Main period of the lord of the 5th house, and the Sub-ruling period of malefics, the native gets confusion of intellect and bad food. But, if the Sub-period lord is a benefic, it does not happen. (28)

TRANSLATOR'S NOTE

It is stated that the native would suffer from taking of bad food. This is obviously the result of the affliction of the 5th house which represents the belly. Just as the 4th house from the House of Gains (11th) is the place, where income is deposited, on the same analogy the 4th house from the 2nd house of Food is the food lying in the stomach, which gets bad as a result of the malefic influence of the malefic planets having their Sub-period.

SIXTH HOUSE

During the Main ruling period of the lord of the 6th house and the Sub-period of malefic planets the native suffers from the orders of the king, from thieves or from chronically bad habits as also from diseases like seminal troubles, colic pains, consumption, or bile. (29)

TRANSLATOR'S NOTE

From a study of the shloka it would be seen that the bad results in regard to wealth and health have arisen as a result of the affliction of the 6th house. Thus it would be right to assume that the 6th house is primarily one of "health" & of disease only when afflicted.

SEVENTH HOUSE

During the Dasa of the malefic lord of the 7th house, there is opposition from wife, or even her death. There is also foreign travel, trouble in the semen and rectum as also the wrath of the Government. (30)

EIGHTH HOUSE

During the Main ruling period of the lord of the 8th house and the Sub-period of Rahu, Mars, or Saturn, there is the loss of Longevity, fame and wealth of self and the destruction of wife, relatives & brothers. (31)

NINTH HOUSE

During the Main ruling period of the lord of the 9th house and the Sub-ruling period of Saturn, Mars, Rahu or the Sun the native suffers in his career, gets opposition from his brothers, travels to a foreign land & has rift with his brothers. If the lord of the 9th is a benefic, these results are modified in the Sub-period of the benefic. (32)

TENTH HOUSE

During the Main ruling period of the lord of the 10th house and the Sub-period of malefics there is likelihood of getting imprisonment, sorrow, bad dreams, and great mental worry. During this period the native gets defame. (33)

ELEVENTH HOUSE

During the Main ruling period of the lord of the 11th house and the Sub-period of malefics Sun, Mars, Rahu or Saturn there is loss of things, paucity of work & income & wrath from the Government.

व्ययेशदाये रविसूनुभुक्तौ दिनेशभूम्यात्मजयोर्विरोधः ।

TWELFTH HOUSE

During the Main ruling period of the lord of the 12th house and the Sub-period of Saturn, Sun or Mars there is mental grief, consumption, loss of honour and wealth. During the Sub-period of Rahu there is trouble from serpent. (35)

In case the Sub-period lord is a temporary friend of the planet having its Main period it gives half the bad results of what it would give when it is the enemy of the Main Dasa lord. During the period when the Main Dasa lord and the Sub-period lord are located 6th & 8th to each other there is relinquishment of office or even death. (36)

The learned people clarify in detail the results of the Main and the Sub-periods of planets. We have of necessity, narrated their results in a language of brevity. (37)

When during its transit, the Sun comes to the 3rd sign from that of the 1st conception, or when it comes in transit to the 5th or 9th house from the Ascendant at the time of other conceptions, people are born. (38)

People well versed in the science of astrology are of the opinion that the Ascendant at the time of birth is the same as sign that constitutes the Ascendant at conception.

In cases where the Ascendant at the time of conception contains a benefic planet or is aspected by a benefic, the native born is long-lived, with power and affluence. (39)

The location of the lord of the Ascendant and of the 3rd house in the Ascendant or in the 3rd house gives rise to the birth of twins. (42)

TRANSLATOR'S NOTE

The situation together of the Self of the native represented by the lord of the Ascendant & of its coborn represented by the lord of the 3rd house is essentially what constitutes a twin birth. We consider that the yoga for twin birth becomes certain if Mars—the signifier of brothers & Mercury — the factor of “Plurality” also take part in the yoga involving lagna. For example, if Mars is in Ascendant in the sign with Mercury, the yoga becomes certain, for all the factors are together in lagna.

Here is the horoscope of a twin. It would be seen that Moon in lagna is the dispositor of Saturn, the lord of the lagna. Hence any influence on lagna would also be on Moon & Saturn. The influence of Mercury is there.

Since Mercury is lord of the sign occupied by Mars the influence of Mercury on lagna & its lord (Moon as Saturn) means the influence of Mercury, lord of the 3rd house, and the signifier of the 3rd house (Mars). An intimate link having been established

between the lagna & the lord & signifier of the third house, together with factor of plurality by Mercury. The twin birth is clear.

If the lord of the lagna is in the 10th house and Rahu in the lagna, the child's feet come out of the womb first. If the lord of the 8th house and Rahu are in the lagna the child is enveloped in serpent like umbilical cord. (43) If Rahu & Gulik are together in kendra or if the lord of the 1st & 8th houses are together and the decante in the Ascendant belongs to a malefic planet, the child is enveloped in the serpent like cord in the womb. (44) The same result follows if there is serpentine or egg decante in the Ascendant and the decante is with its lord without good aspect. (45) If Mars or Saturn is in any of the lagnas Aries, Taurus, Leo, the child in the womb is enveloped in the limb denoted by the sign of the lagna. (46)

If malefic surround the Ascendant and Rahu is there or if Mars and Sun are aspected in it or Saturn is there aspected by Mars, the part indicated by the Navamsha is enveloped with the cord. (48)

ANIMAL BIRTH

If the lords of the first and the 4th houses are located in each others sign & if either the lord of the 1st or of the 4th is situated with

Rahu or Ketu, the yoga indicates birth of an animal. (49)

If the malefic planets are strong and the benefics weak & the eunuch planets i.e. Saturn and Mercury are in the cardinal house, or when these two planets aspect an Ascendant indicating an animal, the yoga leads to the birth of animals.

When in a nativity the malefic planets are strong & occupy their own sign and the benefics are located in a sign other than their own & where the Ascendant contains an animal sign the wise authors take it as a yoga for animal birth. (51)

पक्षी द्रूकाणे तु विलानभूते बलान्वितेनैव ग्रहेण दृष्टे ।

If in the Ascendant there is the decante of a bird (the 2nd decante of Gemini, 1st of Leo, 2nd of Libra and first of Aquarius are bird decanies) and the Ascendant is aspected by a strong planet & when the sign & the Navamsha in the Ascendant is of a movable sign, or of Mercury, the birth then is of a bird. If the yoga mentioned in the previous shloka is aspected by Venus, the birth is of a cow. If it is associated with or aspected by Saturn, the birth is of a buffalow. If by Rahu or Ketu, the birth is of a Ram. Similarly other animals are born when their respective signs are in the Ascendant. (53)

TRANSLATOR'S NOTE

Saturn & Mercury are impotent planets. Here is the horoscope

of an impotent person.

Rahu, who always acts like Saturn—the impotent, is fully aspecting the 7th house and its lord. Mercury, another impotent planet, is also influencing the 7th house and its lord. Sun is with the 7th house and its lord as lord of the 12th house. Saturn too aspects the 7th house and its lord. Venus the semen is hemmed in between Saturn and Mercury, dispositor of Rahu etc. In view of heavy impotency influence on all factors of sex impotency resulted.

The following are the 6 yogas that give birth to impotent persons.

- When Sun and Moon aspect each other.
- When Saturn and Mercury occupy dual signs.
- When Saturn occupying an odd sign aspects the Sun or when Saturn is in dual sign & aspects the Sun.
- When Moon is located in odd sign in the Ascendant and is aspected by Mars located in a dual sign.
- When Moon & Mercury are occupying an even and odd sign respectively & when the Moon & the Ascendant are aspected by Mars.
- When the lord of the lagna is with Mercury. (55-57)

In case there is a malefic planet or a malefic sign in the 11th house, the boy even if he be the first born is with a sanskara such as is performed during pregnancy.

DELIVERY ROOM

If the lagna is Leo the delivery room has two doors. If Virgo is the lagna the birth takes place in a third class house. (59) The direction of the door is (i) in the direction of the lord of the Navamsha in the lagna (ii) in that of the lord of the 5th house (iii) in that of the strongest planet (iv) in the direction of the planet in the kendra (v) in that of the lord of the decante in the lagna. The ladies attending at the time of delivery should be determined from the planets located in the 2nd, 12th and the 10th houses. If in one of these houses there is Saturn the Woman belongs to the shudra class. If it is the Sun, she belongs to the kshatriya (warrior) class. (61)

If there is Rahu or Ketu, the attending woman belongs to a low class. Other planets there denote the attending woman as belonging to the class of the planet concerned.

The women attending should also be determined from the planets in the 2nd, 12th & the 4th house. (62)

The caste etc should be determined from the planets in association with the lords of the houses (mentioned in the previous shloka). (63)

As against the opinion of some who consider that it should be considered from the planets in these houses. Jupiter, Mercury and Venus in these houses denote the women attending delivery as belonging to the Brahmin class. (64) In case these planets are occupying the Navamsha of a malefic planet the women will be widows. If Rahu or Ketu is located in a bad Navamsha there the woman would still be of the high class but widow.

In case of Saturn there the woman would be of black colour & a hunch back. (65) The number of the attending women should be determined from the number of planets involved. The number is many if many planets are located in one sign. (66)

LAMP ETC

If the Ascendant is a movable sign, the lamp will be moving by being taken from place to place. If lagna is fixed the lamp is stable. If it is a common sign the lamp would be in the hand. The number of lamps at birth should be declared by the number of planets in the lagna. (67)

The condition of oil should be told from the Moon while the wick of the lamp should be told by the condition of the lagna. Thus opine some. (68)

FIRST HOUSE

Good bodily health should be predicted when the lord of the Ascendant is situated in his sign of exaltation, or in the Navamsha of a friend, or in the Navamsha sign belonging to himself or when associated with or aspected by benefic planet (69). When the lord of the Ascendant is strong in a cardinal or trinal house, and is not under the aspect of any malefic planet then also good bodily health should be predicted.

If the Sun is located in the "Dev Lok" division (see shlokas 25 chapter 1) & the lord of the Ascendant is strong, the lord of the 9th house is in its sign of exaltation, the native becomes famous and fortunate.

If the lord of the lagna is located with a malefic planet, it harms the health etc. The same is the result if it is in the 8th house. If well aspected it gives good health etc. (73) In case the lord of the lagna is located with the lord of any of houses 6th, 8th or 12th or if the lord of any one of these bad houses is in lagna one suffers bodily. If, however, the lord of the lagna is weak but located in a kendra or trine one does not so suffer. (74) The lord of the sign occupied by the lord of the lagna is located in any of the bad houses 6th, 8th or 12th gives a weak body. Whatever be the house 1st, 2nd, 3rd etc, if the lord of the sign occupied by the lord of any house is badly placed the house suffers in its traits. (75)

TRANSLATOR'S NOTE

It would be seen from shloka number 75 that the dispossessors of the lords of the various houses act for the traits of the houses concerned. This is a very important rule and should never be lost sight of.

(76)

If there is also the association of Saturn there is certainty of the said cheating etc.

If Rahu is in the Ascendant with Mars the Acharyas take it as a yoga for the native to have enlarged scrotum. (77)

If the lord of the Ascendant Mandi and Rahu are located in the 8th house or if Rahu is in the Ascendant, Gulik in a trinal house, and Mars is with Gulik the same trouble should be predicted. (78)

If Mars is the lord of lagna and is situated in the lagna and malefics influence it either by association or by aspect, the native gets head injury through stone or the sword. (80)

If Saturn is similarly situated i.e. if Saturn is in the lagna under the influence, by association or aspect of malefic planets, the injury comes through nervous trouble, fire, weapons or a fall. The head of a native is big if the sign in the lagna is of 2 hours duration, not when it is half of it. (81)

TRANSLATOR'S NOTE

The idea is that the signs whose rising time is 2 hours or more (maximum) when in the first house would make the first house i.e. the head big in size.

आहुर्वृहत्कं मुनयस्तदूनलग्ने शिरः संकुचित् तु तज्जाः ।

If the rising time of the Sign in lagna is one hour, the head of the native is small. If a dry (other than watery) planet is in lagna & the lagna too belongs to a dry planet the body is weak and slim. (82)

Similar is the result if the lord of the lagna is associated with a dry planet or is located in the sign of dry planets. In case there is the sign of a dry planet in the lagna and the lagna contains many malefic planets the result regarding the body being slim follows. (84)

If there is a watery sign in the Ascendant associated with benefic planets, the native will have a fat body. If the lord of the Ascendant is a watery planet & is strong & is associated with benefic planets then also the body is bulky. (85) In case the lord of the Ascendant is located in a watery sign, is associated with a benefic planet and aspected by a watery planet or if the sign in the Ascendant belongs to a benefic planet and the lord of the Navamsha occupied by the lord of the Ascendant is located in a watery sign the native has a bulky body. (86)

If the Ascendant sign belongs to a benefic planet and it is aspected by any malefic planet, the native has a fat body. If Jupiter is in the Ascendant or it aspects the Ascendant, or if the watery sign in the lagna is aspected by Jupiter placed in a watery sign; (87) if there is a benefic in the Ascendant, which is also under the aspect of a benefic planet, even then the body is fatty.

If Saturn is in the Ascendant and is with Rahu, the trouble is from a Pischaach i.e. a bad dead soul. (88)

If the Sun located in the Ascendant is aspected by Mars, the native suffers from breathing trouble, consumption, spleen trouble.

If Ketu is in the Ascendant and is aspected by many malefic planets then surely the native suffers from the Pishaachaas and thieves. If the sign in the Ascendant is a movable one or if the lord of the Ascendant is located in a movable sign, the native is mostly on the move. (90)

In case the Ascendant contains a movable sign or if the Navamsha in the Ascendant belongs to a movable sign the man is on the move mostly in life. If the Ascendant belongs to a movable sign, its lord is a planet of fast movement and is aspected by a fast moving planet, the native moves in foreign lands. (91)

GAIT

If the lagna is a fixed sign and is associated with planets of slow motion (eg Jupiter) the native remains in his own country in a wealthy and lucky condition. In case the lagna is under the influence of both movable and slow planets the native gets luck and fame through bad means by moving to different territories. (92)

If the lord of the lagna is strong & located in its sign of exaltation the native possesses a sobre & influential gait. If the lord of the lagna is weak the native is a fool; but not so, if associated with or aspected by benefic planets. (93)

If the sign in the lagna belongs to a benefic planet and the lagna is also aspected by a benefic the native gets comforts of life from early child hood. This is not so, if the lagna is associated with a malefic.

In case the Ascendant contains many malefic planets, one goes through troubles throughout life. (94)

If the lord of the Ascendant is vargottam or is in Navamsha of its exaltation sign, in a friendly decante or associated with benefic or is under the aspect of a benefic, one leads a comfortable life till death. (95)

TRANSLATOR'S NOTE

A reading of the above shlokas indicates that the Ascendant not only relates to conditions at birth, it covers also life as a whole. That is why the excellence of lagna & its lord indicates comfortable conditions throughout life.

(98) If Venus is in "Devlokamsha" (see shloka 25 etc chapter 1), the lord of the lagna is in "Gopuramsha" & the lagna is aspected by benefic planets, the native is happy in the middle and old age. (99) In case there is a benefic planet in the lagna, there are malefic planets in the 2nd house & kendras and the lord of the lagna is in "Uttamamsha" (see shloka 25 etc chapter 1) the native is happy except in the early part of his life. If opposite is the case i.e. the Ascendant is occupied by a malefic planet, the 2nd and the 9th house contain a malefic & the lord of the Ascendant is weak in varga strength one gets suffering in early life.

In case the lord of the Ascendant is situated in the 10th house and the Sun is located in the Ascendant with natural benefics and the lord of the Ascendant is in its sign of exaltation, the native gets good name and fame in life.

TRANSLATOR'S NOTE

It is clear from the shloka that the good situation of the 1st & 10th houses along with the Sun leads to fame. 1st house, 10th house and Sun are thus the three factors for fame.

If the lord of the 8th house is stronger than the lord of the Ascendant and malefic planets occupy the cardinal houses or the 8th and the 12th house, the native gets short or medium life. It is only after facing dangers with courage that he may get long life. (109)

TRANSLATOR'S NOTE

A weak Moon in the 6th or 8th house is not conducive to long life. Hence it is implied that Moon should be quite strong by being farthest away from the Sun.

(112) A person who has the lord of the 9th house located in the 9th house & is aspected by Moon located in the Navamsha of Mars, the native born in Such a Yoga, is a great muni (thinker & philosopher) who writes on the teachings of shastras & lives long till the end of the yuga. SECOND HOUSE

The following should be studied from the 2nd house :— Those who are dependent on the native, face, mouth, speech, the right eye, accumulated wealth, education, eating, servants & friends.
(1)

TRANSLATOR'S NOTE

It is a point for note that the author has opined that education should be studied and determined from the 2nd house. We are also of the same opinion and do not consider it advisable to examine education from 4th or 5th house, as done by some other authors. The 4th house relates to desires & as such can give knowledge of our desired object which may not necessarily be connected with academic education. The 5th house relates to intelligence & foresight rather than to education as such.

EYE SIGHT

If the lord of the first house along with that of the 2nd house is located in any of the bad houses 6th, 8th or 12th, the man gets his bones broken. If the lord of the 2nd house along with Venus and Moon is located in the Ascendant the man becomes "Night blind". If, however, it is with a benefic or is in its sign of exaltation the night blindness does not take place. (2)

If the Sun and Moon are in Leo Ascendant & are aspected by Mars and Saturn, loss of eye should be predicted. In case the yoga is one where the aspected planets, Sun and Moon, and the aspecting planets (Mars & Saturn) are both associated with natural benefic planet, the blindness does not take place. The native has only unrestful eyes. (4)

नेत्रे यदा पापबहुत्वयोगे यमेन दृष्टे सति रुणनेत्रः ॥७॥

In case the lord of the 2nd house is situated with Saturn and Mars or is with Gulik, there will be disease in the eye. Similarly, if there are many malefic planets aspected by Saturn, the eyes get diseased. (7)

If the lord of the Navamsha sign occupied by the lord of the 2nd house is located with a malefic or is in the sign of a malefic planet there is disease in the eye. So also will be the case, if Sun is the lord of the 2nd house and is in association with and aspected by malefics. Similarly, if Sun is in the company of Gulik & is aspected by Mars. (8)

उष्णादभवेनाप्यथ पित्तकासैनेत्रस्य रोगो भवति प्रमादैः ।

As a result of the yoga stated in the previous shloka, the disease

to the eyes comes from heat, bile, or phlegm or from want of care. (9)

The disease etc to the eyes of the brothers, son, enemy, wife, friend etc should also be determined in the same manner. If the lord of the 2nd house is located with the Sun and Mars or is aspected by them, the native has redness in the corners of his eyes. (10)

TRANSLATOR'S NOTE

The right eye of the younger brother is denoted by the house 2nd to 3rd i.e. the 4th house. If the 4th house & its lord along with the Sun suffer at the hands of Saturn & Mars, the younger brother will have serious trouble in his right eye. Similarly, the 6th house, its lord & Sun highly afflicted, give serious trouble in the right eye of the son & so on.

REARING UP OF OTHERS

If the lord of the 2nd house is a natural benefic planet, situated in kendra or in its sign of exaltation or in a friendly sign or in a sign of a benefic, the native protects or rears up his family and many others & has a very nice speech. (12)

If the lord of the lagna is strong and in its sign of exaltation and if there is a benefic in his exaltation sign in the 2nd house, aspected by a benefic, then also the native supports many persons. (13)

If Jupiter occupies its own sign in the 2nd house or if Venus or

Mercury are similarly situated in their own sign in the 2nd house, or if these planets are in their sign of exaltation or friendly sign in the 4th house, the native is helpful to & protector of others. (14)

In case there are many natural malefics in the 2nd house and the lord of the 2nd house is weak, and aspected by malefics and the lord of the lagna is placed in any of the bad houses (6th, 8th or 12th) with malefics, the native has no comfort in life. (16)

If the 2nd house contains a malefic planet, and the lord of the 2nd is associated with and aspected by malefic planets, the native earns his livelihood with much difficulty. (20)

In case the lord of the 2nd house is associated with natural benefics & the Moon in the 2nd house is in the Paravataamsha, the native supports 20 people in their livelihood. (21)

If the lord of the 2nd house is located in his sign of exaltation or in friendly sign, or in his own sign, or occupies the "Simhaasan" division or the "Paravataamsha" division & is aspected by Jupiter, the native blessed with merit rules over 300 people. (22)

If the lord of the 2nd house is in its highest degree of exaltation and is well aspected by Jupiter & the 2nd house too is similarly well situated, the native rules by his prowess over a thousand people. (23)

TRANSLATOR'S NOTE

A reading of the above shloka shows that the excellence of the 2nd house and its lord indicates support of others by the native. It may be due to the fact that good use of accumulated wealth, to which the 2nd house relates lies in the help of others. It is also significant to note that the 2nd house of any horoscope is the 11th house—the house of gains of the masses (4th house) & hence the people in general gain much through the excellence of their house of gains.

(31) If the lord of the Navamsha occupied by the lord of the 2nd house is a natural benefic planet and is in exaltation with a benefic planet or is in Gopuramsha, the native is efficient & great speaker. MATHEMATICS

If Mars is in the 2nd house along with the Moon aspected by Mercury or with Mercury in kendra, the native understands mathematics. (36)

If Mercury is the lord of the 2nd house & is in its sign of exaltation, Jupiter is in the Ascendant, and Saturn in the 8th house, the yoga makes the native a mathematician. (37)

If Jupiter is in kendra or in trine, & Venus is in its sign of exaltation or if the lord of the 2nd house & Mercury are in their signs of exaltation, the native becomes a mathematician. (38)

If the lord of the 2nd house is Sun or Mars and is aspected by Jupiter and Venus, & Mercury is in "Paravatamsha" (see shloka 25 etc of chapter 1) the native knows the rationale of Astrology. (39)

TRANSLATOR'S NOTE

The role of Mercury in making one an Astrologer lies in the fact that a strong Mercury would give mathematical ability. The capacity to understand & know the future is given by the excellence of the 5th house & its lord, for the 5th house relates to "future" as distinct from the 9th house which relates to the past (having crossed the horizon before birth). But to earn from Astrology it would be necessary that there should be an intimate link between the lagna representing the self of the native & the 5th house representing the future. A link of Jupiter—the planet that can foresee the future with the lagna & its lord would give intuitive powers to the native. In addition, if the lagna and its lord are in intimate relation with the 4th & the 12th houses and their lords, this would be an indication that the native earns from the 4th & the 9th houses i.e. from the personal affairs of the public (4th house) & their prospects in life (9th from 4th is the 12th house). This is after all what makes a good Astrologer.

If the lord of the Ascendant occupies the second house, the lord of the 2nd house goes to the 11th house & the lord of the 11th is in the Ascendant, the native becomes very rich with a big bank balance. (54)

TRANSLATOR'S NOTE

From the above shloka it is clear that the link between the houses that denote wealth in one shape or another is conducive to much wealth. The 1st, 2nd, 5th, 9th & 11th houses are all houses of wealth or gains or luck i.e. wealth in some shape or other.

If the lord of the 2nd house is stronger than the 6th lord & Mars the signifier of 6th and the lord of the lagna is strong in Vaisheshik amsha (see shloka 25 etc of chapter 1) the native gets wealth from his enemies. Similarly if the said two planets are strongly influenced by the lord of the 7th house and its signifier (Venus) one gets wealth from his wife. (66 & 67)

If the 9th house and the signifier of father i.e. the Sun are involved in the said yoga one gets wealth from his father as also from his Guru & from religious ceremonies. In case the association or the aspect of the lord of the 10th house and the Sun is involved, the native gets money through charity of others and through his own fame. (68)

लाभेशतत्कारकदृष्टियोगादेवं वदत्यत्र धने बहुत्वम् ॥६९॥

In this way the association and the aspect of the lord of the 11th house and its signifier i.e. Jupiter leads to heavy income. (69)

TRANSLATOR'S NOTE

The lord of the 11th house and its signifier Jupiter are both factors denoting "Plenty". It is thus clear that their influence on any factor would make the characteristics of that factor very valuable. This yoga obtains with added vigour in the case of Jupiter for Aquarius nativities in as much as Jupiter in addition to being the lord and signifier of the 11th house would also be the lord of the house of wealth. That is why we hold that in such a case Venus in Taurus in the 4th house aspected by a strong Jupiter would bestow on the native much landed property and many valuable vehicles. Here is the horoscope of Queen Wilhelmina of Netherland. See

the fact that Jupiter—the signifier of wealth is here the lord of two houses of wealth viz. of the 2nd and the 11th. It is located in dignity in its own sign in the house of wealth and is also in retrogression. It is also aspecting Moon lagna and its lord. The strength of Jupiter—threefold representative of what made the Queen, the richest woman in the world. One need not therefore, despair of Aquarius lagna.

Although the condition of ears is seen from the 3rd house & its lord, yet the 2nd house and its lord are also relevant in as much the loss of a limb is also seen from the house 12th to the house representing the limb. This point is clear from the fact that Vaikalya or loss of a limb in general is considered from the 12th house which is 12th to the first house standing for the body as a whole. In this connection attention is invited to shloka number 121 relating to 12th house in chapter 8 i.e. to the word "Vaikalyam" used therein.

TRANSLATOR'S NOTE

Mars like Moon Represents blood. The heavy affliction of Mars & Moon lead to pollution etc. of blood. For example, if Mars lord of the lagna containing Moon or Moon lord of the lagna containing Mars is afflicted by disease factors such as Saturn and Rahu,

the man gets his blood polluted. If in addition Mercury representing skin is also afflicted by Saturn or Rahu, the man falls prey to leprosy. Here is the example of a person who developed leprosy. Here Moon is lord of lagna occupied by Mars suffering in 8th in the sign of Saturn & under aspect of Mars. Mars in lagna suffers from both Saturn & Rahu while Mercury is afflicted by Rahu & Saturn. Venus in Lagna is no relief as it is dispositor of Saturn.

If Mars is located with Mandi in the 2nd or the 8th house & the lord of the 2nd is also associated with or aspected by Mandi, the native suffers from severe blood troubles. (148)

If Saturn is in the 2nd house with a malefic the man gets bitten by a dog. In case Saturn is with the lord of the 2nd house or aspects it the same result follows. (149)

राहौ द्वितीये गुलिकेन दृष्टे युक्तेथ वा सर्पभयं वदन्ति ।

If Rahu located in the 2nd house is associated with or aspected by Gulik (see under shloka 135 of chapter 1) the man is bitten by a serpent. If the 2nd house has Mars in it the native eats grains of an inferior type. (150)

TRANSLATOR'S NOTE

We give below the horoscope of a person who tried to commit suicide by taking "sleeping pills" birth date is 28-11-1953. The first

point that is relevant to the context is the fact that Moon—the signifier of "Eating" is herself in this case the lord of the house of eating i.e. the 2nd house. It is obvious that the nature of influence falling on the 2nd house & on Moon—the lord & signifier of eating would denote the nature of eating. The 2nd house is fully aspected by Rahu—a planet that stands for poison. It is also aspected by Saturn, another planet representing poison. Similarly, Moon has on it the surrounding influence of Rahu and Saturn on one side of it and of Mars & Rahu on the other. Mars too being a poisonous planet, both the 2nd house, its lord & signifier are under the influence of poisonous planets. Hence the relevance of poison. It has a case of eating poison as Moon as the lord and signifier of eating is involved & not a case of being bitten by some poisonous reptile etc.

SPEECH

In case the lord of the Ascendant is a natural benefic & is placed in the 2nd house, one gets good wealth.

If Mercury is located in the 2nd house in a weak condition and under aspect of malefic planets the native has defective speech (stammering etc). (151)

If the lord of 2nd house & that of the 1st house are weak, located in a malefic Navamsha the native suffers through some nervous trouble in the organ of speech. If the lord of the 2nd house, is without strength and aspected by malefics the native has defective speech (stammering etc).

TRANSLATOR'S NOTE

Rashmi is the proportional strength of a planet due to its distance from the point where it is in highest debilitation. Suppose we desire to ascertain the number of Rashmis possessed by the Sun when its longitude is 11-14-10. Taking out 6-10 from it, the remainder 5-4-10 is the distance of Sun from its highest degree of debilitation. Multiplying 5-4-10 by 7 we get 35-29-10 which divided by 6 gives us 5-29-52 i.e. about 6 Rashmis (for further details see shloka 1 of chapter IV of 'Maan Sagari Paddhiti').

Hitler though vanquished at the end of World War II had conquered almost the whole of Europe. Let us see 3rd house in his horoscope given below. Moon is farthest away from the Sun;

hence it is a strong benefic. Jupiter also away from Sun & in dignity in 3rd house is also a strong benefic. Ketu with two strong benefics must tow their lines. In view of the highly beneficial planets in the 3rd house he had victory after victory. But Saturn—the planet of separation located in the house of ruling powers exerted itself in advance stage (appropriate to Saturn) & brought about his separation from ruling powers. In any case 3rd house is undoubtedly extra strong with benefics.

BASTARD BIRTH

If the lord of the 4th house along with the lord of the 6th house is located in the 9th house the birth of the native is a bastard one. Same is the case if the lord of the 4th house along with the lord of the 6th is located in the 9th house. (125)

लग्नेशभाग्येशसुखेशयुक्ते षष्ठाधिपे स्यात्परजात एव ।

तदशनाथेन युते तदीशे पापेक्षितः स्यात्परजात एव ॥१२६॥

One is an illegitimate child if the lord of the Ascendant, the lord of 4th house and that of the 6th are located together. When the lords of the 4th & the 9th houses are associated with the lord of the Navamsha occupied by the lord of the 6th house, then also the native is the son of the paramour of his mother & not his father. (126)

TRANSLATOR'S NOTE

The 6th house being one of enmity appropriately stands for "others", & aliens. Hence the link of the lord of the 6th house with factors denoting the parents (4th & 9th house) gives alien birth.

पापांतरे मातृगृहे तदीशे तत्कारके वा शुभदृष्टियुक्ते ।

लग्नेश्वराद्वीनबले शुभेशे जातस्तदानीं परजात एव ॥१२७॥

If the 4th house is located in between malefic planets & the lord of the 4th house and Moon are not under the influence of benefics & the lord of the 9th house is weaker than the lord of the lagna, the person has alien birth. (127)

न वीक्ष्यते तदगुरुणा विलग्नं निशाकरो वा गुरुणा न दृष्टः ।

दिवाकरेणापि युते शशांके सपापचन्द्रे रविणा तथैव ॥१२८॥

If the Ascendant is not aspected by Jupiter, nor is Moon aspected by Jupiter or if Moon is associated with Sun & malefic planets, the birth is alien. (128)

TRANSLATOR'S NOTE

From this shloka it appears that Jupiter is a factor that makes relations real as opposed to aliens or adopted. While this is true, it has been observed in actual experience that in cases Jupiter is very heavily afflicted & then influences the stated factors it ceases to be a factor either of realship or of being benefic.

पापे शुभे मातृगृहे सपापे लग्नेश्वरे हीनबले सपापे ।

परांशकादौ सुखभे तदानीं जातो नरः स्यात्परजात एव ॥१२९॥

If the 9th house is occupied by a malefic planet, & so is the 4th & the lord of the lagna is weak, with a malefic and situated in the 4th

house in an inimical Navamsha, the man is born of others. (129)

If there is a benefic planet in the 4th house, the signifier of the 4th is Moon i.e. also with a benefic & the lord of the 4th house is strong, the mother is longlived. (130)

चंद्रे बलिष्ठे यदि वा भृगौ वा सौम्येक्षिते शोभनभागयुक्ते ।
चतुष्टय मातृगृहे शुभाग्रे मातुश्च दीर्घायुरुदाहरति ॥१३१॥

If Moon and Venus are strong & are aspected by benefics & are located in the Navamsha of a benefic planet, in the kendra & there is benefic planet in the 4th house, the mother of the native lives long. (131)

तस्मिन्च्छशांकाद्यादि केन्द्रयुक्ते मातुश्च दीर्घायुरुदाहरन्ति ॥१३२॥

See the lord of the Navamsha occupied by the lord of the 4th house. Then see the lord of the Navamsha occupied by the planet thus worked out. If the latter is strong in kendra from lagna & from Moon, the mother of the native lives long. (132)

पापातरे पापयुते शशांके पापेक्षिते मातृगृहे विनाशः ।
शुक्रातथैवं प्रवदंति संतस्तत्स्थानपद्मा कथयन्ति शेषम् ॥१३३॥

If Moon is in between malefic planets, with malefics and located in the 4th house, aspected by malefics, the mother is shortlived. This result also follows if by the similar affliction of the lord of the 4th house and Venus. (133)

निशाकरात्पापयुते स्मरे वा भृगोस्तथैवं जननीविनाशम् ।
सुखे शनौ मातृविनाशमेति पापेक्षिते चेदचिरेण नाशः ॥१३४॥

If Venus located in 7th from Moon is associated with malefics, the mother is shortlived. If Saturn located in 4th house is aspected by malefics, the mother dies soon. (134)

शुभेक्षितश्चेन्वरकालमृत्युमुदाहरत्यन्त्र महानुभावाः ।
पापग्रहाणां भवने शनौ तु पापान्विते मातृविनाशमेति ॥१३५॥

If Saturn located in the 4th house is under the aspect of benefic planets mother lives long. If however, Saturn in the 4th house is in the sign of a malefic planet and is also associated with a malefic the mother is shortlived. (135)

TRANSLATOR'S NOTE

Saturn in the 4th house means there are two factors of life of the mother i.e. the 4th house and the signifier of longevity in one place. Hence adversely afflicted they would denote short life & well influenced long life to mother.

मातृस्थानाधिपपस्याशराशीशो यन्त्रवांशके ।
तदंशनाधकिरणान्मातृकालं विनिर्दिशेत् ॥१३६॥

Find out the lord of the Navamsha occupied by the lord of the 4th house. Then see the lord of the Navamsha occupied by that lord. The longevity of the mother should be decided from the number of rays (See note under shloka 30) possessed by the latter lord. (136)

चतुर्गुणं शुभैर्द्वाष्टे कालमंबं विनिर्दिशेत् ॥१३८॥

तथैव तदभावनाथे हृत्कापटचं विनिर्दिशेत् ॥१४०॥

The author Shri Vyankatesh Sharma says that he has narrated the results of the 3rd and 4th houses in this chapter after taking into account the strength and weakness of planets and the aspects of benefics. Here end 3rd & 4th chapters.

CHAPTER-5 Consideration of 5th & 6th Houses

सुतभवनात्सुतबुद्धिमन्त्रिणामपि मंत्रभोजनपितृभावान् ।
हृदयोदरप्रवेशं विवेकशक्तिं च निर्दिशेन्मतिमान् ॥१॥

The wise should consider the following from the 5th house:—son, intelligence, ministers, mantra, eating, father, heart, belly, power of discrimination.

TRANSLATOR'S NOTE

It should be noted that the problems of heart and belly have been allotted by the author to one and the same house i.e. the 5th. Thus the 4th house relates to lungs & the 5th mostly to heart & belly. The lordship of the Sun—the planet representing the heart over the 5th house—would also suggest that heart's condition should be considered from the 5th sign & the 5th house.

नाथैः कलत्रात्मजधर्मभाना पुत्रादिचिन्ता कथयेत्सजीवैः ।
बुद्धिं तथा सोमसुतात्मजाभ्या पितृस्तथैवात्मजभाग्यसूयैः ॥२॥

SONS

The problems relating to the son should be considered from the lords of the 7th, 5th & 9th houses & (the signifier of the son) Jupiter. Intelligence from the 5th house (its lord) & Mercury, and the affairs relating to father from the 5th and 9th house and the Sun. (2)

TRANSLATOR'S NOTE

In regard to the house for the father, it would be observed that the 9th house has been taken as relating to him and not the 10th as some would take. The 5th house is relevant to consideration of affairs relating to the father only on the principle of "Bhavat Bhavam" i.e. 5th being 9th to 9th (the house of father).

पितृधनं याति सुखे सभानौ पुत्रे शशांके मरणं च मातुः ।
सुते शुभे शोभनदृष्टियोगे पुत्रं ददात्येव तदा तदीशो ॥३॥

If the Sun is in the 4th house, the native gets wealth from father. If Moon is then in the 5th mother dies soon (Moon being very weak). If a benefic planet occupies the 5th house & is under aspect of benefic planet & the lord of 5th a benefic, is under aspect of benefics, the native definitely gets a son. (3)

पुत्रस्थाने तदीशे वा गुरौ वा शुभवीक्षिते ।
शुभेन सहिते वापि पुत्रप्राप्तिर्न संशयः ॥४॥

Undoubtedly one gains a son if the 5th house, lord of the 5th house and Jupiter are with benefics and under the aspect of benefics. (4)

If the lord of the 5th house is located in a malefic Navamsha sign, or in its sign of debilitation, or is eclipsed or is aspected by malefic planets or is located in a bad house (6th, 8th or 9th), the yoga indicates the destruction of sons. (16)

If the lord of the 5th house is located in 6th, 8th or 12th house, in a malefic Shashti Amsha (1/60th division) & is aspected by a malefic planet, the yoga indicates the destruction of sons. (18)

If the lord of the Navamsha occupied by the lord of the 5th house is in lagna, the lord of the Navamsha occupied by the lord of the lagna is in 5th & the lord of the Navamsha occupied by Jupiter is in kendra, the sages declare it as a yoga for acquisition of a son. (20)

If the lord of the 5th house is located in Amsha such as "Paravat" & so also is the lord of the 9th & the lord of the lagna is under the aspect of a benefic planet, the great sages declare it as a yoga for acquisition of a son. (21)

A learned man should declare results in the present context, after due consideration of the yogas for the destruction of "family" & after careful consideration of the yogas for the existance or otherwise of the sons. (22)

FAMILY

A yoga for the discontinuance of the family tree will be constituted if Moon is located in the 10th, Venus in 7th and malefics in the 4th house and the lord of the lagna is located with Mercury. (23)

TRANSLATOR'S NOTE

Moon located in the 6th house from any house shortens the longevity of the relation represented by the house from which it is 6th. (vide shloka 19 chapter 30 Saravali). Hence in the case under consideration it being 6th from the house of progeny (5th) would destroy progeny. The malefics (many) located in the 4th house would have the effect of not only afflicting the Moon located in the 10th but weakening the longevity of progeny still further. The malefic square aspect of many malefics on Venus in the 7th house would also weaken the prospects of progeny.

पापग्रहा रिष्टसुताष्टमस्था वंशस्यविच्छेदकरोऽर्थहीनः ।
निशाकरे लग्नगते सजीवे तत्सप्तमे मूर्मिसुते शनौ वा ॥२४॥

If malefic planets are located in the 12th, 5th or the 8th house, the yoga indicates the discontinuance of the family tree & the man becomes bereft of wealth. If the Moon is in the lagna with Jupiter & Mars or Saturn is located in the 7th house the results follow. (24)

TRANSLATOR'S NOTE

The location of malefics in the 12th house would deny progeny as these would afflict the house of longevity (8th) of the progeny. The same results would follow by the affliction of the house of progeny (5th). The location of malefics in the 8th house would destroy the house of "family".

पापग्रहा बंधुगताश्च सर्वे वंशस्य विच्छेदकरोऽत्र जातः ।
लग्नात्यपुत्राष्टमराशियुक्तैः पापग्रहैर्वशविनाशहेतुः ॥२५॥

If all malefic planets are located in the 4th house, the yoga indicates the discontinuance of the family tree. Similarly, if the malefic planets occupy the 1st, 12th, 5th, 8th houses, then also the result is the same. (25)

TRANSLATOR'S NOTE

Why the location of all malefic planets in the 4th house destroys progeny is the question. The answer lies in the principle that the

heavy affliction of the 12th house leads to the destruction of the house from whom it is 12th. In this connection please refer to shloka 1, chapter 8 under 12th house.

शुभेतरा रंध्रविलग्नरिष्टे वंशस्य विच्छेदकरः सुतेज्जे ।
दारस्थिते सोमसुते सशुक्रे पापे सुखे देवगुरौ सुतस्ये ॥२६॥

If malefics are situated in the 8th, 1st, or the 12th house and Moon is in the 5th, the yoga leads to the extinction of the family tree. Same is the result if Mercury is in the 7th house with Venus, the 4th house is occupied by malefics and Jupiter is in the 5th. (26)

रंध्रे शशाकात्सहिते तु पापैर्वशस्य विच्छेदकरोत्र जातः ।
पापे विलग्ने सुखगे शशांके लग्नेश्वरे पंचमराशियुक्ते ॥२७॥
बलैर्विहीने यदि पुत्रनाथे वंशस्यविच्छेदकरोत्र जातः ।
क्षीणे शशांके तनुभावयुक्ते मूढान्विते मंदगृहे सुरेज्ये ॥२८॥

If many malefics occupy the 8th house from Moon, the yoga indicates the extinction of the family tree. It is seen if there is a malefic in the lagna, Moon is in the 4th house & the lord of the 5th house is in the 5th house, (27) and the lord of the 5th house is devoid of strength. The same result follows, if weak Moon is in the 1st house and Jupiter is in the sign of Saturn with Saturn. (28)

त्रिकोणगैः पापस्वरूपैः सर्वैः प्रागेव पुत्रस्य मुखस्य नाशः ।
चन्द्रात्मजे पंचमराशियुक्ते लग्ने सुखे वा यदि पापयुक्ते ॥२९॥

If all the planets are in the 5th or the 9th house, there is early denial of a son. So also If Mercury is located in the 5th house and the 1st & 4th houses are occupied by malefics. (29)

शुभेतरैः पंचमभावयुक्तैर्न दृश्यते पुत्रसुखं हि तेन ।

लग्ने शनौ देवगुरौ तु रंध्रे व्यये कुजे पुत्रजनिष्ठिचरेण ॥३१॥

If malefics occupy the 5th house, the yoga denies a son. If Mars is in lagna, Saturn in 8th, Sun in 5th, (30) but if most of these planets are aspected by benefic planets the native gets son long after marriage. If Saturn is in lagna, Jupiter in 8th & Mars in 12th, then also the native gets a son long after marriage. (31)

INTELLIGENCE

If the signifier of intelligence i.e. Mercury is full of strength, the lord of the 5th house is aspected by a benefic & the 5th house is occupied by a benefic planet the native possesses keen intellect. (34)

बुद्धिस्थानाधिपस्यांशराशीशे शुभवीक्षिते ।
वैशेषिकांशके वापि तीव्रबुद्धि समादिशेत ॥३५॥

If the lord of the Navamsha occupied by the lord of the 5th house is aspected by a benefic planet & is situated in "Vaisheshik" Amsha, the man possesses keen intelligence. (35)

If the lord of the Navamsha occupied by the lord of the 5th house is located in a kendra or trine and is aspected by the lord of the 5th house, the native possesses keen intelligence. (36)

शुभग्रहाणां मध्यस्ये बुद्धिराशौ शुभान्विते ।
गुरौ केन्द्रत्रिकोणे वा बुद्धिमार्गविशारदः ॥३७॥

If the 5th house is located in between benefic planets & the 5th house is occupied by benefic planets, Jupiter is in kendra or trine the native is learned & wise. (37)

बुद्धिस्थानाधिपे सौम्ये बुद्धिराशिगते गुरौ ।
शुभग्रहाणां मध्यस्ये भावे बुद्धि विनिर्दिशेत ॥३८॥

If a benefic planet is the lord of the 5th house, the 5th house is occupied by Jupiter, & the 5th house is in between benefic planets the native has much intelligence. (38)

बुद्धिस्थानेश्वरे केन्द्रे शुभग्रहसमन्विते ।
उच्चग्रहसमायुक्ते ग्रहणादिपटुर्भवेत ॥३९॥

If the lord of the 5th house is located in kendra with a benefic planet and is with a planet in exaltation, the native is highly efficient in picking up the meaning of the words uttered by others. (39)

मृदंशादिसमायुक्ते नाथकारकखेचरे ।

If the lord of the 5th house and Mercury are located in Mridu etc. Amsha & is aspected by benefic planets the native has an efficient & retentive memory. (40)

So also is the case if it is in "Gopur" etc. Amsha. (41)

परेंगितज्ञो मेधावी कारकस्थितभागापे ।
केद्रत्रिकोणसंयुक्ते कारकग्रहवीक्षिते ॥४२॥

If the lord of the signifier of intellect i.e. Mercury is located in a kendra or a trine & is aspected by Mercury the native is quick to understand the least hint thrown by others. (42)

नाथकारकसंयुक्ते त्र्यंशभोगपतौ शुभे ।
चतुष्टये त्रिकोणे वा शुभदृष्टेगितज्ञकृत् ॥४३॥

If the lord of the decante occupied by the lord of the 5th house and Mercury are benefic planets and are located in kendra or trine and are under the aspect of benefic planets, the native understands the least hint thrown to him (43)

पञ्चमे पापसंयुक्ते तदीशे पापसंयुते ।
क्रूरषष्ट्यंशके वापि बुद्धिनाशो भवेतदा ॥४४॥

If a malefic planet occupies the 5th house & the lord of the 5th house too is with a malefic planet & is located in a malefic Shashti amsha (1/60th division) the man has very little of intelligence. (44)

TRANSLATOR'S NOTE

If has been seen in experience that the aspect of Mars on the 5th house is conducive to intelligence, apparently due to the fact that Mars is a planet possessing keen intellect. Hence it is considered that by the term "malefic planet" only planets such as Saturn & Rahu should be taken.

नीचमूढारिगेहस्ये पापखेचरवीक्षिते ।
क्रूरषष्ट्यंशसंयुक्ते बुद्धिनाशो भवेतदा ॥४५॥

If the lord of the 5th house is occupying its sign of debilitation, or is eclipsed by the Sun, or is located in an inimical sign or is aspected by a malefic planet & is located in a malefic Shashti Amsha (1/60th division), the native has very little of intelligence. (45)

पंचमे मंदसंयुक्ते लग्नेशे मंदवीक्षिते ।
तदीशे पापसंयुक्ते बुद्धिजाड्यं समादिशेत् ॥४६॥

If Saturn is located in the 5th house, the lord of the lagna is aspected by Saturn & the lord of the 5th house is in association with malefic (other than Mars. See shloka 44), the native has very little of intelligence. (46)

मंदमांद्यगुसंयुक्ते पंचमे शुभवर्जिते ।
तदीशे पापसंदृष्टे विस्मृतिः प्रायशो भवेत् ॥४७॥

MEMORY

If there is no benefic planet in the 5th house, also this house contains Saturn, Mandi & Rahu, & the lord of the 5th house is aspected by malefic, the native often loses memory. (47)

TRANSLATOR'S NOTE

Each of the planets—Saturn, mandi and Rahu—are known for not only their scantiness but also for their power of removal. Hence memory a trait of 5th house is both made scanty & removed under the yoga stated.

बुद्धिविस्मृतिपूर्वा स्यात्कारके शुभसंयुते ।
तदीशे पापसंयुक्ते क्रूरषष्ट्यंशकेपि वा ॥४८॥

Memory should be subject to forgetfulness if Mercury is associated with benefic planet but the lord of the 5th house is with malefics (Saturn, Rahu etc) & is associated with the Shashti amsha of such malefics. (48)

सौम्ये तु बुद्धिभावस्थे गुरुशुक्रनिरीक्षिते ।
तादृशे बुद्धिनाथे वा सर्वेषां बुद्धिदो भवेत् ॥४९॥

If a benefic planet is located in the 5th house, and is aspected by Jupiter and Venus & the lord of the 5th house is also similarly aspected the native imparts his learning & intellect to others. (49)

ऊहापोहसमर्थः स्यात्दीशेगोपुराशके ॥५०॥

If in the yoga stated in the previous shloka the lord of the 5th house is situated in Gopur etc. Amsha, the native is all the more efficient in the exercise of his power of intelligence. (50)

If the lord of the sign occupied by Jupiter, is aspected by the lord of the lagna & the lord of the second house is strong, the man becomes a minister & a philanthropist. (51)

बुद्धीश्वरेण संयुक्ते गोपुराद्यशकान्विते ।
आगामिसूचको मंत्री कारके केंद्रकोणगे ॥५२॥

If the significator (Jupiter) is with the lord of the 5th house & is located in Gopur etc. Amsha in kendra trine the native is a minister and one that can foretell things. (52)

भृगौ सौम्यसमायुक्ते दूष्टे ताप्यां शुभांशके ।
त्रिकालज्ञी भवेज्जीवे स्वांशे मृद्धंशसंयुते ॥५३॥

If Jupiter is located in its own Navamsha and Mridu Amsha & is aspected by Venus and Mercury located in a benefic Navamsha the native is capable of knowing the past, present & future. (53)

गोपुराद्यशके वापि शुभांशे शुभवीक्षिते ।

If the lord of the 5th house is located in Amshas like "Gopur", in the Navamsha of a benefic planet, is aspected by a benefic planet, is itself a male planet & is associated with a male planet in the male Navamsha, the yoga indicates the first birth as of a good son. (54)

स्त्रीराशौ स्त्रीग्रहे प्राप्ते स्त्रीभावे पुत्रनायके ।
दारिकां प्रथमं विद्यात्पृष्ठांशे षट्मादिशात् ॥५५॥

If the lord of the 5th house is located in a female sign, with a female planet, in a female house, the yoga indicates the first birth as of a daughter. In case the lord of the 5th house is located in the Navamsha etc of a eunuch planet the child is a eunuch. (55)

नीचारिमूढगेहानां बिन्दुं त्यक्त्वा सुतान्वदेत् ॥५६॥

The number of good points falling in the sign occupied by Jupiter or those in the 5th house tell the number of sons under the Ashtak varga system but in the reckoning the points contributed by planets lords of the inimical or debilitation signs of the significator or by a planet that is eclipsed should be ignored. (56)

पुत्रस्थानेशकिरणात्पुत्रभावांशकाद्वदेत् ।
रश्मिजालौगुरुरोर्वापि बलोत्कर्षाद्वदेतथा ॥५७॥

The number of sons should be determined from the number of rays possessed by the lord of the 5th house or by the number of the Navamshas in the 5th house or from the rays possessed by Jupiter. (57)

लग्नपुत्रेश्वराभ्यां तु मित्रत्वेनैव मित्रता ।
शत्रुत्वे शात्रवं प्रोत्तं समत्ये समता भवेत् ॥५८॥

If the lords of the 5th and the lagna are mutual friends, there is friendship between the native and his son. If they are mutual enemies, enmity between the two should be declared. If the two planets are neutral there is neutrality between the two. (58)

लग्नेपुत्रेश्वरौ खेटौ परस्परनिरीक्षितौ ।
परस्परगृहांशस्यौ शुश्रूषां कारयेत्सुतः ॥५९॥

If the lords of the first and the 5th houses mutually aspect each other or they are located in the Navamsha of each other, the yoga indicates that the son will serve the father i.e. the native. (59)

लग्नं पश्यति वा पुत्रनाथे लग्नान्विते यदि ।
लग्नेश्वरे सुतक्षें वा पुत्रो वाक्यवशानुगः ॥६०॥

If the lord of the 5th house aspects the lagna or is located in the lagna & if the lord of the lagna is located in the 5th house, the son carries out the orders of the father of the native. (60)

पुत्रस्थानेश्वरे दुःस्थे लग्नेशेनापि वीक्षिते ।
संदृष्टे कुजराहुभ्यां नित्यं पितृविदूषकः ॥६१॥

If the lord of the 5th house is located in 6th, 8th or 12th house and is aspected by the lord of the lagna & also by Mars & Rahu, the son is always opposed to the father i.e. to the native. (61)

पंचमे गुरुशूक्राभ्यां सवित्रा सहिते॒३थ वा ।

If Sun is in the 5th house along with Jupiter and Venus or if Sun is in the signs of Jupiter or Venus in the 5th house, the son dominates over the native. (62)

तृतीयेशे तृतीयस्थे पंचमेशे सुखं गते ।
शुभोच्चखेटसंयुक्ते जातो भोजयिता भवेत् ॥६३॥

If the lord of the 3rd house occupies the 3rd house itself, the lord of the 5th is in the 4th house with a benefic planet in exaltation, the son feeds the father very well. (63)

TRANSLATOR'S NOTE

The 3rd house in the horoscope of any body is the 11th house of his son i.e. the arms of his son. If the lord of the 3rd house is in the 3rd, it will influence the 9th house—the house of the father in a deliberate manner & in case it is a benefic planet it would act to the advantage of the father. Similarly, if the lord of the 5th house is in the 4th with strong benefics it will influence the 10th house i.e. the 2nd house or the mouth of the father, which means the son will feed the father.

अन्नदानपरो नित्यं पञ्चमेशो शुभंगते ।

CHARITY

If the lord of the 5th house is located in the 9th house and is located with benefic planets & aspected also by such planets, the native is always engaged in feeding others. (64)

TRANSLATOR'S NOTE

Charity of food articles is indicated by the fact that the 5th house is 9th from 9th & acts as 9th on the principle of "Bhavat bhavam". Another reason is the fact that the 5th house being second to the house of masses (4th) stands for the mouth of the public which is benefitted by good influence.

हृदये पापसंयुक्ते तदीशो पापसंयुते ।
पापग्रहाणां मध्यस्थे हृद्रुतं रोगमादिशेत् ॥६५॥

BELLY

If a malefic planet occupies the 5th house & the lord of the 5th is located with malefics or in between malefics, disease in belly should be declared. (65)

If the lord of the Navamsha occupied by the lord of the 5th house is located in a malefic Shashti Amsha (1/60th division) & is aspected by a malefic planet, the native suffers from pain in the belly. (66)

तन्नाथे नाशभावस्थे नाशस्थानेशसंयुते ।
नीचारिमूढभावे वा हृद्रुतं रोगमादिशेत् ॥६७॥

If the lord of the 5th house is located in the 8th house & is with the lord of the 8th, or is in its sign of debilitation, or in inimical sign, or is eclipsed, the disease in the belly is indicated. (67)

6th HOUSE

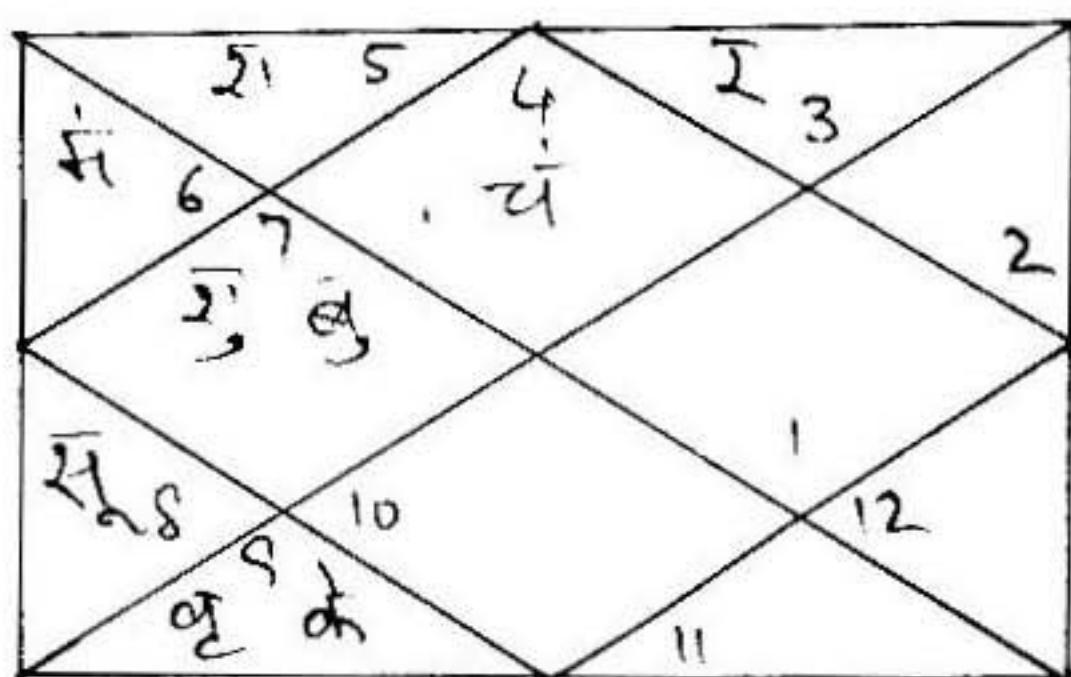

अरिभवनादरिचोरक्षतविघ्नकलेशनाभ्युदरदेशान् ।
मधुरादिष्टु पदंशान् ग्रहराश्युदितान् वदेत्प्राज्ञः ॥१॥

The following should be considered from the 6th house by examining the influence of signs & planets, enemies, thieves, injuries, obstacles, sorrow, naval region of the body (intestines, kidneys etc) venereal diseases. (1)

TRANSLATOR'S NOTE

The author has not said much on the question of enemies to which the house number 6 is very intimately connected. In this connection it may be stated that exclusive influence of benefic planets on the 6th house and its lord indicates the absence of enemies.

The affliction by malefics of the 6th house and its lord leads to the creation of enemies, while the question who will win whether the native or his enemies has to be decided from the fact as to who is more strong. If the lagna & its lord are stronger than the 6th house and its lord the native wins & if otherwise is the case, the enemies win. The aspect of planets whether benefics or malefics has to be given more weight than the association of planets. The horoscope of Shri J.L. Nehru is an illustration in this context. His horoscope is as under. The fact that Jupiter in dignity is in

the house of enemies with Ketu aspected by Mars means he has mighty enemies. Their nature is denoted by the nature of the influence falling on the 6th house. The 6th house is aspected by Mars, lord of the 10th house (government) & of the sign occupied by the Sun (again government). Hence his lifelong struggle against the British Empire. But the enemy was ultimately defeated due to the fact that the lagna & its lord Moon are stronger than the 6th

house and its lord Jupiter. Moon has much strength by virtue not only of being in its own sign in kendra, but also due to being away from the Sun while Jupiter though in its own sign is a smaller planet in natural strength than Moon. Then Moon has the malefic side influence on Saturn and Rahu whereas Jupiter has aspect (as distinct from association) of Mars & Rahu. Hence Nehru won against the British Empire.

BOILS

If the lord of the 6th house is in lagna in the company of a malefic planet or if it is in the 8th house with a malefic, the yoga indicates boils or wounds in the body. If the lord of the 6th house is located in the 10th house with a malefic planet under the aspect of a malefic, it also gives the same trouble. (2)

The wound etc to father etc should be predicted by the influence of the lord of the 6th house on the lord & signifier of father etc, with due consideration to the intensity of the influence of the malefics involved. (3)

शिरोकदिर्मुखं कठं श्रोत्रं नासा च गृह्णकम् ।

पाणी पाश्वौ दृशौ पादौ प्रपदौ कुक्षिमादिशेत् ॥४॥

The 6th house afflicted gives trouble in the limb represented by the planet afflicted in the 6th house. To locate the trouble the limbs represented by the planets is stated by the author as under:-

Sun is head, Moon is face, Mars is neck, Mercury ears, Jupiter is nostrils, Venus is private parts, Saturn is hands, Sun is again sides. Moon is eyes, Mars feet, Mercury intestines, Jupiter belly. (4)

लग्नेशभूपुत्रशशांकपुत्राः सहस्थिताः सौख्यगृहे व्यये वा ।

अपानरोगं त्वय वापत्रित्रं पश्यन्ति षष्ठं मुनयो वदन्ति ॥५॥

If the lord of the Ascendant, Mars and Mercury are located together in the 4th or the 12th house influencing the 6th house the yoga indicates disease near the rectum. (5)

शशांकतत्पुत्रविलग्ननाथाः सराहवः केतुयुतास्तदंगे ।

वैश्यं तु कुष्ठं मुनयो वदन्ति शुभेक्षितास्तत्र भवेतदानीम् ॥६॥

If Moon, Mercury & the lord of the lagna are together with Rahu or Ketu in any sign, the yoga indicates leprosy. It would be in par-

ticular limb represented by the sign, if these planets are aspected by a benefic planet. (6)

TRANSLATOR'S NOTE

Moon represents blood in the body, Mercury stands for skin, the lord of the lagna stands for the body as a whole. Hence blood & skin all over the body would be polluted and diseased when these three planets are under the influence of Rahu.

विना विलग्नाधिपति ग्रहेषु लग्नस्थितेष्वत्र तु कुष्ठभाक् स्यात् ।
पित्रादिकानां फलमेवमाहुर्मुनीश्वरा : कारकभावनाथैः ॥७॥

If the planets Moon and Mercury are in the lagna under the influence of Rahu, the disease of leprosy would be there, but not when the lord of the lagna is also in the lagna. Thus by the affliction by Rahu of Moon & Mercury along with the lord of the 9th house and Sun, should leprosy be declared to the father, so also to other relations through their house lords & signifiers. (7)

पैत्रं तु कुष्ठं कुजसंयुतेषु शैत्यं भवेन्मन्दसमन्वितेषु ।
रक्तं तदा सूर्यसमन्वितेषु ग्रहोत्तदेशे नियतं तदाहुः ॥८॥

If the planets afflicted by Rahu include Mars along with Moon and Mercury the leprosy is the result of defective bile in the body, If Saturn is included like Mars, it is the result of cold, if Sun is included it is caused by blood pollution. (8)

लग्नेशषष्ठाधिपती दिनेशयुक्तौ ज्वरं चद्रसमन्वितौ चेत् ।
जलेन गंडं क्षितिसूनयुक्ते युद्धेन वा स्फोटकराशिभिर्वा ॥९॥

If the lord of the lagna & that of the 6th house are both located with the Sun, the yoga indicates fever in the body, if the two are with Moon the trouble will be caused by water, If the two are with Mars the trouble is from battle or from wounds boils etc. (9)

चैतेन रोगेण बुधेन युक्तौ निव्याधिकौ जीवसमन्वितौ चेत् ।
शुक्रेण भार्याविपदं वदंति मंदेन नीचानिलरोगमाहुः ॥१०॥

If the two planets i.e. the lord of the lagna and the lord of the 6th house are associated with Mercury there will be mental trouble to the native, if the two are associated with Jupiter, there would be absense of disease, if the two are associated with Venus trouble comes from wife, if with Saturn it indicates chronic type of nervous troubles. (10)

If the lord of the 1st and the 6th houses are located with Rahu or Ketu trouble comes by snake bite, thieves, fire & from nervous disorders. (10)

सराहुकेतुर्यदि सर्पयोडा चौरागिनभीवात्मयात्प्रमादः ।
षष्ठेश्वरश्चन्द्रसुतेन युक्तः सागुर्विलाने स्वयमन् शिश्नम् ॥११॥

If the lord of the 6th house is located in the Ascendant with Mercury and Rahu and these planets are without any benefic aspect, the native himself takes measures for the removal of his private organ. If Mars also joins the removal is due to disease in that organ. (11)

TRANSLATOR'S NOTE

The lord of the 6th denotes trouble, Rahu is a planet of separation or removal and Mercury with Rahu makes Rahu all the more effective instrument of removal. The role of lagna is that of deliberate self. The "Removal" influence falls on the 7th—the private organ.

छिनत्यसौ सौम्यदृशा विहीनः सभूमिपुत्रो यदि लिंगरोगातः ।
कामेश्वरः शुक्रयुतो रिपुस्थः कलत्रषंदत्त्वमुदीरयन्ति ॥१२॥

If the lord of the 7th house and Venus are both located in the 6th house, the yoga indicates that the wife of the native is sterile. (12)

TRANSLATOR'S NOTE

The lord of the 7th and Venus combined denote fully the wife, for one is the lord of the house of wife and the other the signifier thereof. Their location in the 6th house, the house of deficiency and want, denotes the deficiency & want of power of procreation. The yoga in our opinion will be more effective if the lord of the lagna is also afflicted by the lord of the 6th house or by Rahu and Saturn—planets of dearth & want, for the lord of the lagna would represent the private organ of wife.

षष्ठेशलग्नाधिपती समदौ केन्द्रत्रिकोणे यदि बन्धनं स्यात् ।
सराहुकेतुर्यदि केन्द्रकोणे वदन्ति तज्ज्ञा निगडं तदानीम् ॥१३॥

If the lords of the 6th house and that of the Ascendant are located with Saturn in a kendra or a trine, the yoga indicates that the native would be imprisoned.

If the lord of the 6th house & that of the lagna Saturn and Rahu are in a kendra or trine it also denotes the same thing. (13)

TRANSLATOR'S NOTE

The lagna and its lord denote the body as a whole of the native. The lord of the 6th, Saturn and Rahu are planets of "Restriction". Hence when these planets are together the yoga constituted

denotes restriction on the movement of the body. These restrictions would be all the more severe if these planets are located in kendra trine, for such a location of the planets causes their influence to be felt by the Ascendant (body again).

पित्रादिनत्कारकमावनाथे : पित्रादिकाना फलमाहुरन्ये ।
तत्तदग्रहाणां परिपाककाले त्वन्तर्दशायामध वा वदन्ति ॥१४॥

Others opine that imprisonment to father etc should be predicted by taking into consideration the lord by of the house concerned and its signifier in association with Saturn, Rahu and the lord of the 6th house located in kendra or trine to the house concerned. This result would fructify in the main and the sub ruling periods that cause the yoga of imprisonment by afflicting the lord of the lagna of the relative concerned. (14)

धर्मे शनौ वा सगुरौ तृतीयं करच्छिदोSकं निधने व्यये वा ।

If Saturn and Jupiter are in the 3rd or Saturn is in 9th & Jupiter in 3rd, Sun in 12th or 8th house or if Moon & Mars are located in the 7th or 8th house with Rahu the native has his hands severed. (15)

कर्मस्थिताश्चेद्येदि राहुमन्दसौम्या : पदच्छेदयुतोSत्र जातः ।
शुक्रज्येऽष्टे दिवसाधिनाथे सारे शनौ वा फणिनाथयुक्ते ॥१६॥

If Rahu, Saturn and Mercury are located in the 10th house the man gets his feet severed. Also if Sun & Venus influence Jupiter & Saturn is located with Mars & Rahu. (16)

क्रूरादिष्टचंशसमन्विते वा विच्छेदनं तच्छिरसो वदन्ति ।
मन्दे विलाने मदने सराहो कमन्विते भागवनन्दने च ॥१७॥

If Saturn is in lagna, Rahu is in 7th, Venus in the 10th & these planets occupy malefic Shashti amshas (1/60th division) the native gets his head severed. (17)

कृष्ण शशांके मदराशियुक्ते विच्छिन्नहस्तः स भवेत्पदेन ।

If Moon in dark half occupies the 7th house, Mars is in lagna or in the Navamsha of the sign in the lagna, and Moon of the dark half is with Sun, the man loses both arms & feet. (18)

TRANSLATOR'S NOTE

It is difficult to see how feet or arms as such are involved in the yoga, but this much is clear that both the Ascendant and the Moon which stand for the body should be weak. A weak Moon in 7th

house will not only suffer himself but would afflict the lagna too by its 7th aspect. Similarly, Mars influencing lagna would be highly injurious to body as a whole.(18)

फणीन्द्रचंद्रात्मजसंयुते करश्याभिमृते हुदरस्य भेदः ।
मदादये सौम्यदृशा विहीने सर्पाक्षयुतेयदि कृष्णचन्द्रे ॥२९॥
शस्त्रेण कुर्वेदलानं वदेति जातस्य दर्शे मुनयो महान्तः ॥३०॥

If Rahu, Moon are eclipsed by the rays of the Sun, the native gets his belly cut open. If Saturn is located in the lagna without any benefic aspect i.e. Moon in dark half is in association with Rahu and Sun, the native gets his belly severed by a weapon particularly if Moon is in degree to degree conjunction with the Sun. (20)

द्वीणे शशांके फण्णनाधदृष्टे सौरौ शिरस्यास्य निकृतनं स्यात् ।
लाने शनौ सोमसुते स्वगंहे शौर्ये चतुर्थे सत्रुघ्नेऽस्तिहरत्रः ॥३१॥

If Moon is weak in "Paksha" strength i.e. it is located within 72 degrees from the Sun and is aspected by Rahu who also aspects Saturn situated with the Moon, the yoga indicates severance of the head of the native. If lagna contains Saturn & Mercury is in lagna in its own sign or if Saturn is with Mercury in the 3rd or the 4th house, the man is small. (21)

TRANSLATOR'S NOTE

The very name of Mercury is अतिदीर्घः : i.e. very long in size. Similarly, Saturn is also long in size (see shlokas 60 & 64 of chapter 1). The influence of Mercury and Saturn on lagna as implied by the shloka should in our opinion indicate long size. The term हरस्व may probably mean here low in Status which Saturn surely is.

मंदमांद्यगुसंयुते तस्य दुर्मरणं भवेत् ॥३२॥

If Moon located in 6th, 8th or 12th house, is aspected by the lord of the lagna, and is associated with Saturn, Mandi and Rahu, the native meets a miserable death. (22)

TRANSLATOR'S NOTE

The mode of death is seen by the nature of the influence falling inter alia on the lagnas & their lords. In the case under consideration both the lagna and the chandra lagna is involved & these are influenced in worst houses by worst planets. Hence worst type of death.

नीचारातिविमृढांशं मन्दे पागन्त्रितेक्षिते ।
क्रूरपाटधंशसंयुते तस्य दुर्मरणं भवेत् ॥३३॥

If Saturn is located in his sign of debilitation or in inimical sign or is eclipsed by the Sun & is associated with and aspected by malefic planets i.e. situated in a malefic Shashti amsha (1/60th division), the man meets a miserable death. (23)

TRANSLATOR'S NOTE

Since the death and longevity are denoted by the lagna, 8th house and Saturn, Saturn too like the lagna and the 8th house denotes the mode of death through the nature of influence falling on it. This shloka thus studies the influence on Saturn—the signifier of longevity.

रंग्रेश्वरस्थितयंशे पाशसप्दिसंजके ।
दृकाणे मरणं व्याधिरुद्ध्रान्मरणं वदेत् ॥२४॥

If the decante occupied by the lord of the 8th house in Pash or Sarpa (see shloka 12 of chapter 17), the native dies by disease or being hanged. (24)

मंदमांद्यगुसंयुक्ते रंग्रेशस्थनिभागाणे ।
तयाविधेकपुत्रे वा हरयुधान्मरणं वदेत् ॥२५॥

If the lord of the decante in the 8th house is located with Saturn, Mandi, Rahu, and so also be Saturn, the native dies by being hanged. (25)

If the lord of the 6th house is aspected by a benefic, or is associated with a benefic and is located in the sign of a benefic planet, this constitutes a yoga for friendship with the enemy. (48)

TRANSLATOR'S NOTE

If the 6th house and its lord are entirely under benefic influence, the yoga indicates the absence of enemies. In case there is some

malefic influences but by far the most benefic ones the yoga indicates enmity & the friendship.

CHAPTER — 6

CONSIDERATION OF 7TH HOUSE

युवतिपदादुद्वाहं भार्यापतिसूपदधिगुडक्षीरम् ।
आगमगमनमदार्ति ब्रूयान्मूत्राशयं च नष्टधनम् ॥१॥

The following should be considered from the 7th house:-

Marriage, wife, husband, pulses, curd, gur, milk, coming and going, urge for sex, urinal place and lost wealth. (1)

शुक्रे कलने त्वतिकामुकः स्यादबुधेऽन्ययोषानिरतो गुणौ तु ।
स्वदारसत्तो दिननाथपुत्रे कुदाररम्यः सुपतौ सुदारः ॥२॥

SEX

If Venus is located in the 7th house, the native is overridden with sex, if it be Mercury there then he has affairs with another woman. If it be Jupiter he lives only with his wife, if Saturn he has affairs with a bad woman. If the lord of the 7th house is a benefic planet he has a good wife. (2)

कुजे बहुस्त्रीपुरतः कुलघ्नो भातौ कुटुम्बी बहुदारसत्तः ।
लग्नस्थिता वित्तकलनाशनुनाथा: सशुक्रा यदि पापयुक्ता: ॥३॥
जातः परस्त्रीषु रतः कुमार्गी शुभेक्षितश्चेन्न तथा भवेच्च ।
लग्नारिणै पापयुक्तौ यदि स्याज्जातः परस्त्रीषु रतः कुमार्गी ॥४॥

If Mars is located in the 7th house, the native even though having many wives has affairs with other women and thereby destroys his family (brings bad name to it). If it is Sun the native has a family but is attached to many women. If the lords of the 2nd, 7th, & 6th house occupy the Ascendant along with Venus & are associated with malefics the native has bad ways & is attached to other women. If these are aspected by benefics it is not so. If the lords of the 6th and the 1st houses are located with malefics, then also the native has bad ways and is attached to other women. (3, 4)

If the lords of the 1st, 6th and 2nd are with malefics or if Saturn is in the 7th house with the lord of the 7th & malefics the native is attached to other women in his own family. (5)

If the lord of the 7th house is located with Rahu or Ketu & is aspected by malefics, the yoga is one of adultery. If the lords of the 10th, 2nd and 7th houses are located in the 10th, the yoga is again one of adultery. (6)

Even if one of the three planets i.e. lords of the tenth, 2nd, 7th is located in the 4th house the native resorts to adultery. If the lords of the 5th and the 7th houses are strong & are associated with or aspected by the lord of the 6th, the native has no progeny. If the two planets & the lord of the 6th occupy the 7th house aspected by a benefic he gets son from another woman. If the lord of the 7th house is located in the 2nd house, under the aspect of Mars the native gets son from another woman. (8)

If the lords of the 5th and the 9th houses along with the lord of the 7th house are located in 6th, 8th or 12th house and are neither in association with nor under aspect of a benefic, the man does not get a son even if he has many wives. (9)

If a weak (away from the Sun by not more than 72 degrees) Moon is located in the 7th house with a malefic planet, the native is adulterous. So also is the case if the lord of the 7th house is located in the lagna with a malefic. (10)

सुतेशे दारभं याते तदीशे पापसंयुते ।

If the lord of the 5th house is located in the 7th, and the lord of the 7th house is with a malefic and Venus is weak, the wife of the native dies as a result of (loss etc of) pregnancy. (11)

If the 7th house is occupied by Venus in its sign of debilitation or if Moon is in its sign of debilitation in the 7th house the wife dies by drowning. If the lord of the 7th house is located in the decantes going by the name of "Paash" & "Bhujang" (Ropet & serpent) the wife dies by hanging. (12)

If the lord of the 7th house is with Rahu and Māndi and is in decante going by the name of Bhujanga i.e. serpent, the wife dies by taking poison. If the lord of the 2nd house is located in the 2nd house itself & the lord of the 7th is also in its own sign in the 7th, the man has only one wife. (13)

TRANSLATOR'S NOTE

When the lords of the 2nd and the 7th are occupying their own signs in the 2nd and 7th houses respectively, the two houses would become strong. Since both of these houses stand for the longevity of wife, the first wife would be long living without necessitating a second marriage.

The number of planets located with the lords of the 2nd and the 7th houses give the number of wives. The number is also determined from the number of planets in association with the lord of the sign occupied by the lord of the 7th house. (14)

कलत्रेशे बहुगुणे तुझावक्रादिहेतुभिः ।
बहुभार्यं नरं विद्यादुदयक्षंगतेष्विपि वा ॥१५॥

If the lord of the 7th house is very nice by virtue of being in retrogression, exaltation etc, the man gets many wives, so also is the case when a strong Venus is in the Ascendant. (15)

Two marriages should be predicted if the lord of the lagna is located in the 8th house, the 7th house is occupied by a malefic & the lord of the 2nd is with a malefic. (16)

TRANSLATOR'S NOTE

It is easy to see that the malefic affliction to the 7th & 2nd houses & their lords leads to the death of the first wife & hence to the 2nd marriage. The author states that the location of the lord of lagna in

the 8th house also leads to the same result. This is apparently based on the principle of "Bhavat bhavam" under which the first house being 7th to 7th would be treated as 7th and as such its destruction of the first wife & consequently to the 2nd marriage. (16)

If both the 2nd & the 7th are occupied by many malefic planets & the lord of the 7th house is aspected by a malefic the native has to marry thrice, one after another, as a result of death of wives. (23)

लग्ने कुटुम्बे दारे वा पापखेचरसंयुते ।
दारेशे नीचमूढादौ कलत्रत्रयभाग्भवेत् ॥२४॥

If there are malefic planets in the Ascendant, the 2nd house or in the 7th and the lord of the 7th house is weak by being eclipsed or being in its sign of debilitation, the man has to marry thrice. (24)

If the lord of the 1st of the 7th house is in its sign of debilitation, or is eclipsed by the rays of the Sun, and is situated in malefic Shashti amsha, the native has to marry a second time. (25)

दारेशस्थनवाशेशे नीचमूढारिभांशके पापांतरे पापदृष्टे कलत्रांतरभाग्भवेत् ॥२६॥

If the lord of the Navamsha occupied by the lord of the 7th house is located in turn in a Navamsha belonging to its enemy or to its sign of debilitation or is with the Sun and is situated in between malefics & aspected by malefics the native has to marry a second time. (26)

एवं कुटुम्बनाथेन कारकस्थांशपेन वा ।

Similarly if the lord of the 2nd house or the lord of the Navamsha occupied by the signifier (Venus) is in between malefics and so also are the 7th house and its lord the yoga should be considered as destructive of the first wife. (27)

लग्नेश्वरात्कर्मगते सोमपुत्रे बलान्विते ।

If a strong Mercury is located in the 10th house from the lord of the 1st house and Moon is located (in strength) in the 3rd from the lord of the 7th house, the native lives with many wives. (28)

TRANSLATOR'S NOTE

Mercury in strength is not only a female planet in strength, but also a factor of plurality in strength. Located in 10th from the lord

of the lagna Mercury would make the traits of the lagna lord plural as it would throw its 3/4th aspect on it. Since the lagna is 7th to 7th, it represents 7th i.e. wife & hence wife would be made plural by the said yoga. Similarly Moon is also a female planet like Mercury in 10th (upchaya) Moon would also be in an upchaya house from the lord of the 7th & would denote gain of wives. For the relevance of upchaya houses to the problem of many wives see also shloka 30 & 31.

If the lord of the 12th and the 2nd houses are located in the 3rd house and are aspected by Jupiter or by the lord of the 9th house, the native has many wives. (29)

TRANSLATOR'S NOTE

The 12th house stands for विवाह according to the dictum "त्यज मेष विवाहेषु". The 2nd also denotes marriage according to Maharshi Parashar vide shloka 9 chapter 22 bphs. Hence when the lords of these houses are located in the 3rd house—an upchaya (gain) house, the yoga would denote much gain of wives particularly when aspected by the best of benefics i.e. Jupiter & the priest for marriage & by another best of planets viz the lord of the 9th house. It would also be noted that the 3rd house is 2nd to 2nd and 4th to 12th i.e. very well placed from both. For this reason too the prospects of the 12th and the 2nd (marriage) would prosper.

If Sun as the lord of the 7th house is strong, with benefics and located in the Navamsha sign of a benefic & is aspected by a benefic planet & is the friend of the lord of the lagna the wife is devoted to the husband. (47)

TRANSLATOR'S NOTE

One of the conditions for the loyalty of the wife laid down is that the lord of the 7th house should be a friend of the lord of the lagna. This is generally not so as the two planets involved in the case of every Ascendant are mutually inimical. What is probably meant is that the lord of the 7th house should be a temporary friend of the lord of the lagna (see shloka 97 of chapter 1).

If the lord of the 7th house and of the first house are located in the lagna close to each other in degreecal position, the native gets married early in boyhood. The same will be the result if natural benefic planets are located close to both the Ascendant and the 7th house. (59)

TRANSLATOR'S NOTE

This is an important shloka of much use and demand in actual life. The lagna has two roles to play: one is that of "self" & the other as of the 7th house on the principle of "Bhavat Bhavam". The lord of the house of marriage connected with self i.e. the lagna obviously signifies easy acquisition of marriage. The placement of benefic planets near the two houses of marriage would also boost these houses & thereby bring about marriage at early date.

If the signifier of the 7th house i.e. Venus alongwith the other three planets mentioned in the previous shloka are located in malefic amshas but are located with benefics, are under benefic aspect, the native meeting financial loss soon after marriage again gets good financial prospects. (64)

If the lord of the 7th house is with a malefic planet in a trine & the signifier of the 7th house (Venus) is also with a malefic or is in the 2nd house or the 10th house the prospects of the native rise much after his marriage. (65)

माने सपापे यदि वा कुटुंबे भाग्येथ वा पापयुते कलत्रे ।

If the lord of the 7th house is located in the 10th house with a malefic planet, or it is in 2nd house or the 9th with malefics & is in the Navamsha of malefics & aspected by malefics and the 7th house is occupied by malefics, the prospects shine much after marriage of the native. (66)

पुत्रादिलाभेष्वयमेव मार्गस्तं चित्यित्वा प्रवदेत्सुतादीन् ॥६७॥

The same line of thinking should be adopted in the question relating to the early or late acquisition of sons i.e. malefic influence on the relevant factors has a delaying effect. (67)

If the lord of the 7th house is weaker than the lord of the lagna & is located in the Navamsha of its inimical sign or is eclipsed, is in the Navamsha of its sign of debilitation or is with a planet in debilitation, the wife comes from a low family. (68)

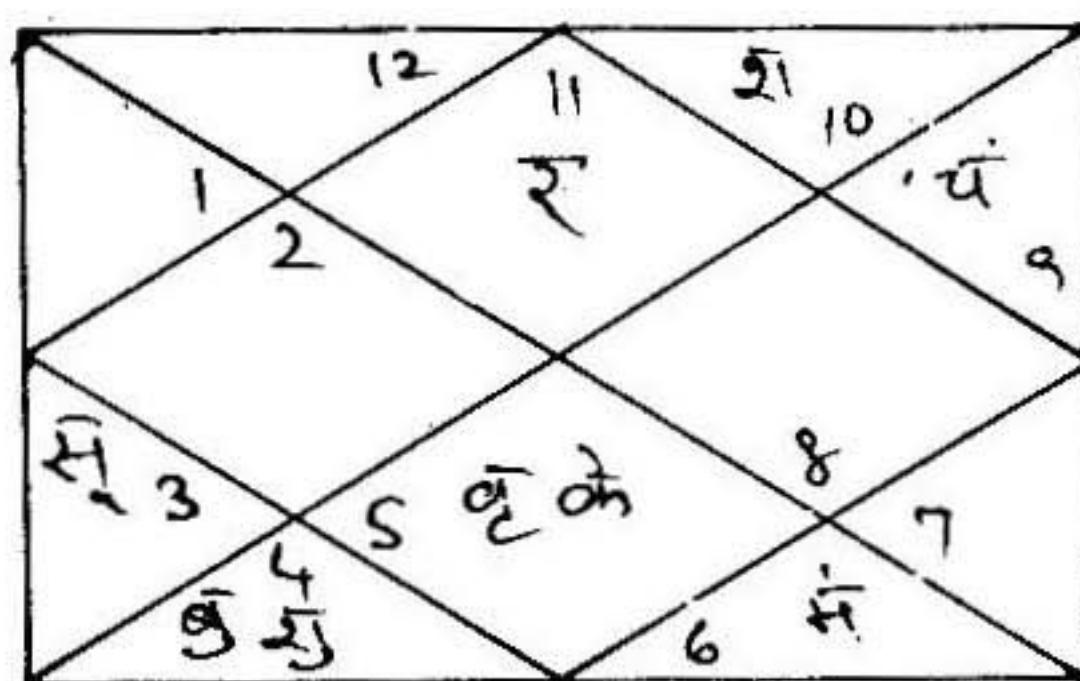

लग्नेश्वरात्पूर्णबले कलत्रनाथे शुभाशे शुभदृष्टियुक्ते ।

If the lord of the 7th house is stronger than the lord of the 1st house & is located in the Navamsha of a benefic planet, is under the aspect of a benefic planet, or is located in "Vaisheshik" amsha or in the highest degree of its exaltation, the wife comes from a very high family. (69)

TRANSLATOR'S NOTE

The nativity with Aquarius Ascendant sometimes offers a good example of a man marrying a girl much above his status, particularly when Sun is under benefic influence, for the reason that Sun, the lord of the 7th house (wife), is very much higher in status to Saturn, lord of the lagna, (native) who is classed as most inferior in scale.

Here is an example of a man belonging to upper middle class who married a princess belonging to one of the erstwhile states of India. The data has been withheld for obvious reasons. It would be

			Sum
Rahu L			Ven. Mer.
Sat.			Jup. Sat.
Moon			Mars.

seen that the royal Sun is not only the lord of the 7th house representing wife but is also fully aspected by a very strong royal benefic Moon, who it would be noted is the dispositor of two benefics viz Venus and Mercury. There is thus benefic influence on the already royal Sun of as many as 3 benefics. Again mark the fact that Jupiter occupying the house of wife is not only a benefic himself but is a planet of value being lord of two houses of value viz of 2nd & the 11th. Such an excellent Jupiter is the dispositor of the most strong and royal Moon. Hence the influence of Jupiter on the 7th house and of Moon on the lord of the 7th house gave a princess in marriage. The signifier of marriage viz Venus is also located in between the royal influence of Moon on one side of it and of its dispositor Jupiter on the other. No wonder then for marriage of a layman with a princess.

The comparison should be carried out as between the lord of the lagna on one side and the lord of the 7th house or that of the 2nd from the 7th house. If the two sides are equally balanced the status of the wife and the husband is equal. It denotes a wife of good character and devoted to the husband. (72)

sign or it will be the sign 5th or 9th to the 3 signs arrived at by the three factors mentioned above. In case the sign thus arrived at is not suitable from the point of view of getting sons (as determined from the 5th house etc) it may be other rashi as mentioned below (78).

गोसिंहकन्यादिषु जन्मराशि : स्त्रीणां भवेज्जन्मनि वाल्पपुत्रा ।
शुभग्रहैराक्रमितेषु तेषु सुतान्वदेत्तत्र बहून्नुणादयान् ॥७९॥

In case the lagna thus arrived at for the wife is Taurus, Leo or Virgo, it gives very few sons. If however there is benefic influence on these 3 signs, there will be sons with good qualities. (79)

TRANSLATOR'S NOTE

The idea behind the method stated in shloka 77 for finding out the lagna of the wife is to find out the predominating influence on the factors that represent wife. Since under the fundamental principle of astrology all problems have to be tackled by a consideration of the house concerned, its lord and the signifier involved, we think we should determine the dominant planet & its sign that influence the 3 fundamental factors. We suggest our own horoscope as an illustration. We will tackle the problem of the sign of our younger & elder brother.

Sign in the 3rd house is Virgo. This 3rd house, its lord and Mars the signifier of younger brothers have to be taken as the basic influenced factors. Virgo or the sign of Saturn may be the brothers sign, the lord of 3rd Mercury is influenced by Jupiter, Sun, Mars & Venus. It may give a sign belonging to any one of these. The signifier Mars is influenced by Sun, Mercury, Jupiter and Venus. It may give the sign of any of these. Since Mercury is involved in all the three cases & is thus dominant, the younger brother should be born with Virgo as his Ascendant, which is actually the case. Similarly in the case of elder brother the sign in

the 11th house, Moon & Saturn aspecting it, Leo in which the signifier of elder brothers viz Jupiter is situated or Venus who is influencing Jupiter through the 9th aspect of Ketu aspected by Venus may give their sign. Since Venus has the predominant influence on the relevant factors, Taurus—the sign of Venus in the 11th house—wins. Hence Taurus is the lagna of the elder brother which is actually the case.

राहौ कलत्रे भौमे वा सुखे तादृशमैथुनम् ॥८७॥

The native engages himself in the sexual act like an animal, if Sun, Saturn and Mars occupy the 4th house. The same result should be there if Rahu is in the 7th house and Mars in 4th. (87)

Similarly the said act of kissing should be predicted from the lord of the 2nd house (i.e. by Saturn lord of second influencing Venus). (89)

भृगुणा सहिते वापि भगचुम्बनभाग्मवेत् ॥९०॥

Longevity is of three types: upto 32 years, it is called "short", from 32 to 69, it is middle and beyond 69 it is called "long" (19)

If the lord of the lagna is enemy of the Sun the longevity is short. (20)

If it is neutral the longevity is middle; if it is friend, the longevity is long, one lives till middle age if the lord of the lagna is weak, Jupiter is in kendra or trine & there are natural malefics in the 6th, 8th & 12th houses.

If a benefic occupies a kendra or trine & Saturn is strong in kendra or a trine, malefics are situated in 6th or 8th house, the yoga gives middle longevity. (23)

People born in a yoga that gives only short life; the main ruling period of the "Vipat" tara i.e. the planet lord of the 3rd asterism from that occupied by Moon at birth which ends life. In the case of people with middle longevity, death occurs in the main period of "Pratyari" tara i.e. lord of the asterism from that occupied by Moon. (24)

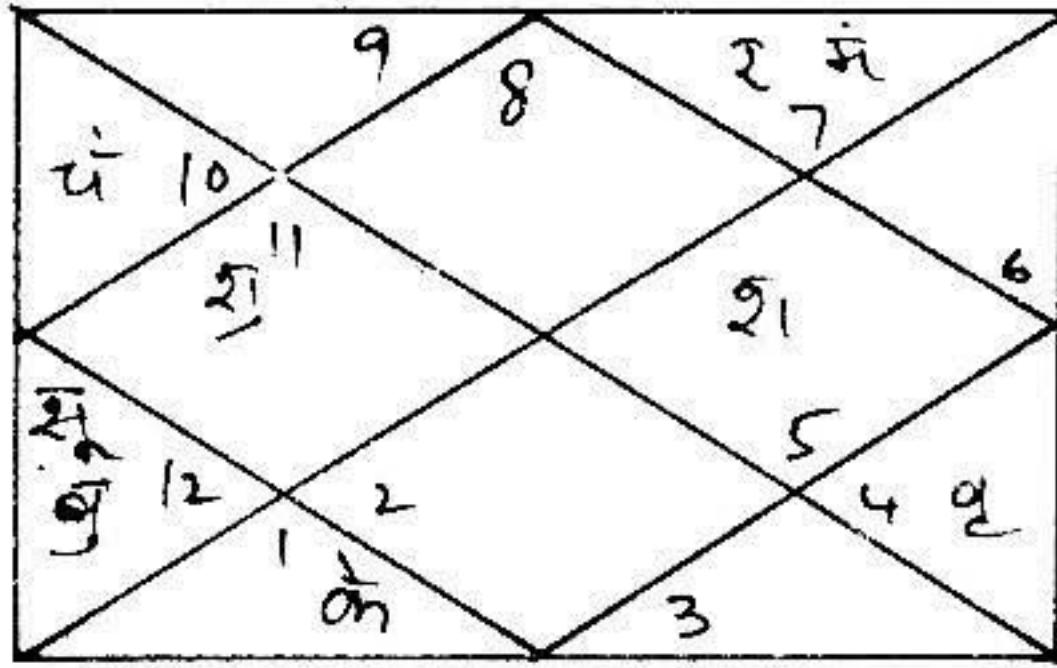

For people born in A yoga conferring long life the main period of "Vadha" tara i.e. lord of the asterism from that occupied by Moon at least ends life. Thus death should be predicted after determining the type of longevity short, middle or long. (25)

If both the lords of the 1st and the 8th houses are weak & are influenced by Mars & the lord of the 6th house, the native dies in battle field or by weapons. (26)

TRANSLATOR'S NOTE

The mode of death has to be seen from the influences on the 1st & 8th houses and their lords. We would study for example the following birth chart of Sheikh Mujiburrehman who was shot dead by his enemies along with many other members of his family.

It would be noted that the 6th house is one of injury. Its lord is Mars who is also a planet of injury. Add to it the fact that Mars is lord of the sign occupied by Ketu & then you have an idea of how injurious Mars can prove. It can give death by injury if it influences the factors stated at the beginning of this note. Here if you know that according to Maharshi Parashar Rahu aspects i.e. influences the house located 9th from it you will see that the 8th house of the birth chart, showing manner of death is influenced by it. Since Rahu is a shadowy planet & conveys the influence of the planet associated with it, it throws on the 8th house the killing & injury influence of Mars thereby showing death by injury. The influence of Mars is felt on each side of the 1st house & the house containing Mercury, the lord of the 8th house. Thus the influence of Mars & Ketu is falling on all factors denoting mode of death. Since Mars is lord of the 10th & 3rd houses from the 4th, it brought about death by the deliberate action of some member of the public denoted by the 4th house.

TRANSLATOR'S NOTE

The mode of death is indicated by the nature of influence falling on the 1st & 8th house or their lords. In the case under consideration the influencing planets are Mars & the lord of the 6th house, each of which is an injury planet. Hence death through injury by weapons represented by Mars.

If the lord of the 6th house & Saturn are located with the Sun, the death of the native takes place through the horns of an animal. If the lord of the 6th & Saturn are with Mars the fear of death is from a dog. The location of Saturn in the 6th house in signs other than

its exaltation sign, or its own sign and without the company of a benefic also leads to fear of death through a dog. (33)

ACTIONS

If the lord of the 10th house is weak and under the influence of malefics, the yoga indicates frustrations in actions. When the lord of the 10th house, Jupiter and Mercury are strong the native is engaged in the service of others. (2)

These three planets, when strong and aspected by natural benefics, make the native particularly engage himself in acts of helping public causes. If, however, these are in 6th, 8th, or 12th house, badly aspected, there is absence of such acts. (3)

If the lord of the house in which the Sanyas yoga is formed is with Rahu in a malefic Navamsha or is with Gulik, the Sanyas yoga is cancelled, if the planets afflicted are other than benefics.

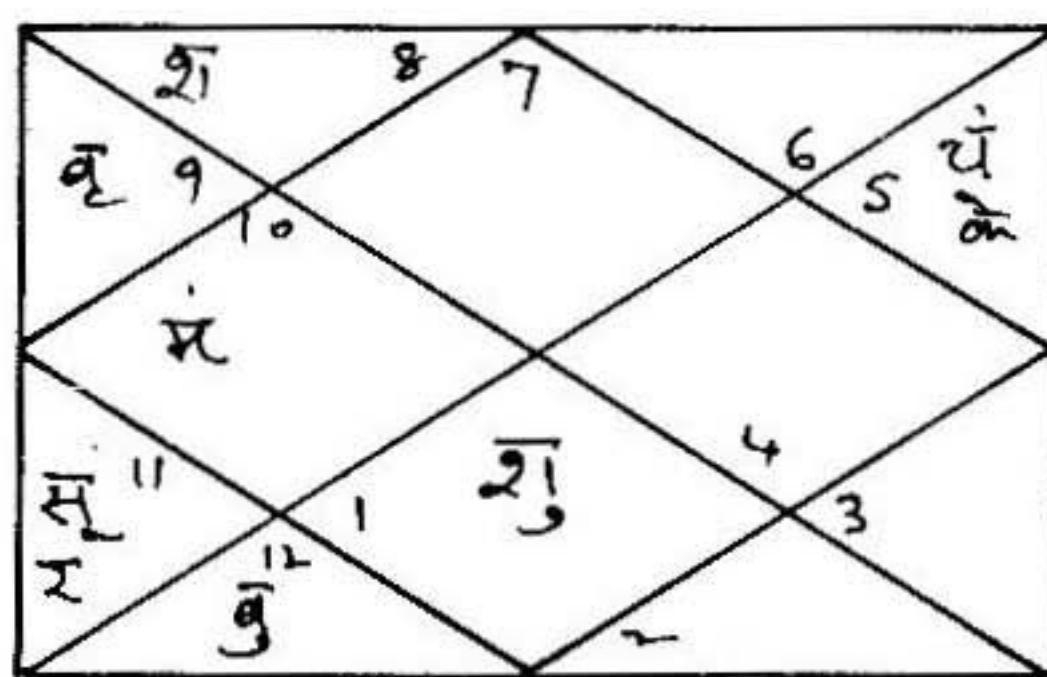

TRANSLATOR'S NOTE

The rationale behind the Sanyas yoga constituted by the location together of 4 planets in a kendra is not quite clear. From a

perusal of the texts it is thought that according to the texts the location of planets in a kendra or trinal house influences the Ascendant. Based on this principle the location of 4 planets in any kendra would have the influence of the four planets on the lagna. Since the association of 4 planets is generally of a "Separative" character in view of the inclusion of one or more of the separative planets, Sun, Saturn, Rahu, Mandi, etc the influence of the 4 planets gathered together in a kendra will be one of separation on the lagna which will have the effect of separating one from the traits of the 1st house, viz wealth and the place of birth, there is some justification in the yoga in question.

(2) We, however, think that it would be better if we have a definition of the term "Sanyas" & consider the question from the astrological factors involved. Sanyas in our opinion is formed when the mind is in Vairagya and the native leaves his family, home and wealth & enjoyments of the bed. This will be there if Moon, the 4th house and its lord, representing the mind are under the influence of the signifier of Sanyas-Saturn & Rahu who always acts as Saturn. This will suffice to give the requisite Vairagya. Then the influence of the "Separative" planets, Sun, Saturn and Rahu or their dispositors should be on the 2nd house and its lord (family) on the 4th house and its lord (Residence) & on the 12th house and its lord (pleasures of the bed).

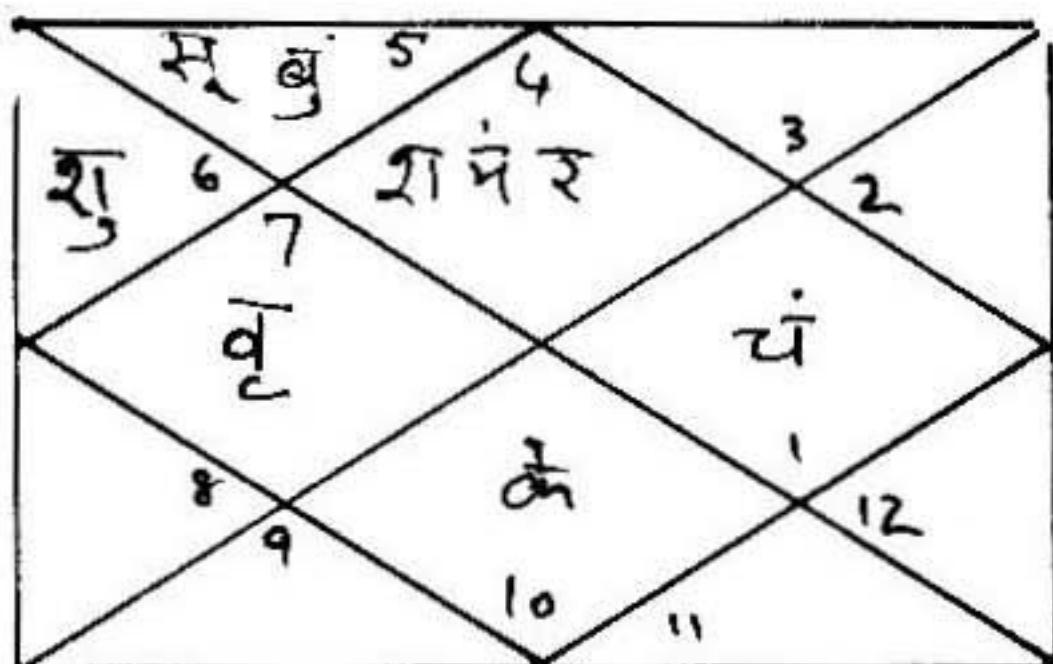

(3) In actual life we can verify the correctness of the above statement. We will present some illustrative horoscopes. The birth chart of Shri Chaitanya is given below. See the intensity of

Vairagya given by the 10th aspect of Saturn on Moon—the signifier of mind. See the full 8th aspect of Mars—the disposer of Saturn on Moon. See the location of Saturn in the 4th house from Moon. See the aspect of Saturn on the lord of the 4th house from Moon. See the aspect of Saturn on the 4th house from lagna.

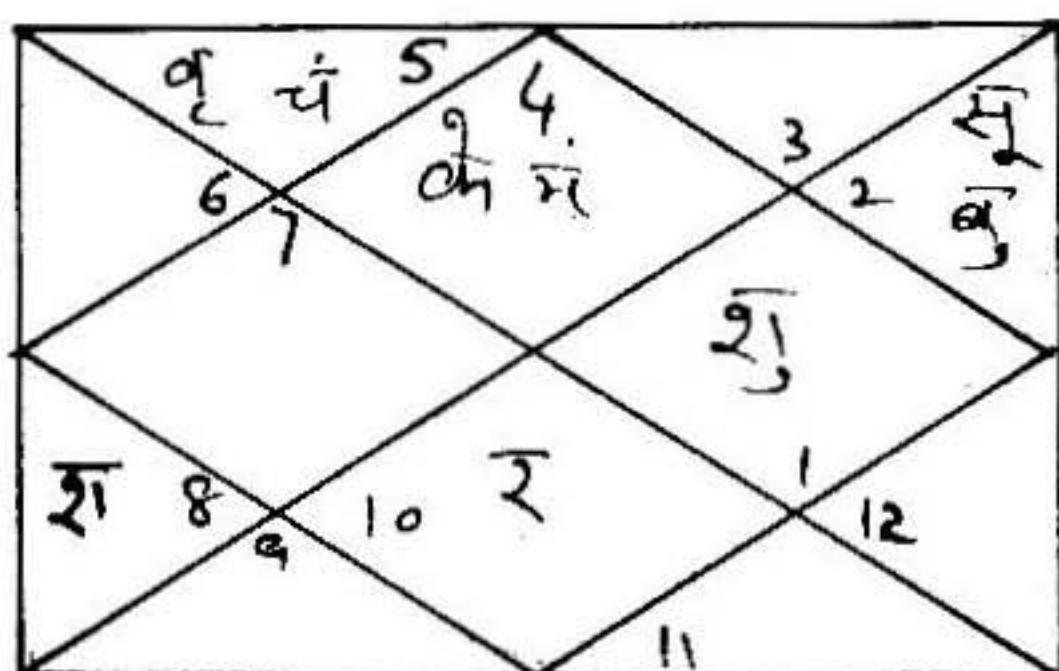

As regards separation see the influence of Saturn on the house of family (2nd) not forgetting that Saturn is the dispositor of another two separative planets, Sun & Rahu. The severe separative influence on residence (4th house) is clear through aspect of Saturn. The 12th house and its lord have the surrounding influence of Rahu & Saturn etc.

(4) In the case of Swami Shivananda, mark Saturn with Rahu in 4th from Moon aspecting Moon, the signifier of mind & the lord of that 4th house. Saturn also aspects lord of 4th from lagna.

So far for Vairagya. As regards separation the residence is influenced by Saturn & Rahu through Moon, their dispositor, the lord of 4th is Venus by Saturn, the lords of the 12th & 2nd by the surrounding influence of Saturn and Rahu on one side & of Saturn & Ketu on the other.

(5) In the case of Swami Shuddhanand Bharti Saturn is dispositor of Rahu & as such his influence on Moon more than ordinary factor for giving Vairagya. The dispositor of Moon is influenced by the aspect of both Rahu and Saturn. The 4th from Moon is influenced by Saurn & its lord by Rahu. The 4th from lagna is hemmed in by influence of Rahu, Saturn and Sun.

Enough to give Vairagya of the highest order. Saturn, Sun & Ketu on 4th from Moon give separation from residence. 4th from lagna is in between the separative influence of Rahu & Saturn. Its lord is squared by Rahu which is aspected by Saturn.

We need not give further examples. The principle has been seen in actual practice to mark satisfactorily.

There will be much gain of wealth, if the lord of the 2nd house is in the 11th & the lord of the 11th is in 2nd or both of them are together in a kendra. (3)

One gets much income if the 11th house is located in between two benefic planets, or if the lord of the 11th house is similarly situated or if it is located in a division "Paravat" etc. (4)

The influence of malefic planets on the lord of the 11th house gives loss of income. The income comes from the direction denoted by the lord of the 11th house (for directions see shloka 75 of chapter 1) (8)

लाभराशयुक्तदिग्भागात्सर्वोत्तमबलादपि ।

The direction should be taken from the sign in the 11th house or from the strongest planet influencing the 11th house. (9)

If there is a malefic planet in the 11th house, or if there is the sign of a malefic planet in the 11th house, the yoga indicates loss of income. If the lord of the 11th house is influenced by malefics, loss of income should be declared. (10)

EARS

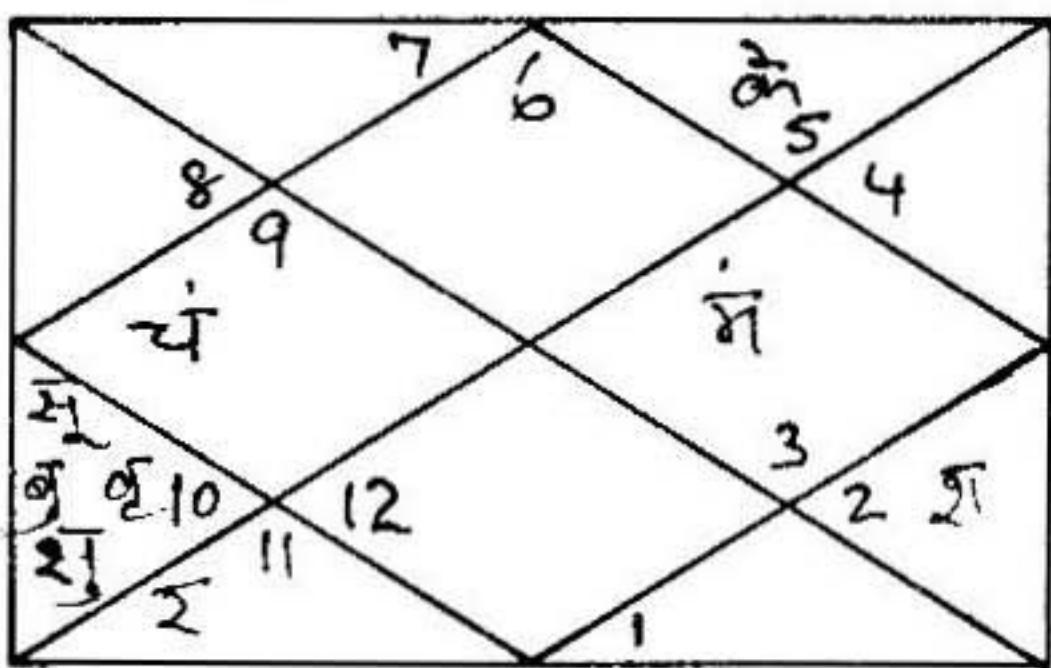

If the lord of the 11th house is a benefic planet & is aspected by a benefic & the lord of the 11th house is strong, the native has ornaments of the ear. (11)

लाभेशात्सोदरेशाद्वा कर्णसौख्यं विनिर्दिशेत् ॥१२॥

If there is the influence of malefic planets on the 11th house, there will be trouble to the ear. The trouble to the ear should be considered from the 3rd and the 11th house. (12)

TRANSLATOR'S NOTE

The native of the following horoscope had twice to be operated upon due to ear trouble. Saturn in this horoscope is not merely a

significator of disease, it is also lord of the house of disease & what is still more, it is lord of the sign occupied by Rahu—another planet of disease. Hence the aspect of Saturn on the two houses denoting ear viz the 3rd & the 11th brought about operation of the ear twice.

तदीशे शुभसंबंधे कर्णसौख्यं विनिर्दिशेत् ।

तदीशे पापसंबंधे कर्णरोगं विनिर्दिशेत् ॥१३॥

If the lord of the 11th house is under the influence of benefics, good health to the ears should be predicted. If, however, there is malefic influence (See example above) trouble to the ear should be predicted. (13)

ब्रूयाज्ज्येष्ठाशलाभेन शुभपापवशादपि ।

शुभग्रहाणां संबंधे दीर्घमायुर्विनिर्दिशेत् ॥१४॥

The longevity of the elder coborns should also be determined on the basis of the influence of benefic and malefic planets on the 11th house. If benefics influence the 11th house, the elder brother or sisters live long. (14)

The lord of the decante occupied by the Sun or the Moon which ever of the two is stronger determines the nature of the next world. If it is Jupiter the native goes to heaven (Devlok), if it is Moon or Venus to Pitrilok or the abode of the manes, if it be Sun or Mars it is some animal birth, if it be Mercury or Saturn it is hell. RAJ YOGAS

If in any birth chart there are planets occupying their sign of exaltation, the native becomes a king of kings, ruler over many territories. If there are only five planets in exaltation and there is Jupiter in strength in the Ascendant, the native becomes a king. (1) If the Ascendant is Aquarius and Venus is in exaltation & there are in all four planets in exaltation, but are not occupying any debilitation Navamsha or cruel 1/60th part of the sign even then the native becomes a king. (2)

लग्ने वृषे तत्र गते शाश्वते षडभिर्गहैरुच्चगतैर्नृपः स्यात् ।

If Moon occupies its sign of exaltation in the Ascendant and there are in all 6 planets in exaltation, the native becomes a king. If all planets are occupying their sign of exaltation anywhere in the horoscope, then also the native becomes a king. In case all the planets are located in their own signs the native though not a king is equal in status to a king. (3)

If 3 planets occupy their Mool Trikona signs or if 3 planets are in friendly signs in retrogression and the rest are located in exaltation without occupying their debilitation Navamsha the native has status equal to that of a king. (4)

Even a single planet located in exaltation aspected by its friend, makes the native a king having much wealth—and successful due to cooperation of his friends. On the other hand, if many planets are occupying inimical or debilitation signs the native becomes

devoid of wealth, and comforts; foolish, diseased, with no freedom and with a temperament that threatens the life of others. (5)

TRANSLATOR'S NOTE

From a perusal of shloka 4 above it would be seen that a planet occupying a friendly sign and in retrogression is almost equal to an exalted planet if not better. Retrogression is thus always a sign of strength.

It is very nice to be born in an Ascendant that has the same Navamsha sign as the sign in the lagna (vargottam). Birth chart having a natural benefic planet in the 2nd house from the Sun (Veshi is 2nd) is also very nice for the native. To have planets in kendras is also a sign of high luck. To have "Karaka" planets in the horoscope is also very nice. When two or more planets are located in their exaltation signs in the cardinal houses and are in kendras, also from each other, they are said to constitute karaka yoga. (6-7)

TRANSLATOR'S NOTE

It is easy to understand that a planet in its own sign & Navamsha located in lagna would make the lagna extra strong thereby leading to status, honour, wealth and longevity. A planet in the second house to another planet influences the latter. Obviously, therefore, a natural benefic in the second house to Sun will boost the Sun and thereby increase status denoted by the Sun as a planet & as one of the lagnas. A study of astrology gives us the impression that planets in kendras lend weight to the Ascendant and thereby raise the status of the native. As regards the "Karaka" yoga, the influence of exalted planets mutually boosts still further their strength and thereby leads to affluence & power.

लग्ने चन्द्रे गुरौ सौख्ये कर्मस्थे भृगुनन्दने ।

स्वोन्वस्वक्षस्थिते मन्दे नृपतुल्यो भवेन्नरः ॥९॥

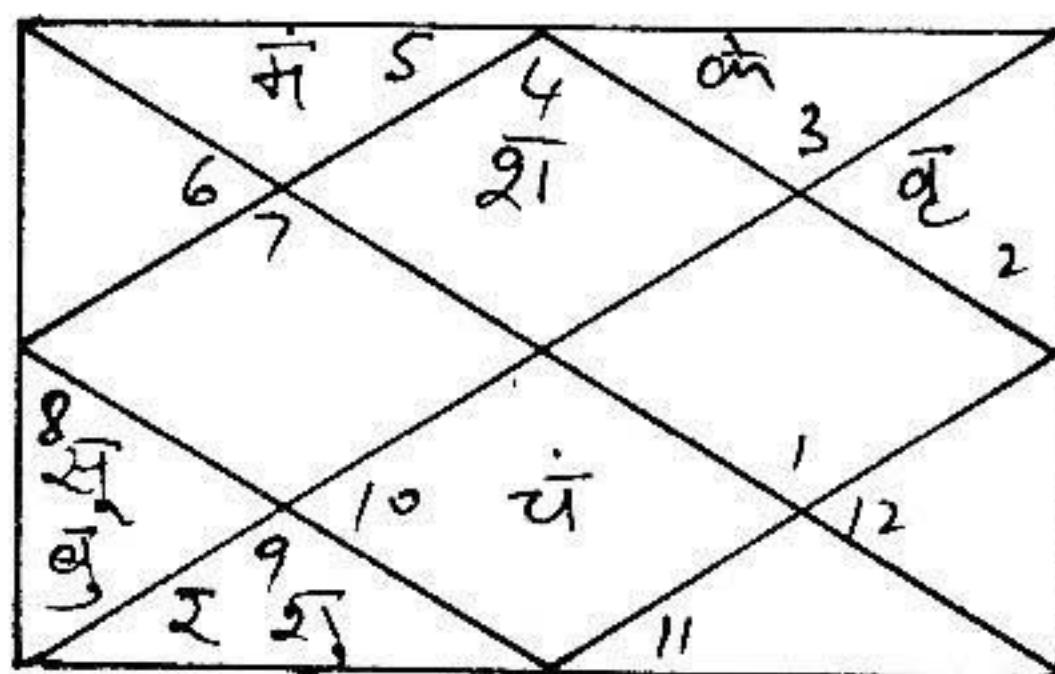

The native becomes equal to a king, if Moon occupies the lagna; Jupiter, the 4th house; Venus, the 10th & if Saturn is in its sign of exaltation or its own sign. (9)

दशमैकादशे रिष्फलाग्नवित्सहोत्थभे ।
ग्रहस्तिष्ठति चेत्सौम्या नृपतुल्यो भवेन्नरः ॥१०॥

The native becomes equal to a king, if benefic planets are located in 10th, 11th, 12th, 1st, 2nd & 3rd houses of the horoscope. (10)

केन्द्रत्रिकोणगा : सौम्या पापा : षडलाभसोदरा : ।
लग्नाधिपे बलवति नृपतुल्यो भवेन्नरः ॥११॥

The man becomes equal to a king if in his horoscope, benefic planets are located in kendras and trinal houses and the malefics occupy the 3rd, 6th and the 11th and the lord of the lagna is strong. (11)

दृश्यते युज्यते वापि चन्द्रजेन बृहस्पतिः ।
शिरसा शासनं तस्य धारयति नृपास्तदा ॥१२॥

If Jupiter is associated with or aspected by Mercury, even the kings obey the native. (12)

नीचस्थितो जन्मनि यो ग्रहः स्यात्दाशिनाथोथ तदुच्चनाथः ।
स चेद्विलानाद्यदि केन्द्रवर्ती राजाभवेदार्मिकचक्रवर्ती ॥१३॥

When a planet is located in the sign of its debilitation but the lord of the said sign of debilitation or of the sign of its exaltation is located in kendra from the lagna, the native rules over all kings. (13)

TRANSLATOR'S NOTE

By the kendra position of the lord of the said debilitation sign, the planet in debilitation will get strengthened, for the planet in

kendra will act as a dispositor. The rationale for cancellation of debilitation through the strength of the lord of the exaltation sign is not clear. May be the exaltation sign too acts as the planet by being aspected by the Neecha planet.

If the planet that is lord of the said sign of debilitation is in kendra from both the lagna and the Moon sign, it is obvious, it will be all the more strong & as such would give still better results.

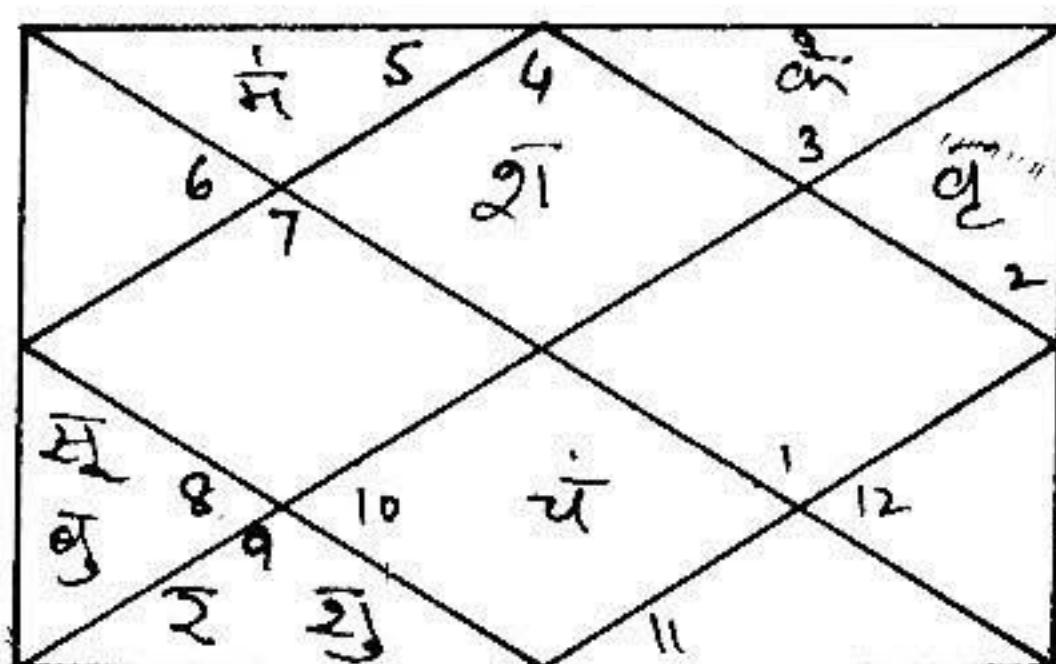

(2) The results stated for the above shloka are so high that we are of the opinion that the house to be benefitted by the location of the debilitated planet should be one of the houses connected with ruling powers. Hence the term " जन्मनि " should in our opinion be interpreted as in the lagna. In that event the strength of the lord of the lagna would make the lagna very strong & would lead to the acquisition of ruling powers.

निशाकरे केन्द्रगते विलगं त्यक्त्वा प्रिकोणे यदि जीवदृष्टे ।
शुक्रेण दृष्टे बलपूर्णयुक्ते जाते नरो भूपतितुल्यभाग्यः ॥१४॥

The luck of the native will be equal to that of a king, if Moon is in a kendra other than the lagna, or is in a trinal house & is aspected by Jupiter & is strong and aspected by Venus. (14)

TRANSLATOR'S NOTE

From a study of the various shlokas of this chapter, it would be clear that the strength and excellence of the lagna or its lord is a great factor in the acquisition of ruling powers. Since Moon acts as lagna in astrology, the acquisition of ruling powers as a result of the strength of Moon too is quite appropriate. The horoscope of our prime minister, Shrimati Indira Gandhi is an example to the point. In her horoscope given below, the lord of lagna i.e. Moon

aspects the lagna & is in turn aspected by a strong retrograde benefic Jupiter. Similarly the lord of chandra lagna i.e. Saturn.

aspects its own sign Capricorn, which is also aspected by the strong Jupiter.

नीचस्थिता जन्मनि ये ग्रहेन्द्राः स्वोच्चांशगा राजसमानभाग्याः ।
उच्चस्थिता चेदपि नीचभागा ग्रहा न कुर्वति तथैव भाग्यम् ॥१५॥

Planets which occupy the sign of their debilitation but the Navamsha of their sign of exaltation give fortune as that of a king. On the contrary, planets which occupy the sign of their exaltation but are located in the Navamsha of their sign of debilitation, do not give high results. (15)

ग्रहा बलादृथा यदि पूर्वषट्के स्वोच्चस्थिताः पूर्वदले नृपः स्यात् ।
तद्वयत्यर्थं पश्चिमभाग्ययुक्ता मिश्रस्थिताश्चेदुभयत्र भाग्यम् ॥१६॥

If strong planets in their sign of exaltation are located in the 1st 6 houses of the horoscope they boost luck in the first half period of life. Similar planets if located in the houses 7 to 12 give lucky results in the 2nd half of life. If such planets are located in both halves, one gets luck both in the first and the 2nd half period of life. (16)

दुःखं भवेत्तत्र विशेषतस्तु राज्यात्पदभ्रंशमुदाहरन्ति ।
एवं भवेच्छोभनखेचरेन्द्रैः खण्डान्वितैः शोभनकालमाहुः ॥१९॥

The total longevity years of the native should be divided into 3 equal parts. The 4 houses from 12th to 3rd stand for the 1st part of life, the next 4 houses i.e. 4th to 7th stand for the 2nd portion of life & the houses 8th to 11th stand for the last portion of life.

If the four houses 12th to 3rd are occupied by natural benefics, they give good results in the early life. In the case of benefics occupying the 2nd & 3rd part good results flow in those parts.

In the age division in which there are many malefics, located in their Navamsha of debilitation or are with eclipsed planets, much sorrow is experienced in that portion of the age, particularly there is disfavour from the government. (17 & 19)

If Jupiter occupies lagna & Mercury is in kendra aspected by the lord of the 1st and the 9th houses, the man is equal in status to that of a king. (20)

लग्नाधिपेन संदृष्टे नृपतुल्यो भवेन्नरः ॥२१॥

If Jupiter is located in the 7th house or in a trinal house and is aspected by the lord of the lagna, the native is equal in status to that of a king. (21)

केन्द्रे शनौ त्रिकोणे वा स्वोच्चमूलत्रिकोणे ।
राज्याधिपेन संदृष्टे नृपमानसमन्वितः ॥२२॥

If Saturn is in a kendra or a trinal house, in his sign of exaltation in his positive sign (11) & is aspected by the lord of the 10th house, the native gets favour from the king (i.e. the government). (22)

If the 10th house lord is in the 8th, but in its Navamsha of exaltation or that of its friend or in the Paravat amsha, the man is king of kings. (23)

TRANSLATOR'S NOTE

The 8th position of the lord of the 10th is bad, but due to the excellent strength derived by the 10th lord from exalted Navamsha etc. the planet on the whole works to the great advantage of the native. (23)

नीच गुरौ विलग्नस्थे रन्ध्रस्थे वाथ धर्मपे ।
तथाविधांशसंयुक्ते राजराजो भवेन्नरः ॥२४॥

If Jupiter occupies its sign of debilitation in the lagna, & the lord of the 9th house is in the 8th, but it is in Navamsha of exaltation etc (see previous shloka) the man becomes king of kings. (24)

गुरौ व्यये शनौ लाभे रवौ वा विक्रमाधिपे ।
गुरौ व्यये विलग्नेशे राजराजो भवेन्तरः ॥२५॥

If Jupiter is in the 12th house, Saturn or Sun in 11th, the lord of the 3rd house is Jupiter, the lord of the lagna is also in the 12th house, the native is king of kings. (25)

पञ्चमे जीवसंयुक्ते चन्द्रे केन्द्रे बृहस्पतौ ।
स्थिरलग्ने तदीशे तु राज्यस्ये नृपतिर्भवेत् ॥२६॥

If Moon is with Jupiter in the 5th house or lagna; and there is a fixed sign in the lagna with its lord posited in the ruling house, then also the native will be a king (26)

पूर्वषट्के ग्रहाः सर्वे यस्य तिष्ठति जन्मनि ।
भाग्याधिपे धनस्ये वा सचन्द्रे नृपतिर्भवेत् ॥२७॥

If a native has all the planets in houses 1 to 6, and the lord of the 9th house is in the 2nd with Moon, the native becomes a king. (27)

चन्द्राधिष्ठितराश्यशनाथे केन्द्रायकोणगे ।
बुधात्केद्रगते वापि राजराजो भवेन्तरः ॥२८॥

If the lord of the Navamsha occupied by the lord of the sign occupied by Moon is located in kendra, 11th house or a trinal house or it is in kendra to Mercury, the man becomes king of kings. (28)

निशाकरः सभौमस्तु विते वा विक्रमेपि वा ।
पञ्चमे राहुसंयुक्ते राजराजो भवेन्तरः ॥२९॥

If Moon along with Mars is located in the 2nd or the 3rd house & Rahu is in the 5th, the native is king of kings. (29)

भाग्याधिपसमायुक्तनवांशाधिपतौ सुखे ।
पुत्रस्थानगते वापि नृपश्रेष्ठो भवेन्तरः ॥३०॥

If the lord of the Navamsha occupied by the lord of the 9th house is located in the 4th or 5th house the native becomes a high class king. (30)

क्रूरे सकर्मभावेशे ग्रहास्तिष्ठति चेत्क्रमात् ।
लग्नादिपूर्वषट्केस्मिन् राजराजो भवेन्तरः ॥३१॥

If the lord of the 10th house is with a malefic planet & there are all the planets in each of the 6 houses from 1st to 6th, the native becomes king of kings. (31)

लग्ने चरे तदीशेषि चरराश्यंशकान्विते ।

शुभषष्ट्यंशके सूर्ये नृपतुल्यो भवेन्नरः ॥३४॥

If lagna has a movable sign in it, the lord of the lagna too is in a movable sign & Navamsha. The lord of the 9th is also in movable sign, the native rules in another land. This provision is subject to the condition that there already exists a yoga for being a king. If Moon occupies the amsha called "uttam", Jupiter is not in the Navamsha of its sign of debilitation & the Sun is in benefic Shashti amsha, the native is equal in status to a king. (32-34)

त्रयो वा द्वौ खगौ वापि चत्वारो नीचसंयुताः ।
शुभषष्ट्यंशसंयुक्ताः स्वोच्चांशे वा धरापतिः ॥३५॥

Even there be 2, 3 or 4 planets in the sign of their debilitation, but are located in a benefic Shashti amsha or are in the Navamsha of their exaltation signs, the man becomes a king. (35)

नीचस्थितांशनाथस्तु खेटः केन्द्रत्रिकोणगः ।
चरलग्ने तदीशे तु चरांशादौ नृपो भवेत् ॥३६॥

If lord of the Navamsha of the debilitation sign of a planet in debilitation, is in kendra or a trinal house and the lagna has a movable sign in it & the lord of the lagna is in the Navamsha of a movable sign, the native becomes a king. (36)

माने राहौ भवे मंदे भाग्यनाथेन वीक्षिते ।
लग्नेशो नीचखेटेन युते नृपसमो भवेत् ॥३७॥

If Rahu is in the 10th house & Saturn in the 11th is aspected by the lord of the 9th house, then lord of lagna may be located with a planet in its debilitation sign, the native is equal in status to that of a king. (37)

अशतो भावतो वापि स्वोच्चमूलत्रिकोणगः ।
राजयोगास्तु निर्दिष्टास्तेषां योगेबहुत्वदा ॥३८॥

Planets in a king Rajyogas give best results if these are in good houses such as kendras & in good signs such as the sign of their exaltation or their positive sign & in the same type of Navamshas. (38)

DESTRUCTION OF GOOD YOGAS

जीवै सकेतो यदि वा सराहौ चाण्डालता पापनिरीक्षिते चेत् ।
नीचाशके नीचसमन्विते वा जीवे द्विजश्चेदपि तादृशः स्यात् ॥१॥

If Jupiter is with Rahu or Ketu & is aspected by a malefic planet, it creates "Chandal" yoga i.e. a yoga denoting bad character of the native. Similarly, if Jupiter is located with a planet in its sign of debilitation and is located in the Navamsha of its sign of debilitation, the same result follows even if the man is a Brahmin. (1)

ध्वजाहिमन्दैः सहितेद्रपूज्ये शुक्रेक्षिते वा शशिसूनुदृष्टे ।
शुद्रोपि चेद्विप्रसमानमेति विद्या च सर्वामधिगम्य जातः ॥२॥

Even when Jupiter is located with Rahu, Ketu or Saturn, but is aspected by Venus and Moon, the native even if he be a Shudra, is treated as a Brahmin, effecient in good knowledge. (2)

नि : श्रीविलग्नस्य निशाकरस्य लुब्धो दिनेशात्मजदृष्टियोगात् ॥३॥

If Moon occupies Aries & is aspected by Saturn, the native has to beg for his food. If such a Moon is aspected by Mars the man is poor. If Saturn influences by association or aspect the lagna & the Moon, the native is very greedy. (3)

शुभग्रहाणामवलोकनेन हीनाद्भवेततत्र समन्विताद्वा ।
तत्कालहोराधिपतौ धराजे केद्रे शनौ चेद्वदि वा विलग्ने ॥४॥
शुभग्रहाणामवलोकहीने दासस्तु भिक्षाशनदेहशील : ॥५॥

The bad yogas referred to in shloka 3 take place only if there is no influence of benefic planets by association or aspect. If the lord of the lagna be Mars located in a kendra and Saturn is in the lagna without the aspect of a benefic, the native becomes a servant living on charity. (5)

पापमध्यगते चन्द्रे सप्तमे मन्दसंयुते ।
इवासक्षयप्लीहगुल्मविद्रधि भजते नरः ॥६॥

If Moon is located in the 7th house with Saturn & is in between malefics i.e. one malefic is in 6th and the other in 8th house the native suffers from diseases like asthama, consumption, spleen trouble, colic, etc. (6)

वेशौ समन्दे दशमे सचन्द्रे वैकल्यमंगे क्षितिजे कलत्रे ।

If Saturn is located in Veshi i.e. 2nd to the Sun, Moon is in 10th,

Mars in 7th one gets his body impaired and if the Sun is in the Navamsha of Cancer & Moon in the Navamsha of Leo, the native gets his body emaciated. (7)

TRANSLATOR'S NOTE

Saturn in 2nd to Sun will afflict the Sun i.e. the body & bring about trouble to body. Moon in 10th would have zero directional strength & would suffer a body again. Mars in the 7th aspects the lagna standing for body & therefore, injure it. Sun & Moon in mutual Navamsha would mean that Moon as a lagna would suffer at the hands of the Sun. All of these yogas are harmful to body.

The Sun & Moon in Leo or Cancer reduce the body much. If Sun, Moon, Mars and Saturn occupy respectively the 8th, 6th, 2nd & 12th house, the native loses eyes through the humour of the strongest of the afflicting planet. If Jupiter is in lagna. Mars in 7th, the native gets mental derangement. (9)

TRANSLATOR'S NOTE

In the stipulated position Sun, & Moon as planets denoting the right and left eyes & the second and twelfth house representing the same would suffer very much bringing about the eye trouble.

If Saturn is in lagna & Mars in the 7th or in a trine the yoga gives mental derangement, also when Saturn is in the lagna and Sun in the 12th, Moon or Mars in a trine. Such a man may be defective in speech & naughty in nature. (10)

If Sun and Moon are in lagna or a trinal house, or if Saturn and Jupiter are in kendra, the native suffers from mental derangement if the birth has taken place on a Saturday or Tuesday. (11)

If Moon and Mercury are located in kendras and are not located in any benefic Navamsha, the native gets mental derangement. (12)

TRANSLATOR'S NOTE

Moon suffers as representative of emotions & Mercury as that of intellect. Shock to emotions & intellect results in mental derangement.

If the lord of the 9th occupies the 12th house, and the lord of the 12th is in the 2nd house and there are many malefic planets in the 3rd house, the yoga thus created is Kemadrum i.e. one of poverty. The native takes bad food, is engaged in bad deeds and is adulterous. (13 & 14)

If the lord of the lagna occupies its sign of debilitation & also the debilitation Navamsha and if there are malefic planets in the 6th and the 8th houses & Mandi is in lagna, the native loses his family & is shortlived if there is no benefic aspect on the lord of the lagna. (15)

If Saturn and Mars are located together in the 6th or 8th house, the native suffers from epilepsy. The same is the result if malefic planets are located in the 6th, 8th and 12th houses and Jupiter is in kendra i.e. paridhianvit. (See shloka 49 chapter 1) (18)

If all malefic planets are located in the 8th house, Moon and Venus are together in kendra, the yoga so formed goes under the name of "Gad" (disease). The native in this yoga suffers from epilepsy. (19)

If Mercury, Moon and Venus are in kendras and Rahu in the first house, the yoga formed is called "Chandal" yoga. The native of this yoga becomes devoid of character and morality. (20)

If malefic planets are located in the 10th or the 2nd house and are neither associated with nor aspected by benefic planets and if Jupiter is of low type i.e. in bad Navamsha, bad Shashti amsha, bad sign etc the man becomes devoid of good character. (21)

If the lord of the 9th house is located in the 12th house with a malefic planet and if the lord of the lagna is eclipsed by the Sun, the native loses his family. If the lords of the 1st and the 9th houses are neither in association with nor aspected by benefic planets the man loses sons, wealth and wife. (22)

If both malefics and benefics occupy kendras, the Moon is aspected by the lord of the lagna & is located in the Navamsha of Saturn, the man loses his family & becomes' without a wife. (23)

If the lord of the lagna is located in the 5th or 2nd house from Moon & only malefic planets are in the 8th house, the Moon is in the 10th house the native lives by despicable means. (25)

If the malefic planets occupy the 6th, 8th and 12th house from the lord of the lagna, the man has to leave his place of birth. If Jupiter is in the Navamsha of the sign of its debilitation, or in the inimical Navamsha, & Saturn is in the Navamsha of Jupiter, the result follows. (26)

If the Sun is located in its sign of exaltation but is located in the Navamsha sign of its debilitation, the native suffers from sorrow, is devoid of son & wife & devoid of luck and lives on somehow with difficulty even if a prince. (27)

This yoga will be all the more certain if Sun gets the debilitation in question by his location in the lagna under aspect of malefics. (28)

तुलायां दशमे भागे स्थितः पंकजबोधनः ।

If the Sun is located in the 10th degree of Libra, the native loses the nice results of thousands of good yogas in his horoscope. (29)

TRANSLATOR'S NOTE

Sun in the 10th degree of Libra is in his extreme debilitation.

(36)

If Moon is with Mandi and is located in Cancer, Aquarius or Scorpio Navamsha the native suffers from belly troubles such as

colic. If Moon is in the 4th house in similar conditions and is with a malefic the native has trouble in teeth and throat. (37)

If Moon is in the 12th house with Rahu and another malefic planet & a benefic planet in the 8th, the native suffers from lunacy & is full of anger and fond of querrels. (38)

If Moon occupies Taurus or Cancer and is located with malefics and its enemies or if Moon and Mars are with the Sun & malefic planets & are devoid of benefic aspect, the native has constant trouble and pain in the area of his heart. If Moon & Mars are located in the 7th house, the same result follows. If Saturn located in a kendra aspects Jupiter, Moon & Sun located in lagna, the man has no luck & he is the possessor of stolen property. (39-41)

व्यये शुभेशे यदि पापखेटे केद्रस्थिते ज्ञानधनादिहीनः ।

If the lord of the 9th house is in 12th unaspected by benefics & malefic planets are in kendras, the native is devoid of spiritual knowledge and meditation, he lives on the charity of others, & suffers physically. (42)

If Moon is located in kendra along with Mars or if Moon is within 72 degrees from the Sun & is located in the 4th house & there is a planet in the 8th house, the yoga indicates fear of accident through conveyance. (44)

If the Sun is in the 4th house, aspected by malefics, the yoga indicates excessive heat in the body which goes away after some time. If Moon is located 9th to the Sun the death of the father of the native takes place due to water. (45)

If Moon & Sun are located in Pisces and are aspected by malefics, the death of the father takes place through water. If Mars and Rahu are with Saturn in the 4th house, there is fear of death through water for the native himself. (46)

If Venus is located in its sign of debilitation in the 9th house alongwith a malefic & under the aspect of a malefic it proves injurious to teeth. If Venus is located with Rahu, the native loses his ear & if Mars is in the 10th house, it denotes the destruction of children. (47)

If Rahu is there i.e. in the trinal house, being bitten by dogs is feared, if Mars is there fear comes from tortoise. If Mercury is there the fear of being bitten by flies, if it is Venus there is fear of loss of sleep or there is trouble from women, if it is Saturn there is fear of fall from height. All this should be declared after due consideration of strength and weakness of planets. (52-53)

If Sun is in the 7th house one cohabits with a sterile woman, if Sun is there in the sign of Moon, the cohabitation is with a woman of equal qualification. If it is Mars the sexual act is with a woman in menses or with a sterile woman. If Mercury is there in the 7th house it indicates prostitution or with a woman of low status or one belonging to the trader class. If Jupiter is in the 7th the act is with a Brahmin woman. If it is Venus the act is with a pregnant woman. (54-55)

If it is Saturn, Ketu etc the act is with a pregnant woman or a woman of low caste. If it is Rahu in the 7th house the sexual act is with a pregnant woman. If it is Moon the act is with a dark & bent up woman. (These results follow if the planets are in their debilitation signs or in inimical sign.) (56)

Such type of sexual acts should also be declared by planets in the 4th house. By Sun etc in the 4th house the type of the house used for the act should be determined. (57)

CHAPTER—10

केचिद्योगं प्रशंसन्ति दशां केचिददन्ति हि ।
तद्विना चायुषं ज्ञातुं न शक्यं तु मनीषिभिः ॥१॥

SPAN OF LIFE

Some authors praise the Yogas in astrology; others the Dasa System. They say Dasa System of ruling periods is important for without it even the learned are unable to tell any thing about the span of life. (1)

त्रिविधाइचायुषां योगाः स्वल्पायुर्मध्यमोत्तमाः ।
द्वित्रिशत्पूर्वमल्पं स्यात्तदूर्ध्वं मध्यमं भवेत् ॥२॥
आसप्ततेस्तदूर्ध्वं तु दीर्घायुरिति संमतम् ।
उत्तमायुः शतादूर्ध्वमिह शंसन्ति तद्विदः ॥३॥

There are 3 kinds of yogas of longevity: less than 32 years is called short one—from 32 to 70 it is medium & above 70 it is declared as long. The longevity over 100 years is termed as “uttam” or the highest. (2 & 3)

आद्वादशाब्दा ज्जंतुनामायुर्जातुं न शक्यते ।
जपहोमचिकित्साद्यैर्बालरक्षां तु कारयेत् ॥४॥

It is not possible to assess the longevity of people till they are of 12 years of age. Upto 12 the life of the young ones should be looked after by Japa, oblations, & medical prescriptions. (4)

पित्रोदोषैर्मृताः केचित्केचिद्बालग्रहैरपि ।
अपरे रिष्टयोगाच्च त्रिविधा बालमृत्यवः ॥५॥

Some children die before 12 as a result of the fault of their parents. Some die of cruel planets governing the early age, others die of yogas causing early death. Thus there are 3 types of deaths of young children. (5)

जन्मतः प्रबलेनैव बालानां पुष्टिकर्द्दनम् ।
कथयेदेव शेषं तु तत्त्वयोगानुरूपतः ॥६॥

The sound health of children should be seen from the strong planets in their birth charts. The rest should be declared on the basis of yogas. (6)

अल्पायुलग्नप भाना : शत्रो मध्ये तु मध्यमम् ।
मित्रे लग्नेश्वरे तस्य दीर्घमायुरदाहृतम् ॥७॥

If the lord of the lagna is enemy of the Sun, one gets short life. If it is neutral, the span of life is also medium. If it is friendly, the span is long. (7)

अल्पायुर्योगजातस्य विपक्षाये मृतिम्बदेत् ।
जातस्य मध्यमे योगे प्रत्यरौ तु मृतिंबदेत् ॥८॥

For people born in yogas giving only short life (see shlokas 2 & 3 anti) death takes place in the dasa of the planet governing the Vipat star (3rd from the tenth star). For those born with medium life it takes place in the "Pratyari" dasa. (8)

दीर्घायुर्योगजाताना वधमे तु मृति बदेत् ।
जातस्य मध्यमे योगे प्रत्येकं त्रिविधं भवेत् ॥९॥

People having long span of life die in the dasa of the planet governing the "Vadha" star (7th from that of birth). (9)

चरस्थिरेति सूत्रेण दीर्घमध्याल्पकायुषः ।
तयोरन्यतमं ज्ञात्वा चायुर्जानं प्रचक्षते ॥१०॥

The range of longevity should be determined by the use of the rule relating to the 3 types of signs i.e. movable, fixed and common. (10)

TRANSLATOR'S NOTE

The shloka refers to the sutras of Jaimini. According to Jemini the signs occupied by the lords of the lagna & that of the 8th house should be seen. If both the planets are located in a movable sign (1, 4, 7, or 10) the native will have "long" life. Also when one of them is in a fixed sign and the other in a common one.

If both the planets are located in a fixed sign (2, 5, 8, or 11) the native gets "short" life; also when one of them is located in a movable sign & the other in a common one.

If both of them occupy a common sign (3, 6, 9, or 12) the native gets "medium" life span. So also if one of the planets occupies a movable sign and the other a fixed one.

अल्पायूरल्पमध्ये तु पूर्णायुस्त्रिविधं स्मृतम् ।
मध्यमादल्पमध्ये तु पूर्णायुस्त्रिविधं भवेत् ॥११॥

The short life is divided into three parts i.e. short, medium & highest. Similarly we have short, medium & highest, in the medium range. (11)

दीर्घायुषोल्यमध्यं तु पूर्णायुस्त्रिविधं भवेत् ।
एवं नवविधः प्रोत्सश्चायुषो तु विनिर्णयः ॥१२॥

In the long range also we have short, medium & high. Thus there are in all 9 types of ranges. (12)

पञ्चम्यारदशामृत्यु दद्यात्यष्टीगुरोर्दशा ।
शनेश्चतुर्थीमृत्युः स्यादशाराहोश्च सप्तमी ॥१३॥

The 5th dasa (i.e. ruling period), if it be of Mars, brings about death. The 6th dasa, if it be of Jupiter, brings about death. The 4th, if of Saturn; and the 7th, if of Rahu, similarly bring about death. (13)

विपत्याकदशा कष्टा प्रत्यरीशदशा तथा ।
वधमेशदशा कष्टा पापा स्यादशुभेदिता ॥१४॥

One suffers physically in the three dasas called Vipat, Pratyari and Vadha. Particularly, when the governing planet involved is aspected by malefics. (14)

नीचारातिविमूढस्य विपत्त्वरिनैधनः ।
दशा दद्युमृतिं तस्य पापैर्युक्ता विशेषतः ॥१५॥

A planet situated in its sign of debilitation or in an inimical sign or when it is eclipsed by the Sun & having Vipat, Pratyari or Vadha gives death in its period, particularly, when it is associated with malefics. (15)

राशिसंधिषु ये जातास्ते बाला मृतजीवनाः ।
पापदृष्टा युता वापि निःसंशयमृतिः स्मृता ॥१६॥

Those who are born at a time when there is in the Ascendant the end of a rising sign and the start of another, are likely to lose life early, particularly, when the conjunction points in the Ascendant are associated with or aspected by malefic planets. (16)

गंडातेषुदमवो मर्त्यः पितृमातृबलात्ततः ।
यदि जीवेत्स्वर्गपालो गजवाजिसमन्वितः ॥१७॥

If a person born in Gandantas lives somehow as a result of the merits of his parents, he is protector of his community & is possessor of elephants & horses and is rich. (17)

तृतीयगौ भानुनिशाकरौ वा क्रूरक्षण्गौ क्रूरनिरीक्षितौ वा ।
व्याधिनरस्यापि वदति तज्ज्ञाः स्त्रीवर्षमात्रं त्वतिदुर्लभं ततः ॥१८॥

If Sun and Moon occupy the 3rd house of the horoscope and are located there in a malefic sign & are aspected by malefic planets

give disease to a male born with this yoga. If it be a female she can survive at the most for a year (i.e. she dies). (18)

चन्द्रात्स्मरे वासरनाथभौमौ कुजोदये वा मरणं दशाहात् ॥१९॥

If Sun and Mars are located in the 7th house from the Moon or if Mars is in the lagna & Moon in 7th, the child hardly lives for 10 days. (19)

उद्यद्वेष्काणजा मित्रे यस्य स्याद्बालणो ग्रहः ।
क्षीणचंद्रे विलग्नस्ये सद्यो हरति जीवितम् ॥२०॥

OPPOSITE LAGNA

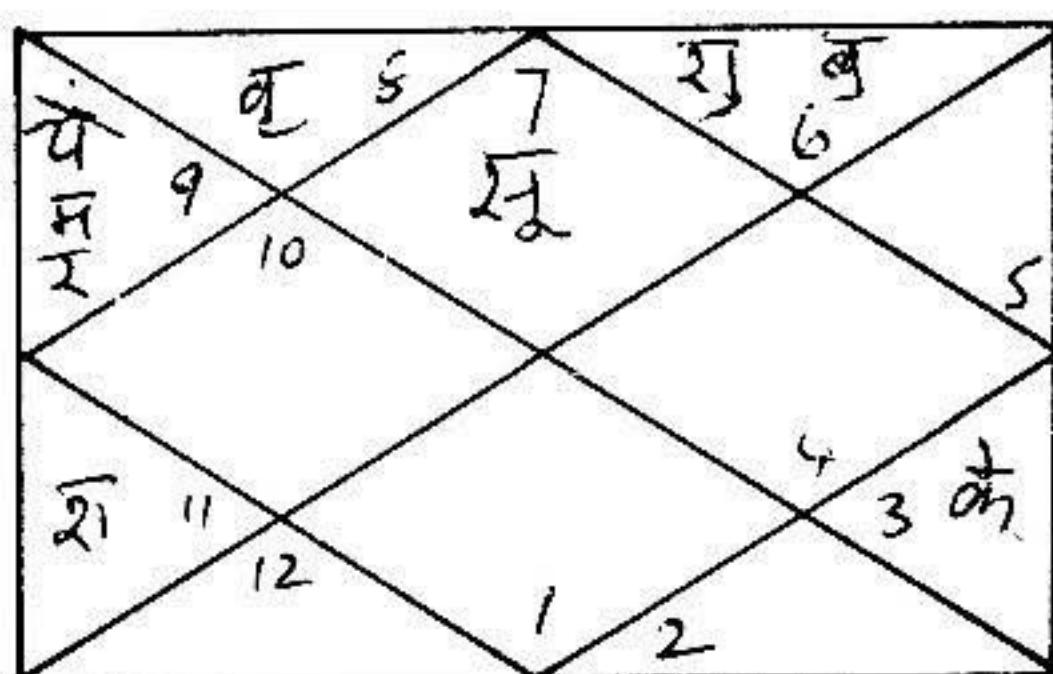

If in the "Udyat" decante in the 7th house the planet involved is a malefic one & aksheen Moon (i.e. one within 72 degrees from the Sun) is in the lagna, the child dies soon after birth. (20)

विलग्नादिपतिर्नीचे निधने वार्कसंयुते ।
कृच्छ्रेण जीवितं विद्यात्मृतप्रायो भविष्यति ॥२१॥

If the lord of the lagna is occupying its sign of debilitation, is situated in the 8th house with the Sun, the child survives with much difficulty & if lives it lives in a miserable condition physically. (21)

TRANSLATOR'S NOTE

How the weakness of the lagna and its lord leads to short life is illustrated by the horoscope of late Shri Surya Prakash, son of Shri B.V. Raman of the Astrological Magazine, Bangalore. Here the

lagna is occupied by a Neecha (debilitated) planet & the lord of the lagna, Venus, is also in its sign of debilitation associated with Mercury the dispositor of malefic Ketu. Moon too standing as one of the lagnas is weak in "Paksha" strength, being within 72 degrees from the Sun & its dispositor, Jupiter afflicted by the 10th aspect of Saturn. The weakness of the lagnas, apart from other defects, led primarily to death at the age of 28.

आपोक्रिलमे स्थिताः सर्वे ग्रहा बलविवर्जिताः ।
षष्मासं वा द्विमासं वा तस्यायुः समुदाहृतम् ॥२२॥

If all planets are located in Apokrim houses (3rd, 6th, 9th & 12th) devoid of strength, the child lives for 2 or 6 months only. (22)

केतोरुदयः पूर्वे पश्चादुल्कगिनपवननिर्धाताः ।
रौद्रे सति मौहूतें प्राणैः संत्यज्यते जंतुः ॥२३॥

If at the time of birth of a person there is rise of Ketu (see Upgrahas in shloka 49 & chapter 1) in the east & it falls in the west & there are sounds of fire & winds & there is Raudra (bad) Muhoorta, the person does not live. (23)

TRANSLATOR'S NOTE

Raudra Muhoorta is the last half portion of the 90 minutes preceding Sun rise, the earlier half being Brahm Muhoorta.

ग्रहणं परिवेषकाले जातः पापान्विते विलगनस्थे ।
लग्नेशो बलहीने जीवति पक्षत्रयं त्रिमांसं वा ॥२४॥

If one is born at the time of an eclipse of the Sun or the Moon or at the time of "Parivesh" (see upgrahas in shloka 49 chapter 1) associated with malefics & when there is a malefic in the lagna & the lord of the lagna too is weak the native lives for 3 fortnights or 3 months only. (24)

अशाध्यपतिर्जन्मपतिलैनपतिश्चास्तमुपगता यस्य ।
जन्मावसानमरणं तस्य भवेत्कृतिपयाहेन ॥२५॥

If the lord of the Navamsha in the lagna, the lord of the sign occupied by Moon and the lord of the lagna are all eclipsed by the Sun, the native gets his life terminated within some days. (25)

संधिचतुष्टयकाले जातो मृत्युं समादिशेतज्जः ।
पापयुते वा दृष्टे शीघ्रं सौम्यैरदृष्टयुते ॥२६॥

A person, born at a time when there are 4 types of sandhis or conjunctions & the conjunction points are associated with or aspected by malefics, without the association or aspect of benefics, dies soon after birth. (26)

TRANSLATOR'S NOTE

What is one man's food is another man's poison. The rules applicable to spirituality are antithesis of those applicable to material world. In the spiritual realm Samadhi or "Void" is the most desirable and coveted trait for the mind to be in, whereas in the material world "Voids" denote poverty and is a trait mostly to,

be shunned. In the world periods denoting turns of roads, seasons, puberty to youth, slavery to freedom are fraught with danger. Thus when the lagna and the Moon are located at turning or junctional points such as the end of one sign and the beginning of another, end of one Nakshatra and beginning of another, end of day and beginning of night, end of one tithi and beginning of another tithi, that period is dangerous to the life of the native.

If Rahu is located in a kendra, in association with or under the aspect of malefics & is not aspected by benefics, the native meets his death soon after birth. If a malefic planet is in kendra & Saturn is in lagna or a trinal house & the benefic planets are located in the 6th, 8th or the 12th house then also the child meets the same fate. (27)

जातैः क्षीणे शीतगो लग्नसंस्थे पापैर्दृष्टे नाशमाशु प्रयाति ।

A person born when lagna is occupied by a ksheen Moon (a Moon located within 72 degrees from the Sun) aspected by malefics loses his life soon after birth. Similar is the fate of a person born when Moon occupies the lagna with a sign other than Taurus, Cancer or Aries & associated with Rahu. (28)

If the 2nd and the 12th houses from the lagna are occupied by malefics or if there are malefic planets in the 6th and the 8th house the child dies immediately. Or there are malefic planets in the 8th house from the lagna and Moon is ksheen (see shloka 20) the child lives only for 8 years). (29)

If there are malefics in kendras from the Moon & there are no benefics in the kendras, the child dies within a year of birth. If the lord of the sign occupied by Moon is located in lagna with malefics & is aspected by Saturn, the child lives only for 8 years, provided Jupiter does not influence the lagna. (30)

A person born during the conjunction in lagna of two signs dies in the 6th, 12th or the 8th year if he has Moon in his 6th, 8th or 12th house, in a ksheen condition (i.e. within 72 degrees from the Sun) & associated with malefics dies soon after birth. If the Moon is aspected by benefics the child lives for 8 years. If both malefics and benefic aspect the Moon the child lives for 4 years. (31)

If a ksheen Moon (within 72 degrees from the Sun) is in the lagna & the 8th house & kendras are occupied by malefics & if Moon is in between malefics & located in the 8th, 4th or 7th house; in such a lagna, if malefics are in the 7th & 8th houses, the child dies along with its mother. if Moon is not aspected by strong benefics. If Moon is in lagna with Rahu & is associated also with malefic planets & if Mars is in the 8th house, the child dies soon along with its mothers. If Sun is in a similar position as the Moon is with Rahu & afflicted, the child dies soon by weapon or by fall from height. (35)

If a retrograde Saturn is located in the sign of Mars in the 8th, 6th house or in a kendra & is aspected by a strong Mars, the child lives only for 2 years. (38)

सौरे स्मरस्ये यदि वा विलग्ने जन्मस्थलाने शशिनि त्वलौ वा ।
सौम्येषु केन्द्रोपगतेषु सद्यो जातस्य मृत्युर्यवनोपदिष्टः ॥३९॥

If Saturn is in the 7th house or in lagna & Moon is in lagna or in Scorpio & benefic planets are in kendras, the child meets with immediate death according to Yavanacharya. (39)

नीचस्य देवपूज्ये तु भौमक्षेत्रगतेऽथ वा ।

CHAPTER—11

Cancellation of yogas for short life.

लग्नस्थितो देवगुरुविशेषात्खेटन्लिहन्याद्विबलांस्तथैव ।
एकोपि बालेन्दुधरप्रणामः समस्तपापं शमयेत्तथैव ॥१॥

Jupiter in the lagna is particularly qualified to destroy the evil result of weak planets, just as even one bowing before Lord Shiva destroys all sin. (1)

अत्यंतसत्वे यदि लग्ननाथे सौम्यान्विते तादृशदृष्टिमार्गे ।
केद्रस्थिते पापदृशा विहीने स भाग्यावान् जीवति दीर्घमायुः ॥२॥

If the lord of the lagna is very strong & is associated with and aspected by benefic planets by its location in kendra & is without any malefic aspect, the native is fortunate & lives a long life. (2)

शशांको रन्ध्रनाथस्तु सौम्यद्रेष्काणसंयुतः ।
जातं शिशुं प्रयत्नेन रक्षयेद्वात्रिवासरम् ॥३॥

If Moon is lord of the 8th house and is located in the decante of a benefic planet, it protects the long life of the native day & night. (3)

चन्द्रः संपूर्णगत्रस्तु सौम्यक्षेत्रांशगोपि वा ।
सर्वारिष्टनिहन्ता स्याद्विशेषाच्छुक्रवीक्षितः ॥४॥

If Moon is farthest away from the Sun, located in the sign or Navamsha of a benefic planet removes all dangers for short life particularly when it is also aspected by Venus. (4)

जीवभार्गवसौम्यानामेकः केद्रगतो बली ।
पापदूयोगहीनश्चेत्सद्योरिष्टस्य भंगकृत ॥५॥

If out of Jupiter, Venus and Mercury even one is strong and located in a kendra, without the association or aspect of any malefic planet, at once destroys all dangers to short life. (5)

चन्द्रोपि शत्रुराशिस्थो जीवशुक्रविदा तथा ।
द्रेष्काणं शमयत्येवारिष्टं पापं हरियथा ॥६॥

Moon even if located in an inimical sign but occupying the decante of Jupiter, Venus or Mercury, removes dangers to short life just as Lord Vishnu destroys sin. (6)

शुक्ले४पि पक्षे यदि रात्रिजन्म चन्द्रोपि षष्ठाष्टमराशियुक्तः ।
शुभेक्षितः सन्निह कृष्णपक्षे दृश्यः स पापैरवति प्रसूतम् ॥७॥

If birth has taken place in the night time in the bright fortnight of the Moon, and Moon is aspected by benefics then even if she is located in 6th or 8th house removes all dangers to short life. Similar is the case if birth is in dark fortnight but during day time & the Moon is aspected by malefics. (7)

निशाकरे शोभनखेचरांशे शुभेक्षिते पूरितदीप्तिजालः ।
जातस्य निःशेषमरिष्टमाशु यथा विषं हन्ति वैनतेयः ॥८॥

If Moon occupies the Navamsha of a benefic planet, is aspected by a benefic. & is farthest away from the Sun, destroys all dangers to short life like Garuda destroying poison. (8)

प्राकाशमानो गगनेन्द्रपूज्यः केन्द्रस्थितो रक्षति जातसूनुम् ।
सौम्यांशका जीवशशांकशुक्रसौम्या विनिघृनन्ति समस्तदोषम् ॥९॥

If Jupiter is located away from the Sun & is in the 10th house it destroys all dangers to short life. If Jupiter, Moon, Venus and Mercury are located in the Navamsha of benefic planets these also destroy all dangers to short life. (9)

जन्माधिपः केन्द्रगतः शुभश्चेज्जातं शिशुं रक्षति सौम्यदृष्टः ।
स्वांशस्थितैः शोभनखेचरेन्द्रैर्ष्टस्तदान्यो विनिहत्यरिष्टम् ॥१०॥

If the lord of the lagna is a natural benefic planet & is located in kendra, aspected by benefics it destroys all dangers to short life. If the lord of the lagna be a natural malefic planet but is aspected by benefics located in the Navamsha of their own signs it also destroys all danger to short life. (10)

लग्नात्तृतीयारिभवे च राहुः पापैर्विमुक्तः शुभदृश्यमानः ।
विनाशयत्याशु समस्तरिष्टं तुलं तथा वायुबलस्य वेगः ॥११॥

If Rahu is located in the 3rd or 6th house from the lagna and is free from malefic influence, but has the aspect on it of benefics, destroys all dangers to short life like the strong wind removing away by its strength the huge store of cotton. (11)

शीर्षोदयस्थाः सकला ग्रहेन्द्रा रिष्टं हरन्त्याशु शुभांशकस्थाः ।
पुणेन्दुरन्त्यैर्वियुतः शुभैस्तु दृष्टो हरत्याशु समस्तरिष्टम् ॥१२॥

If all planets are in sheershodaya signs (i.e. in signs 5, 6, 7, 8, 11 & 3) and occupy the Navamsha of benefic planets remove all danger to short life. Similarly if Moon farthest away from the Sun is under the aspect of benefics but is not under the influence of any malefic by association etc. removes all dangers to short life. (12)

सर्वग्रहेन्द्रैः परिपूर्णचन्द्रो दृष्टो हरत्याशु समस्तदोषान् ।
नयैः स्वकीयैः प्रहरेत् क्षितीशो यथा तथा जन्मनि दोषजालम् ॥१३॥

TRANSLATOR'S NOTE

When a planet is dispositor of malefic planets it acts as a malefic planet in its ruling or subperiod. The point would be clear from the following horoscope of the translator. Even though both Venus

and Moon are watery planets, the face of the translator caught fire from an inflammable material on 12-1-1925 when he was having the main ruling period of Venus and the sub ruling period of Moon.

The reason must be looked for in the fact that Moon is the disposer of 3 fiery planets viz Sun, Mars & Mercury & by aspecting Taurus (face) it threw the fire on the face & on Venus the main period lord who is always influenced by the sub period lord.

TRANSLATOR'S NOTE

Sorrow would result if Jupiter is afflicted. Jupiter is considered in Astrology as the best of benefics, which no doubt it is. But in actual experience it has sometime, though not always failed to act as the benefic planet. We would like to give an example. Here is the birth chart of a boy from the family of the translator of this work. The native died in his 7th or 8th year of life, inspite of its full 5th

aspect on lagna. Jupiter is not only in exaltation but is also in retrogression & therefore, should be considered as strong. Then Moon is full. There must be some reason for short life. We do not subscribe to the view that a planet in exaltation but in retrogression acts as a debilitation planet. Here Jupiter is no doubt weak but

not for being in retrogression while in exaltation. The reason lies in the fact that Jupiter is fully aspected by an extra malefic Saturn. Saturn aspecting Jupiter was not sufficient to turn Jupiter from a benefic to a malefic but when you consider the fact that Saturn is the dispositor of as many as 3 malefics viz Sun, Mars & Mercury you can at once see the malefic influence of 4 planets on Jupiter. Jupiter is also fully aspected by the 5th aspect of Rahu who in doing so throws on Jupiter the extremely malefic influence of Saturn. You can thus see Jupiter is under not less than 8 malefic influences. In the circumstances Jupiter is out & out a malefic planet harming the life prospects by aspecting the lagna! Strange but true for the reasons stated above Moon the dispositor of the malefic Jupiter is acting as a malefic planet & harming Mercury, the lord of the house of longevity. (8th)

During the main ruling period of the Sun located in the Ascendant and the sub periods of Mars, Saturn, Ketu and Rahu the native gets sorrow & loss of ruling powers, wealth and property. (1) This would be the result when the planets Mars etc are in "Agochar" position i.e. are ill placed from the Sun & weak. If however, they are in "Gochar" they give good results. (2) A planet in its own sign, in its sign of exaltation, in its friends sign, not eclipsed by the Sun, not situated in the 6th, 8th or 12th house is technically called in gochar. (3) If it is eclipsed in debilitation sign, and in sign other than its Mool Trikon sign or other than a friends sign & when located in 6th, 8th or 12th house is bad and is technically called "Yam gochar". During the main ruling period of the Sun located in the Ascendant and in the sub periods of Jupiter, Venus, Moon or Mercury, the native gets benefitted from agriculture, cows, sons, wife and lands. (5)

During the ruling period of the Sun located in the 2nd house and in the sub period of malefics there will be loss of wealth, use of curt speech, mental sorrow, eye disease, & great trouble. (6) During the main ruling period of the Sun located in the 2nd house and in the sub period of benefic planets there will be much comfort, acquisition of education, favour from government, and gain of clothes, conveyance. (7) During the main ruling period of the Sun located in the 3rd house and in the sub period of malefics who are "Gochar Sthan" i.e. well placed and strong the native gets much comfort; If the planets having sub period are not "Gochar Sthan" the results are bad i.e. sorrow etc. (8)

TRANSLATOR'S NOTE

There are a few points to be specially noted about the above opinion of the author. In the first place (vide shloka 7) it must be remembered that academic education & its extent and quality have to be determined from the 2nd house of the horoscope i.e. through the nature of influence falling on the second house & its lord and its signifier (Mercury). Such education is not to be seen from any other house such as the 4th and the 5th as some people do. Secondly, it would be seen that a uniform principle runs through the method of prediction taught by the author. The principle is that the planet, whether a natural malefic or a natural benefic, must be taken as influencing the planet having its main ruling period irrespective of the house occupied by them.

In that event, the sub period of Mars located anywhere will harm the right eye, if sun in the 2nd house is having its main ruling period. In case, where Mars is strong and aspecting also the Sun in the 2nd house, injury to the right eye is a certainty. The reason is that Mars in such a case will have double malefic influence on the factors representing the right eye viz the 2nd house and the planet Sun.

As regards the "Gochar sthan" position of the planets having their sub period, we are of the opinion that the benefit or harm to

the house occupied by the main dasa lord would be much when the planets having their sub periods are strong. for then their influence, good or bad, will be more effective.

To illustrate the aspect of Rahu here is a birth chart. The person left his wife in the main period of Ketu & the sub period of Rahu.

Rahu is influenced by Sun, both are "Separative" in nature. Hence Rahu in its sub period will throw the separative influence of Sun & of itself on Venus—the lord & signifier of the 7th house. Rahu also aspects the 7th house—the house of wife. Hence all the three factors representing wife i.e. the 7th house, its lord & signifier Venus being under separative influence, there was separation.

In horoscopes where the nakshatra (asterism) is of increased duration i.e. where it last for 24 hours on the previous day and extends to the next day as well, the native gets health, wealth etc. Similar good results should be declared where tithi (lunar date) etc also extends similarly. (1)

TRANSLATOR'S NOTE

In case the tithi etc is of kshaya type with two lunar dates end in a particular date & some part of the 3rd lunar date also starts in that day, the lunar date coming in the middle of the 3 lunar dates is termed as "Kshaya" tithi. It is taken as a malefic tithi.

The longevity etc is short accordingly. The tithi may be kept as a unit, the asterism is tenfold in results & the lagna lakh times more. The integrated results should be taken. (2)

केन्द्रस्थिता जन्मनि यस्य कस्य पापाश्च सर्वे त्रिफलप्रदाः स्युः ।

All malefic planets if located in kendras give bad results. They give poverty & many troubles like cough, asthma, spleen, trouble in rectum and belly. (3) If a malefic planet occupies the 10th house & is in the sign of debilitation & is associated with a retrograde planet & aspected by malefic planets, the native gets loss of his wife. Similarly the result of the occupation of kendras by malefic planet is that the native gets in troubles, is foolish, inimically dis-

posed towards people, one eyed, lame, poor, without name, short lived, ill-disposed towards Brahmins and gets defamed. (5)

शकराचार्यभते तु—लग्ने माने सप्तमे चाथ बधौ पापा :
खेटा जन्मकाले तु सर्वे ।
तिष्ठन्त्येते स्वल्पमायुष्माणं तेषामेको लग्न पो वा यदि स्यात् ॥६॥
तथापि तद्योगफलप्रमाणं तादृग्विधं स्यान्मुनयो वदन्ति ।

तथास्थिते जन्मनि यस्य कस्य बाल्ये च पित्रोर्मरणं च कष्टम् ।
भिक्षाशनेनाप्युदस्य पूर्तिस्तदा भवत्येव तदंगहानिः ॥८॥

Acharya Shankar by name is of the opinion that the bad results viz short life etc ascribed to the location of all malefics in kendras accrue, if the malefics include the malefic lord of the lagna as well. (6)

Similarly in cases where there is yoga for becoming a king, the location of planets in the Navamsha of their signs of debilitation gives short life & discomforts & the native gets trouble to his father or his death, lives on charity & has loss of a limb. (7-8)

स्वनीचभागादिमहीपयोगे जातेपि यस्यापि नरस्य कस्य ।
केन्द्रत्रिकोणेषु शुभो यदि स्यात्तद्राजयोगं सफलं वदति ॥९॥
स्वाधेक्षिते लग्नगते क्रमाशे जीवेन द्रष्टे धनराशिगेन ।
स्वनीचभागादिमहीपयोगे जातेपि भूमेरधिपत्यमेति ॥१०॥
एवं चिन्तामणौ प्रोत्कं वेकटेशेन धीमता ।
नीचभागादियोगार्थं राजयोगादिर्जं फलम् ॥११॥

Even though the location of planets in the Navamsha of their signs of debilitation in the case of people with Rajayoga, normally cancels such a yoga, yet if the kendras and trines are occupied by benefic planets the yoga continues. (9) Similarly, a person with Rajayoga having planets located in Navamsha of debilitation, but having the planet creating Rajayoga in lagna, located in its own Navamsha is aspected by Jupiter & the lord of the 2nd house, still gives rulership. (10) Thus the results of Rajayoga for planets in debilitation Navamsha. (11)

DECANTES
